STEELTON MIDDLETOWN CHIEFSPIRE ROMANCE STARTS AT DANCE

JOSEPH WLACH

"SITTING OUT" AT DANCE WINS SPOUSE

Girl Too Bashful to Hop So Club President Asked Her For "Home Waltz"

A pretty romance that had its inception at a dance given by the Deutscher Quartet Club several months ago will be culminated February 16, when Joseph Wlach, for four terms president of the Deutscher Quartet Club, and Miss Mary Wawruschek, a pretty little Austrian girl, will be married by the Rev. Father William Huygen, rector of St. John's Roman Catholic Church, South Second street.

Just seven months ago Miss Wawruschek left her aged father, brothers and sisters in Vienna, Austria, to come to America to help earn the money that would support her aged father in his declining years. Her mother is dead.

Miss Wawruschek came to Steelton where friends of her mother reside. Several months ago, before she had yet secured a position, she accepted the invitation to attend a dance given by Deutscher Quartet Club. It was here she met young Wlach.

Wlach is a tailor in the employ of the Globe Clothing House, Harrisburg, and besides being president of the Deutscher Quartet Club, one of the borough's leading musical organizations, he is a singer, note and very popular among the German people in the borough.

ORPHANAGE PROSPEROUS.—M. R. Alleman, 145 North Front street, a member of the Steelton lodge 184, Independent Order of Odd Fellows, No. 1129, at Harrisburg, both trustees of the Odd Fellows' Orphanage, near Sunbury, attended a meeting of the board of directors and trustees of the orphanage at Sunbury yesterday.

ICE HARVEST BEGINS.—Work was started to-day on cutting and storing the borough's ice supply. The ice on the brickyard pond has reached a thickness of five and a half inches and is clearly stored by H. A. Hartman, and is used only for storage and ice cream manufacturing purposes.

POOL SHARKS IN MATCH.—To determine a question as to which has the greater skill in pool, a 350-point game of pool will be played by George Sweltzer and Harry Stille, to-morrow afternoon in a Highspire poolroom.

"A Secret That Has Taken 10 Years From My Face"

Valeska Suratt, the Jewel of the American Stage, Gives Secrets of How Starting Wrinkles Can Be Secured in Acquiring Beauty.

By Miss Valeska Suratt.

WHEN a person can actually see in herself a marked change to youthfulness, after a few weeks' treatment for wrinkles, she certainly must be powerful indeed. How much more evident then is this difference to other people. This is the refreshing experience enjoyed when I first made up my mind to cast off the ordinary way of forever preparing the appearance of age, deep wrinkles and the sagging of flesh that years bring, are removed in a very astonishing way. The flesh is made to look youthful, it becomes plump, girlish, and the imprint of years disappears.

What the result has been, those who were my friends and acquaintances will quickly realize. Lines of age, the myriad of small wrinkles that can hardly be seen, which produce the appearance of age, deep wrinkles and the sagging of flesh that years bring, are removed in a very astonishing way. The flesh is made to look youthful, it becomes plump, girlish, and the imprint of years disappears.

It would seem as though a Magic Wand Had Been Used to Make the Wrinkles Disappear. In half a pint of hot water dissolve two ounces of epsom which you can obtain at drug stores for not more than fifty cents. Stir until it starts to cream, add two tablespoonfuls of glycerine and stir until they are thoroughly mixed. Use liberally and a surprise will surely be in store for you.

AMELIA T.—I would throw that switch in the waste basket. You say your hair is falling thin and scraggly. Use the following formula and in a short time you will actually be able to make almost as much new hair grow as is now contained in the switch. Of this I feel absolutely sure. It is the most remarkable hair-grower I have ever known. Mix half a pint of alcohol and half a pint of water (or use one pint of heavy rum alone if you prefer) and in this put one ounce of betaquinol, which will cost not more than half a dollar. Shake thoroughly and apply. Use liberally. See it often.

MRS. HUMMEL ENTERTAINS.—The members of Dr. J. R. Plank's class of St. Mark's Lutheran Sunday School were entertained Monday evening at the home of Mrs. W. S. Hummel, South Third street, by the guests were Dr. J. R. Plank, Mrs. J. R. Plank, Mrs. George Roberts, Mr. and Mrs. W. S. Hummel, Mr. and Mrs. William J. Urban, Mrs. Anna Westhafer, Mrs. Frederick Heberling, Miss Marguerite Hummel, Miss Hazel Westhafer, Miss Blanche Westhafer, Miss Roberta Smith, John and Alfred Urban and the Rev. Mr. and Mrs. W. B. Smith.

SKI RUNNING POPULAR.—The nipping weather of the last few days has given Steelton residents reminders of the "Frozen North" in more ways than one. Out on long snow-crusts slopes of fields back of town a few hardy enthusiasts have been giving exhibitions of ski running, a rare winter sport. During the winter some of the borough's youths and men have taken up the sport on the big hill back of the cemetery and for the past two evenings a crowd of them enjoyed their downhill forces to go home on account of the cold.

AUDITING ACCOUNTS.—Borough Auditors D. J. B-choled, O. C. Nace and Eugene Seal have started on the annual audit of the borough accounts.

ICE HARVEST BEGINS.—Work was started to-day on cutting and storing the borough's ice supply. The ice on the brickyard pond has reached a thickness of five and a half inches and is clearly stored by H. A. Hartman, and is used only for storage and ice cream manufacturing purposes.

SPOTTY—I certainly would not use the skin-beaches you mention. Most face-creams, however, merely soften the skin and do their work very slowly. This is because they nearly all contain the same base. Any woman who has used the formula given below, realizes its almost magical result in removing all spots, muddiness, roughness and sallowness. The skin loses all impurities and takes on an exquisite pinkish color, absolutely spotless. You could not get anything better in this world.

With a half-pint of hot water mix two tablespoonfuls of glycerine, and while stirring pour in one ounce of zinc oxide and one-half ounce of salicylic acid. This mixture will cost a dollar at drug stores.

SALOME—Bust development may surely be restored in a splendid manner and very promptly by taking two teaspoonfuls three or four times a day, of a mixture of half a cup of sugar, two ounces of nutmeg and half a pint of cold water, all thoroughly dissolved. It is a safe mixture and does not equal it. The mixture will cost a dollar at drug stores.

IDA O. B.—Ordinary shampoos, as a rule, have not the necessary cleansing properties to make good head washes. Mere soap and water usually leave a greasy film on the scalp no matter how frequent the shampooing. If you will dissolve one teaspoonful of egol in half a cup of hot water you will have the finest bathing soap in the world. It acts as a dandruff remover and hair lather you have ever used. Egol will cost no more than two cents a tin at the drug store and this will last you for at least twelve shampoos.

AUGUSTA—In regard to the use of the superfluous hair remover, I would say positively no. Dissolving the hair is the only safe method. If you will dissolve one teaspoonful of epsom in one ounce of water, this satisfactorily is to rub simple sulfo solution on the hair to be removed. It will leave a spot, never irritates, leaves the skin soft and works almost like magic. Simple sulfo solution will cost a dollar at drug stores.

MISS QUICKLY—You can keep pinching out blackheads and taking blood tonics as long as you live but you will never get rid of them that way. There is only one thing to do. You will be able to get rid of them by using a few minutes by simply sprinkling some peroxin on a hot-wet sponge and rubbing it on the blackheads. Peroxin will cost you fifty cents at the drug store. The result is very remarkable.

MARGARET T. L.—Creams are useless in trying to get rid of pimples. Dissolve twelve ounces of granulated sugar and one ounce of salicylic acid in a pint of water. Or take three or four teaspoonfuls three times a day. Get the salicylic acid from the drug store by the ounce in the original package. The effect of this mixture is truly wonderful.—Advertisement.

MIDDLETOWN

OFFICERS ELECTED AND DIRECTORS CHOSEN.—At a meeting of the stockholders of the Citizens' National Bank held yesterday the following board of directors was elected: J. H. Douthett, A. L. El-Landis, D. W. Gingrich, Eugene Laverty, H. E. Bath and Levi Peck.

WILL PLAY AT YORK.—The Middletown high school basketball team will go to York, Friday, where it will play the York Academy team. Both teams are strong and have been putting up a good game all season. Some of the local team's players, who have been on the injured list, will be back in the game.

Rhodes, of Harrisburg.

Animals of Long Ago Have Bones Thrown on Screen by Geologist.—Many pictures of animals of early geologic times, from the tiny trilobite, to the 100-foot long dinosaur, were shown last evening by Professor James A. Smyser, before the geology section of the Natural History Society, last evening, to illustrate his talk on the "Animal Life of the Earth as Recorded in Its Strata."

Have You Had the Grip?—There are certain disorders, such as the grip, that especially debilitate and make the body an easy prey for more dangerous diseases. Ask those who have had the grip regarding the present condition of their health and most of them will answer: "Since I had the grip I have never been well." They still have profuse perspiration, the weakness of the limbs, the indigestion, the disordered digestion, shortness of breath and palpitation of the heart caused by the thin-blooded condition in which the grip almost always leaves its victim after the fever and influenza have subsided. They are furthermore, at the mercy of relapses and of complications, often very serious. In an attack of the grip there is a rapid thinning of the blood and not until the blood is built up again is complete health restored.

Baldwin Declares It Is Up to Parents

State Fire Marshal Joseph L. Baldwin to-day issued a statement showing that of 300 fires reported to his department 127 were due to children, most of the cases being where the parents allowed children to get hold of matches.

Parents are to blame for this condition. They do not think and leave a fine child in the worst of circumstances, and see that matches are not in reach of children.

Mr. Baldwin says that parents are also to blame for fires due to defective flues, because they do not clean out all flues. He gives the advice that common salt will put out a fire in a flue quicker than anything else.

"A tidy household is the worst enemy of fire waste. Many fires have been prevented by good housekeepers keeping cupboards and closets clean and free from rubbish," concludes the Fire Marshal.

For Grey Hair

I Will Tell You Free How to Restore to Your Hair the Natural Color of Youth. No Dyes or Other Harmful Method. Results in Four Days.

Let me send you free full information about a harmless liquid that will restore the natural color of your hair. No matter what your age nor the cause of your grey hair, it is not dye nor stain. Its effects last after 4 days use.

I am a woman with naturally grey hair and old looking at 27. My friend told me of a scientific method for restoring my hair to its natural color. I followed his advice and in a short time my hair was as young as that of my girlhood days. This method is entirely different from anything else I have ever seen or heard of. It is not sticky or greasy, it is not detected; it will restore the original natural shade to any grey, bleached or faded hair. No matter how long you have failed, it succeeds equally with both sexes, and all ages.

Write me how I can give your name an address plainly, stating whether lady or gentleman (Mr., Mrs. or Miss) and enclose 2 cent stamp for return postage and I will send you full particulars that will enable you to restore the original color to your hair, making it soft, fluffy and natural. Write to-day. Address Mrs. Mary K. Chapman, 3211 North Washington St., Providence, R. I.—Advertisement.
