## YOUNG GIRL BITTEN ON CHEEK BY BIG RAT

### Attacked by Rodent While in Bed and Has Fierce Fight

*Special to The Telegraph*  
Columbia, Pa., Jan. 21.—Awakened by the screams of his 19-year-old daughter Anna, about 3:30 o'clock on Monday morning, Henry Smith, who resides on the Millin farm, at the outskirts of town, was horrified upon entering her bedroom to find that her face had been badly chewed by a rat which made its escape as he approached the room, being frightened away by the noise.

The rat had attacked the girl while she was asleep and as it gnawed at her cheek she tried to fight it away, but the rodent renewed the attack, and, flying at her face, inflicted ugly lacerations on her right cheek. It was necessary to send for a physician to dress the wounds, from which blood was flowing freely when the father arrived on the scene. The family is at a loss to know how the rat got into the bedroom. The rodent was a very big one, and according to the girl's story, fought savagely when she attempted to drive it away.

*Special to The Telegraph*  
Waynesboro, Pa., Jan. 21.—George Bonner, Hagerstown, Gap, saved a tired deer from the attacks of dogs. A big ten-prong buck that had been browsing in a field near Toustown, was chased by dogs over into the gap. The chase was a hard one and the deer, when discovered by Mr. Bonner, was so exhausted that it lay down. Mr. Bonner drove the dogs away and, after the deer had recovered from its tiring run, it was turned toward the mountains. Dogs are running many deer in the mountains.

## ATTENTION MOTHERS

If You Have or Know of a Delicate Child Read This Letter.

"My little daughter Louise, age 9 years, has always been delicate, anemic, had no appetite and seemed listless, and we could not seem to find anything that would help her, until we were advised to give her Vinol. She started taking it six weeks ago and inside of two weeks she showed a marked improvement both in appetite, vim and looks. Being so well pleased with the results, I continued giving it to her, and words fail to express my gratitude and faith in Vinol both as a blood maker and body builder. As my child was an anemic for so long makes the reason all the stronger for me to recommend it to others in similar condition." Geo. E. Munro, Brooklyn, N. Y.

Vinol restores health and strength in conditions like this because in a natural manner it increases the appetite, tones up the digestive organs, enriches the blood and strengthens every organ of the body.

Every bottle of Vinol is guaranteed to give satisfaction or money refunded. Geo. A. Gargas, Druggist, Harrisburg, Penna. Vinol is sold in Steelton by T. Prowell.

## COMPANY WILL NOT SHUT OFF WATER

### Flag of Truce Flies Over Camp Hill and Water Company Offices

The Riverport Consolidated Water Company will not shut off the water supply in Camp Hill to-morrow, as it had threatened. The attorneys for the company and the citizens committee of the town have reached an agreement whereby the consumers will be given the use of the water until a decision is reached either between the citizens and the company or before the Public Service Commission. One of the members of the citizens committee said to-day that it was not the desire of the residents to carry the matter into court, but that the intention was to settle the affair through attorneys. "If however, the water company should at any time turn off the supply, then the 'strong arm of the law' will be brought down on that concern with force."

It is generally believed to-day that all matters would be adjusted satisfactorily within a very short time.

*Special to The Telegraph*  
Columbia, Pa., Jan. 21.—The borough of Wrightsville across the river from this place, with a population of about 2,000, boasts of a remarkable record in the attendance of its people at Sunday school.

There are four Sunday schools in the borough and on Sunday last a register was kept of the attendance at each, which was found to number 842 persons, or more than one-third of the population of the town. There was no special effort made to induce a large attendance and the record is regarded as a fair average of the members in attendance regularly at the Sunday schools.

## WANT STREETS CLEANED

Residents of Camp Hill are complaining about the uncleanly conditions of the streets in the borough, and it is probable that within the near future the matter will be taken before council.

A few years ago the Civic Club of Camp Hill purchased a number of waste paper boxes, which were placed in various places about the town. One of them, at present, is now hidden behind some shrubbery, and is empty. Others along the streets are as clean as the day they were placed and the paper is strewn over the town. Along Market street all along the curbs are pieces of paper and other rubbish which gives the thoroughfare a very unsightly appearance.

Council may be asked to instruct the highway commissioner to gather up the rubbish and destroy it. The highway commissioner is only paid for the time he puts in on a job when he is instructed to work by council. It is stated that it would not take more than two days to clean the streets.

## Hot Tea Breaks a Cold—Try This

Get a small package of Hamburg Breast Tea, or, as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.—Advertisement.

## Miss Foley Talks on Suffrage at Williamstown

*Special to The Telegraph*  
Williamstown, Pa., Jan. 21.—Miss Margaret Foley, suffrage leader of Massachusetts, delighted a large audience in Pritchard's Hall on Saturday evening. Miss Foley gave her experience in industrial lines and graphically related the defeat of Senator Greenwood, who opposed every movement of the woman's cause during his five years' incumbency in the Senate. She convinced her audience of the need of better legislation and the work the women suffragettes have done in the nine States where they have the ballot. So favorably did her address impress her audience that a movement is on foot to effect an organization. Miss Foley was secured through the influence of Miss Ople, editor of the Williamstown Times, who was in communication with Mrs. Mabel Cronise Jones, president of the Central Pennsylvania Association. Professor D. F. Dettler superintendent of the borough schools, was chairman of the meeting.
