State vs. Clarence W. Conenbacher, bastardy, trial before the Court, not guilty, Brown for State; Went for Conenbacher.

RED CROSS ROLL CALL.
The delay in receiving supplies made it impossible for the Carroll County Chapter to begin the work of enrolling members for 1922 on Armistice Day, the official date for the beginning of the Sixth Annual Roll Call of the American Red Cross.
The supplies came this week and were distributed to the branches of the chapter throughout the county.
The work of enrolling members will continue until Thanksgiving or longer if the territory cannot be covered in that time.
In Westminster and the district the enrollment will be in charge of Mrs. William H. Thomas and Mrs. Frank Z. Miller, who will district the town and assign a team of young ladies to canvass in the lobby of the post-office and in some of the stores tomorrow, Saturday, and perhaps on other days so that persons living out of town will have an opportunity to join.
This is an appeal that should meet with a generous and prompt response.
The American Red Cross is our great National Emergency organization and never in peace times have the appeals for help been so urgent and great as today.
It only requires a heart and a dollar to share in the great work the Red Cross is doing for suffering humanity. There are few so poor they cannot contribute one dollar to aid in relieving the misery and suffering of the world.
An alarm of fire was sent in this morning to B. F. Shriver's Co.'s office, stating that the roof of Mr. William Shriver's residence, Willis street, was on fire. The fire company responded and found the sun shining on the roof but no fire around that needed their attention.

MISS CAPLE GOES TO ALBION IN COLLEGE WORK.
The Public Opinion, of Chambersburg, Pa., of November 16, says: Miss Normal Caple, daughter of Mr. and Mrs. E. S. Caple, of Philadelphia avenue, will leave this evening for Albion, Michigan, to assist in the million dollar endowment drive for Albion College, a Methodist institution. Miss Caple is employed as assistant to the office manager and staff stenographer of the department of finance of the board of education of the Methodist Episcopal Church and has been working since February at Dickinson College, Carlisle, helping with the endowment drive which closes this week. She was graduated from the local high school in 1920.
Mr. and Mrs. Caple are natives of Carroll county and resided in this city before going to the above place.

BERRETT DISTRICT RED CROSS NOTICE.
The annual roll call for the American Red Cross is again here. The slogan is—"Every American everywhere, a member of the American Red Cross," which relieves and prevents suffering in peace, as well as war, at home and abroad. This appeal is for all. Do not wait to be asked, but nobly volunteer and show your sympathy for those who suffer, membership dues will be promptly received, and you may hand or mail to either of the following: Mrs. Byard Stevens, Miss Mattie B. Shoemaker and Mr. H. S. Owings, Woodbine, Md.

A BIG COON.
A 25 pound coon is some hefty animal, considering the little pesky fellows size. This coon was captured by Rockward Nussbaum, of Uniontown, on "Rattle Snake Hill," near Tyrone, one night last week. The capture was planned by our famous coon hunter, "Jimmy" Boylan, who knows more about the life and habits of a coon than possibly any other person in the county.

THANKSGIVING DAY AT WESTERN MARYLAND.
From all over the State, the alumni of Western Maryland College are coming to attend the great events of Thanksgiving day. Years ago this holiday used to be a home-coming day for the old students and the revival of the custom this year is greeted with enthusiasm.
The college is offering a three-fold attraction not only to the former students but to all the people of Westminster and Carroll county. In the afternoon the Washington College game will be played and the new grand stand will be dedicated. In the evening the College players, the new football club at Western Maryland will present an unusually interesting program in Alumni Hall.
Almost one hundred students will participate in the Egyptian opera and the French comedy. Alumni Hall is being equipped for the event, with a new system of lighting, new curtains have been installed, and entirely new methods of artistic staging will be demonstrated throughout the performance.
The "Egyptian Princess" is a brilliant little opera with attractive songs and an interesting oriental dance. The "Man Who Married a Dumb Wife" is a rollicking medieval comedy.

THREE IN JAIL.
Francis E. Collins, of Littlestown, and two men living near Mt. Pleasant, are in jail charged with assault and battery on Walter Welling, of Taneytown, Sunday afternoon.
On Sunday afternoon Police Justice Hutchins was out automobiling and as he passed through Taneytown he noticed three men in a fight, one with his face covered with blood. He stopped his machine and placed three under arrest. Sheriff Martin was called to Taneytown and brought the men to jail. They will be given a hearing tomorrow before Justice Hutchins.
One of the men was taken to Dr. Rupp's office where he had his hurts patched up.
Geo. W. Colson, who died at Rockland, Md., Sunday was a brother of Mrs. Rhoda Evans, Woodbine.

DISGRACEFUL ACTIONS.
On Friday evening an alarm of fire was sent in for a leak fire at Western Maryland College. On the arrival of the fire company they were notified not to throw any water on the fire as they were initiating a student, it is said. Chief Shaeffer ordered the firemen to put the fire out at once, as it was close to a building. As the nozzlemen were throwing water on the blaze some students started throwing stones, one striking fireman Harry Coates in the head causing the blood to flow freely from his injury. This angered the members of the fire company and the students were chased with the stream of water.
The disgraceful actions of those that threw stones has caused much comment among the citizens, who are saying unbecoming things about the unruly students. Of course it was not the fault of the college officials, but it has caused a friction between the fire company and W. M. C. students that will be of long standing. The feeling ran so high Saturday that the fire company officials cancelled their agreement for the use of the building to college students for a dance that evening. The students going so far as to employ an attorney to see that some adjustment could be made and that they could hold their dance, but nothing could be accomplished.
It is dangerous to make a lot of monkeys out of men who risk their lives in fighting fires to protect the public and property. The firemen pay dues each month to keep their organization running, but some people do not appreciate the sacrifice the men make when they start for a fire. They may be killed or injured.
Two of the students were handled a little rough but no serious harm was done to either.

The "Egyptian Princess" is a brilliant little opera with attractive songs and an interesting oriental dance. The "Man Who Married a Dumb Wife" is a rollicking medieval comedy.

THREE IN JAIL.
Francis E. Collins, of Littlestown, and two men living near Mt. Pleasant, are in jail charged with assault and battery on Walter Welling, of Taneytown, Sunday afternoon.
On Sunday afternoon Police Justice Hutchins was out automobiling and as he passed through Taneytown he noticed three men in a fight, one with his face covered with blood. He stopped his machine and placed three under arrest. Sheriff Martin was called to Taneytown and brought the men to jail. They will be given a hearing tomorrow before Justice Hutchins.
One of the men was taken to Dr. Rupp's office where he had his hurts patched up.
Geo. W. Colson, who died at Rockland, Md., Sunday was a brother of Mrs. Rhoda Evans, Woodbine.

DISGRACEFUL ACTIONS.
On Friday evening an alarm of fire was sent in for a leak fire at Western Maryland College. On the arrival of the fire company they were notified not to throw any water on the fire as they were initiating a student, it is said. Chief Shaeffer ordered the firemen to put the fire out at once, as it was close to a building. As the nozzlemen were throwing water on the blaze some students started throwing stones, one striking fireman Harry Coates in the head causing the blood to flow freely from his injury. This angered the members of the fire company and the students were chased with the stream of water.
The disgraceful actions of those that threw stones has caused much comment among the citizens, who are saying unbecoming things about the unruly students. Of course it was not the fault of the college officials, but it has caused a friction between the fire company and W. M. C. students that will be of long standing. The feeling ran so high Saturday that the fire company officials cancelled their agreement for the use of the building to college students for a dance that evening. The students going so far as to employ an attorney to see that some adjustment could be made and that they could hold their dance, but nothing could be accomplished.
It is dangerous to make a lot of monkeys out of men who risk their lives in fighting fires to protect the public and property. The firemen pay dues each month to keep their organization running, but some people do not appreciate the sacrifice the men make when they start for a fire. They may be killed or injured.
Two of the students were handled a little rough but no serious harm was done to either.

THANKSGIVING DAY AT WESTERN MARYLAND.
From all over the State, the alumni of Western Maryland College are coming to attend the great events of Thanksgiving day. Years ago this holiday used to be a home-coming day for the old students and the revival of the custom this year is greeted with enthusiasm.
The college is offering a three-fold attraction not only to the former students but to all the people of Westminster and Carroll county. In the afternoon the Washington College game will be played and the new grand stand will be dedicated. In the evening the College players, the new football club at Western Maryland will present an unusually interesting program in Alumni Hall.
Almost one hundred students will participate in the Egyptian opera and the French comedy. Alumni Hall is being equipped for the event, with a new system of lighting, new curtains have been installed, and entirely new methods of artistic staging will be demonstrated throughout the performance.
The "Egyptian Princess" is a brilliant little opera with attractive songs and an interesting oriental dance. The "Man Who Married a Dumb Wife" is a rollicking medieval comedy.
