REYNARD GETS AWAY FROM NEWPORT CLUB

After Hard Ride Members Enjoy Fine Turkey Dinner at Town Hotel

Newport, Pa., Jan. 15.—Tuesday last was a great day in the life of the Juniata Valley Hunt Club. For the afternoon a hunt had been arranged and in order that riders and hounds might be given an especially fine chase, a fox had been imported from Kentucky. The fox was dropped on the main highway, midway between this place and New Bloomfield. Because of the cold weather, however, and the icy condition of the ground, very hard on both man and beast, pursuers could not overtake the pursued, and at last accounts Reynard is still running.

In the evening the members of the club held a banquet, tendered primarily to the landowners of this vicinity. About seventy-five men sat down to an elaborate turkey dinner, served in the diningroom of Hotel Mingle. The Newport Orchestra discoursed during the meal, which was followed by toasts, the ruler of the feast being J. Emery Fleisher. A most kindly feeling exists between the members of the club and the farmers of the neighborhood, over whose fields the club is accustomed to hunt. The officers of the club for the year are Edward E. Marshall, president; William S. Borzner, secretary; Dr. J. Harry McCulloch, treasurer, with a membership of forty.

MANUAL TRAINING AT ODD FELLOWS' HOME

Orphans' Association Will Introduce Trades For Boys and Domestic Science For Girls

J. WILLIAM STROTH, President Odd Fellows' Home

Sunbury, Pa., Jan. 15.—Thirty directors of the Odd Fellows' Central Pennsylvania Orphanage, representing 45,000 members, gathered in half-yearly meeting at the home, near here Tuesday afternoon.

He said that there are 137 children in the institute, sixty-seven of whom are boys. The school was reported to be in the

THE SECRET OF SUCCESS

Genuine Merit Required to Win the People's Confidence

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the advertiser did not put the remedy in the hands of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an honest chain, the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says, "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy that I know of has so large a sale." According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact that it fulfills almost every wish in overcoming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism. You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Harrisburg Telegraph.—Advertisement.

best of shape, and with the exception of two cases of typhoid fever the general health is good. The cost of maintenance during the last six months was a trifle more than \$7,000.

NEIGHBORS ASSIST MOTHER AND BABES

Lemoyne Woman in Need of Help Since Her Husband Abandoned Her a Month Ago

With only the food which neighbors in the vicinity have sent to them and a half ton of coal which a benevolent person delivered yesterday, Mrs. Roy C. Peters and her two children, of Lemoyne, Pa., aged two years, and a girl four years older, are anxiously awaiting the return of the husband and father who abandoned them on December 16. Until the coal was delivered the house was like an oven, there being no fire to give them warmth. Mrs. Peters is in very delicate health just at present and on the verge of a spell of sickness. She is too weak to be moved to the home of her parents back of Mt. Holly, her parents offering to take her home.

On December 16 Peters, who was a member in the employ of the Harrisburg Light and Power Company, sent a note to his wife, saying he was going away. Immediately the woman made an effort to locate him, but she failed. Two weeks ago she received a card from him, mailed in Massachusetts, on which he stated he was "going on, good-by." Since then she has received no word from him except through friends, who say that he is in Portland, Maine. Mrs. Peters made out an information before a justice of the peace in Lemoyne to compel him to return to his family. She does not want him prosecuted, but simply asks that he come home and provide for his family.

At present Mrs. Peters' mother is with her, nursing her and looking after the household duties. The woman's parents and her four brothers are doing all they can to help her, but are not meeting with much success. The father and one brother are out of work at present. Another brother has some spinal trouble and can work only part time. Two other brothers with families of their own are working part time because of the lack of work in their places of employment.

The Peters home is cleanly and nicely furnished, giving evidence of the well-doing of the father and husband at some time. Mrs. Peters says that in two or three other occasions she has gone away without telling her, but he only stayed a few days.

Residents of Lemoyne and members of the various church societies of the town are to-day volunteering their services to help Mrs. Peters and her children until the dark clouds pass.

Efforts Made to Get Hall For Basketball

Professor William Bowman, of the Lemoyne High School, who is an ardent basketball fan, is endeavoring to secure a hall for the use of the High School team for the present season. The team, which last year made an excellent record, has not played this season because of the inability to procure adequate quarters. Last year the games were played in a room in the school building but the place was so small that it was "nick-named" the "cigar box" by visiting teams. There is a large storage building along the Cumberland Valley Railroad a short distance above the Lemoyne bridge and it is this place that Professor Bowman is striving to secure. If a lease is gotten on the building the basketball team will make an effort to raise money by public subscription to put the floor in condition and build seats.
