THE EGG-MARKETING MOVEMENT

President James Whetsol, of the New Jersey Poultry Producers Association, was re-estimated last Friday in a conference with members of Marketing Unit No. 1, and spoke at a meeting at Firemen's hall in the evening. On Wednesday a meeting of the Committee on Permanent Organization, of which Mr. Frank M. Payne, of Frederick, is chairman, was held in Frederick and recommended that steps at once be taken to join forces with the New Jersey organization under the name of the Atlantic Coast Poultry Producers Association (Co-operative). Maryland will be a district to itself and have identical representation with New Jersey according to hen power. This amalgamation between Maryland and New Jersey will be the first definite step toward the creation of an interstate co-operative egg marketing organization and places Maryland in the enviable position of being a pioneer in the movement. The following statement has been issued by Manager Kemp of the local campaign: "By becoming part of the Atlantic Coast Poultry Producers Association (Co-operative) this movement is assumed immediate success. The work of organization will be simplified and the burdens of organization made less weighty. "Producers are urged to immediately affiliate and thus lessen the cost of organization. Frederick County is now organizing and from all over the state this office is receiving applications for membership. We are hampered by lack of funds to carry the movement forward with the speed necessary. If cost New Jersey more than \$15 a member to organize. We hope to do it for less than \$10. "Reports concerning high-salaried positions are being circulated. They would be amusing were not unjust to a number who are giving time, service and money to the cause without compensation. This is a business enterprise and the membership expects to pay for services rendered. To date there has been more service given without cost than for compensation. As to 'high-salaried positions', I am glad to announce that there are any number of them open. All that is necessary for the applicant to consent to give his time and expenses without question as to compensation. "This movement is putting into the pockets of the farmers of Carroll County thousands of dollars a week that otherwise would have gone into the pockets of egg speculators. Last week we returned to the members of the temporary pool for farm eggs 87 cents a dozen for their eggs—about 16 cents more than current prices at the farm. With a few more 'high-salaried positions' we might be able to do better than that."

SOCER CONTESTS

The fifth annual state-wide soccer championship struggle for county honors is rapidly drawing to a finish and games between the county winners are already being played. Officials of the Public Athletic League expect to play the state game before the Christmas holidays. The increase of 94 teams over 84 last year is evidence of the growth of soccer in the state high schools. Two county championships were decided Saturday at Havre de Grace. The Havre de Grace team defeated the St. John's team 2 to 1. Havre de Grace and with this county team tucked away the Havre de Grace boys won the championship of Harford county. In Carroll county, Westminster, captured the championship by defeating Union Bridge 4 to 0. New Windsor, Kent county Rock Hall seems to have the best of the argument.

County champions have been decided as follows: Carroll county championship won by Westminster high school. Dorchester county championship won by Harlock high school. Harford county championship won by Havre de Grace high school. Montgomery county championship won by Calhoun high school. Prince George county championship won by Upper Marlboro high school. Wisconsin county championship won by Salisbury high school.

CHARGED WITH LARCENY

Clarence Jackson, colored, about 30 years old, was arrested near Mt. Airy by Sheriff Jones and Deputy Smith, charged with larceny. He was lodged in jail for a hearing. Jackson who had been living at the home of his mother in Frederick, became "hard-up" a week or ten days ago and proceeded to help himself to things of value in the house. It is said that he took a music box and various articles and sold them to a man in the city. After this replenishing his pocketbook he left for parts unknown. Sheriff Jones was notified of the theft and kept watch for him. Wednesday, however, the Sheriff got a tip that Jackson had been seen in the vicinity of Mt. Airy. Accompanied by Deputy Smith he went to Mt. Airy and in a short time located and arrested Jackson. It is understood that he admitted taking and selling the music box.
