100,000 Pieces of Wood in 24 Pieces of Furniture

One hundred thousand pieces of wood have gone into the making of twenty-four little articles of furniture built by George N. Shetter, of 1504 State street, during the past three years. Mr. Shetter is a skilled cabinetmaker and used his odd hours in making the tiny pieces.

In the lot are small tables, chairs, picture frames, checkerboards and small boxes. He used thirty-five different kinds of wood and 100,000 pieces in the work. He is most proud of a tiny table which is 2 feet 7 inches high and 2 1/2 feet square. In this table are 16,321 pieces of wood. Many of the pieces of furniture are made from rare western wood.

ONE MORE LEAGUE IS LATEST REPORT

Baltimore, Md., Jan. 15.—It was learned through an authoritative source this afternoon that a third major league of organized baseball will be created by the "powers that be" before the 1914 season opens.

Even now, it is learned, the machinery is in motion and a full announcement of this latest plan to combat the invasion of the Federal League will be made after a special meeting to be called in New York in the very near future.

The plan as outlined is to transfer the Jersey City franchise to Baltimore and retaining the other seven clubs in the International League, turn that organization into a big league in every sense by removing the draft.

Tri-State Meeting at Reading Is Urged as a Booster Feature

Backers in Jake Weitzel's Town Anxious to Have a Baseball Gathering

Tri-State League magnates may hold a two-day session next week, the second day meeting to be held in Reading. A strenuous effort is being made to land two more towns for the circuit, and it has been suggested that Reading would be a good place for a conference with prospective backers from Eastern and other cities.

The proposition comes from Reading backers who expect to get into the game with John H. Myers, of the Atlantic City team, and would like to see interest stirred up in that city also. It is argued that after the owners have completed their task and secured the resignation of President Charles F. Carpenter, the Tri-State League might adjourn to meet at Reading on the following day.

Harrisburg magnates have received no request for a two-day session, but believe that after the important business at Philadelphia is completed a meeting at Reading would prove beneficial.

BASEBALL OUTLOOK CONTINUES BRIGHT

Governor John K. Tener Hands Out Another Timely Interview

Special to The Telegraph

Philadelphia, Jan. 16.—Governor John K. Tener came to town yesterday and found occasion to say a few more nice things about the baseball outlook.

The Governor appeared entirely pleased with prospects and predicted a complete victory for organized baseball in the war being waged by the Federal League against the major leagues. The change in the aspect of affairs during the past few days has caused the magnates of the two big leagues considerable satisfaction.

Governor Tener issued a statement following his meeting with the Phillies' president which shows how he feels over the situation at this time. He says in his statement:

"There is nothing in the present situation to cause the least apprehension to organized baseball. The affairs of the National League are working as smoothly as could be desired under any circumstances. All the club presidents are signing their players as fast as their contracts are received and returned. By reason of some changes in the form of contract, made necessary by the concessions granted the Phillies' Fraternity at the annual meeting of the national commission in Cincinnati, the players did not receive their contracts as early as usual. From the daily reports of which I am in receipt the players are pleased and the new changes and in most cases have signed and returned their contracts promptly.

"From present indications, except where trades have been made or may be consummated before the season opens, every club in the National League will take the field with virtually the same personnel as last year."

Two Good Contests, Harrisburg vs. York, Royals Meet Hassett

A basketball doubleheader of unusual interest is promised for to-morrow night when Harrisburg will line up against the York all-college team, and Hassett five will meet the John K. Royal team. The latter game will feature in the series for city championship honors.

Between Harrisburg and York honors are even and the game to-morrow night promises plenty of excitement and star work. Due to the fact that games may be more evenly divided as to victories increased interest has been manifested by local fans and will be a brilliant game if they hope to win. After hot games ahead there will be the usual dance program.

OUTFIELDER MARSONS WILL PLAY WITH REDS

By Associated Press

Bancroft also said that he believed that he could get Romanach, the sensational Cuban outfielder, to play with the Reds this year.

ADVISES FEDERAL CONTROL OF ALL MINES IN COUNTRY

Washington, D. C., Jan. 16.—Government ownership of the great coal mines of the country as a remedy for strike disturbances was recommended by Senator Martin, of New Jersey. The recommendation was part of a report submitted to Chairman Swanson, of the Senate committee that investigated the West Virginia coal strike troubles.

In Zero Weather

The quality of Kelley's coal is appreciated when old-fashioned winter weather comes.

We had it with a vengeance, and Kelley's coal kept many homes comfortable when the thermometer was close to zero.

Kelley's coal is the best mined in Pennsylvania, and the care taken of it from the time it leaves the mine till it is placed in your bins keeps it in best condition for burning.

For your furnace try Kelley's egg, \$6.45; or stove, \$6.70.
