

Miss Annie Rowe Fatally Injured While Coasting on Steep Waynesboro Hill

Special to The Telegraph. Waynesboro, Pa., Jan. 8.—Miss Annie Rowe, daughter of Mr. and Mrs. Jere Rowe, Reservoir Hill, was injured yesterday while coasting down a hill and died at 5 o'clock this morning. The young woman was on her way from the Roulette Knitting Mills and as she neared her home, she saw several friends sledding. One of them loaned his sled to her and she started down the hill, but lost control and with lightning-like rapidity the sled plunged to the base, the hill into a large rock. She was thrown off and struck the edge of the rock with terrific force. Miss Rowe was sixteen years old yesterday.

When Welcome Mother's Friend

A Duty that Every Man Oves to Those who Perpetuate the Race.

It is just as important that men should know of progressive methods in advance of Motherhood. The suffering, pain and distress incident to child-bearing can be easily avoided by having at hand a bottle of Mother's Friend. This is a wonderful, penetrating, external application that relieves all tension upon the muscles and enables them to expand without the painful strain upon the ligaments. Thus there is avoided all those nervous spells, the tendency to nausea or morning sickness is counteracted, and a bright, sunny, happy disposition is preserved that reflects wonderfully upon the character and temperament of the little one soon to open its eyes in bewilderment at the joy of his arrival. You can obtain a bottle of Mother's Friend at any drug store at \$1.00, and it will be the best dollar's worth you ever obtained. It preserves the mother's health, enables her to make a quick and complete recovery, and thus with renewed strength she will eagerly devote herself to the care and attention which mean so much to the welfare of the child. Write to the Brandeis Registrar, 129 Brandeis Bldg., Atlanta, Ga., for their valuable and instructive book of guidance for expectant mothers. Get a bottle of Mother's Friend today.

River Wall Dispute Likely to Be Settled

The dispute between the Stucker Brothers' Construction Company, the river wall contractors, and the Board of Public Works, will likely be adjusted, it is believed by the decision of the contractors or their bondsmen, to remove early in the Spring the three steps on the wall over which the open breach occurred. The bondsmen, George Wolford and W. L. Gorgas, conferred with the contractors last evening and it is understood that a further conference will likely be held between bondsmen and the city officials.

LECTURE SERIES ON AT ST. ANDREW'S

Midwinter Social Service Work to Start Tomorrow Evening in Parish House

Seminthly illustrated lectures on various topics will be inaugurated to-morrow evening at St. Andrew's Protestant Episcopal Church, parish house, Nineteenth and Market streets, by the Rev. James F. Bullitt. The lantern slide lectures will take the place of an address or sermon at evening prayer, which will be held at 7.30. The service will last only twenty minutes or so and after it is ended the lecture will be given. The subject for to-morrow evening is "Charles Dickens" and it will be illustrated with a number of slides from the State museum.

Last year the midwinter social service work at St. Andrew's included a course of six weekly talks on timely topics. These were held in the afternoon and virtually no men nor any of the younger people who are employed could attend. It was decided to substitute the course of evening lectures this year. To-morrow's lecture and all that follow will be entirely free. The sermon will continue indefinitely. E. F. Weaver will be the speaker at the next "Pleasant Sunday Afternoon" of the Allison Hill Men's Christian Association. Mr. Weaver has been active in the work of the association since its inception. He is chairman of the devotional committee and is well-known in church and Sunday school work throughout the city and county. The singing next Sunday will be led by Professor T. H. Davies, the regular song leader of the association, and will be featured by a solo by him. The association orchestra, led by G. Webber Knight, Jr., will accompany the singing. A no-license campaign in Dauphin county will be started at the meeting of the Dauphin county W. C. T. U. meeting on Friday. The meeting will be held at the home of Mrs. Walter Finkel, Jonestown Road. The day of prayer in Grace Church on January 15 will be discussed, and plans made for the License Annual. The Rev. L. D. Wolf, of the Baltimore Synod of the Lutheran Churches addressed the men's meeting in Zion Lutheran Church last night. Lutheran ministers of the city and members of Lutheran Brotherhoods attended the meeting in large numbers. On Reform Movement.—Beginning Sunday, January 18, Dr. Henry N. Pringle of the International Reform Bureau, will begin a week's meetings on Christian Citizenship in Curtin Heights Methodist Episcopal Church. He will lecture upon the following subjects, "Christian Citizenship," "Commercialization of Vice," "The Administration of Law," "Municipal Problems," "The City and the Child," "Twentieth Century Social Achievements," "Temperance Progress in the United States," "The War vs. Alcohol," "Industries," "The Recreation Problem," and "How to Have a Clean City." These lectures will be held in the church in the afternoon and evening. Dr. Pringle has a national reputation and is in touch with moral and social problems throughout the United States. An opportunity will be afforded all interested in civic progress to hear of the great general movement to cleanse cities. Groups of workers may have seats reserved for them by corresponding with the Rev. A. S. Williams of Curtin Heights Church. No admittance will be charged for any lecture. Most of the lectures will be with stereopticon. Illustrated Lecture.—H. T. Yokoyama a native of Japan, and student in Johns Hopkins University, will give an illustrated lecture in Japan in Curtin Heights Methodist Episcopal Church to-morrow evening. Mr. Yokoyama will show 100 pictures and talk interestingly of the scenes and conditions of which he is familiar. Organize Brotherhood.—For the purpose of organizing a men's brotherhood in the Lutheran Church of the Redeemer, a men's meeting will be held this evening at that church. The Rev. J. D. Wolf, of Baltimore, secretary of the Board of Foreign Missions, General Synod, Lutheran Church, will be the principal speaker of the evening.

PHOTOGRAPHERS MEET

Photographers from this and surrounding counties met with the Harrisburg section of the State Photographers' Association yesterday to meet Sammel Gray. The association discussed local and national news. Others took part in the discussion and demonstrations of the afternoon. Dinner was served at the Commodore Hotel. The demonstrations were given in the Kellberg's studio.

HILL HOUSE ENTERED

The Calder Bruner home at 755 South Twenty-first street was entered during last night and an overcoat and hat belonging to William Hawkins, a boarder, was stolen. Noises were heard by neighbors and the police were called to the first floor and investigated, finding a rear window open, and other clothing, which had been on a rack in the hall, on the floor.

A Message to Thin, Weak, Scrawny Folks

An Easy Way to Gain 10 to 30 lbs. of Solid, Healthy, Permanent Flesh. Thin, nervous undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good, nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste. What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal—take them from the food. The best way to overcome this sinful waste of flesh-building elements and to stop the leakage of fats is to use Sargol, the recently discovered regenerative force that is recommended so highly by physicians here and abroad. Take a little Sargol tablet with every meal and notice how quickly your cheeks fill out and rolls of firm, healthy flesh are deposited over your body, covering each bony angle and projecting point. Geo. A. Gorgas and other good druggists have Sargol, or can get it from their wholesaler, and will refund your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in each package. It is inexpensive, easy to take and highly efficient. Cause.—While Sargol has produced remarkable results in overcoming nervous dyspepsia and general stomach troubles, it should not be taken unless you are willing to gain ten pounds or more, for it is a wonderful flesh-builder. Post Office Moving Day on Saturday

Moving day at the Post Office is set for Saturday. At 4 o'clock Saturday afternoon, the clerks in the money order and registry departments will begin to move equipment from the old building to the temporary post office at Third and Locust streets. The other departments will follow. At midnight on Sunday the Post Office will be opened for business in the temporary structure. Work on the remodeling of the old structure will begin at once. Monday morning the contractor will have a force of men there clearing out the first floor. Several of the offices on the second floor will not be moved. Among these are the weather bureau, United States marshal and federal court rooms.

FIREMEN TO RAISE FUNDS BY SUBSCRIPTION METHOD

Members of the finance committee of the Firemen's Union at a meeting held last night, decided to start the subscription raising campaign for the State Firemen's Convention to be held here in October, on Saturday. The campaign will last until May. A thousand invitations will be sent out to the fire companies of the State. One of the methods by which money will be raised is a show to be held in one of the local theaters. ANTI-TRUST LEGISLATION PROGRAM SOON COMPLETE. By Associated Press. Washington, Jan. 8.—The administration anti-trust legislation program was completed to-day so far as the preliminary work by the House committee on Judiciary is concerned. Bills have been prepared covering every phase of the trust question and are ready for submission to the full committee soon after Congress reassembles Monday. The Judiciary committee members will confer next week with President Wilson and the anti-trust legislation details will be made clear.

"PUBLICITY CONCERNING THOSE INSURGENT OSTRICHES" A CHANCE FOR AMERICAN OSTRICHES

EXCERPTS FROM "THE COUNTRY GENTLEMEN," Jan. 3, 1914.—Curtis Publishing Co. "What is the ostrich industry of the United States worth to-day?" was the question recently asked an expert in the Department of Agriculture. "It's worth very little at present," he replied. "A few hundred thousand dollars will cover the value of the entire American industry, but there is every opportunity for its being raised to a very high plane of efficiency and value." South Africa furnishes the United States with the bulk of her ostrich plumes, the annual importation from that country being valued at \$5,000,000 for the raw product. By the time these feathers have been put into shape by American manufacturers and placed on the market, their value has jumped to \$60,000,000. "Pretty good profit, isn't it?" asked the department man. "Take this bunch of feathers for example." He took down a handful of plumes. "Take this feather. A well-posted plume man wouldn't value it very highly—nor this one, nor this." "Put the three together and after the girl has sewed and curled them, you can't make their cost, including production and preparation for the market, run more than a dollar. But if you can buy these three plumes on the open market for less than \$15.00 I'll eat them." "Profit in Ostrich plumes? Well, I think yes!" "The demand for ostrich feathers in this country is constantly increasing and imports are keeping pace with the increased demand." Look for more facts to-morrow. (Signed) W. H. HILE, President. AFRICAN OSTRICH FARM & FEATHER CO. OFFICE—302 Calder Building, Harrisburg, Penna.

24 KILLED AT CROSSINGS

New York, Jan. 8.—The report of the National Highway Protective Society shows that during 1913 in New York State 124 persons were killed and 140 injured at grade crossings. This compares with a total of 107 in 1912. The increase is laid to the increase in fatal collisions with motor vehicles at crossings. The first warrants to be signed by H. W. Gough, as County Controller, were passed upon to-day—they were drawn in favor of three women. These women, Katherine Dickey, Amanda Curry and Jane Gates, are charwomen who had cleaned the County Commissioners' room yesterday. The warrants totaled less than \$5.
