81 YOUNGSTERS IN HOUSE OF DETENTION

Keeper Kunkle Files Report For 1913—Twenty-five in Juvenile Court Tomorrow

Eighty-one children—sixty-seven boys and fourteen girls—were confined for varying periods of time at the House of Detention during 1913, according to the annual report filed with the county commissioners by William S. Kunkle, keeper of the county's detention place.

The ages of the small folks ranged from ten to fifteen years, and they were held at the detention school for periods of from four to seventy-nine days. The total number of days for which they were all maintained was 2,200.

Two of the youngsters are still there, fifty-three were sent home during the year, thirteen to the West, Glen Mills, four were placed in the care of the Children's Aid Society, one was sent to the Philadelphia Reformatory, two were taken to Spring City Institute, six to the Darlington school farms, and one to the Mt. Airy institution for the treatment of the deaf, dumb and blind.

The number confined during 1913 is only a little more than two-thirds as many as will be heard at January juvenile sessions to-morrow morning before Judge Kunkle. The hearings will begin at 10 o'clock, and the report yesterday to the effect that the juvenile court was to be held to-day caused several small folks to turn up to-day.

Wills and Letters.—The will of W. Scott Early, who died suddenly in Philadelphia, a few days ago, was probated, and letters testamentary were granted to his widow, Clara Early, on the estate of Augustus Poolman were granted to George K. Bender.

Papering and Painting Gough's Rooms.—Painters and paper hangers were busy to-day renovating the quarters of County Controller H. W. Gough. Furniture is expected in the near future and the carpeting will be put down just as soon as the controller and County Treasurer Ballew select what they want for their respective rooms.

Board of Public Works Pay.—To-day was payday for the Board of Public Works. This department began the series of pay for the month. To-morrow the other city departmental employees will begin drawing their vouchers.

Juvenile Court Tomorrow.—January juvenile court will be held to-morrow morning at 10 o'clock. Heretofore the child's conduct hearing has been conducted by Additional Judge McAdoo, but the jurist's indisposition has prevented his attending the juvenile court sessions which were held to-day afternoon and suspended sentence court in the morning. The fact that Judge Kunkle will hold the children's court to-morrow morning has made it necessary to swing the other session to the afternoon.

Viewers to Meet February 9.—Harry C. Wright, E. Earl Craft and Paul G. Smith, viewers recently appointed by the Dauphin County Court to assess benefits and damages to-day to attend the regional bank hearing conducted by Secretary of the Treasury William G. How to Beautify a Weatherbeaten Face (From Beauty and Health.)

It's really a simple matter to renovate a face soiled by dirt and grease. Ordinary mercurized wax, used like cold cream, will transform the worst old complexion into one of snowy whiteness and velvet softness. It literally peels off the outer veil of surface skin, but gradually, there's no discomfort. The rough, scaly skin comes off, not in patches, but evenly, in tiny particles, leaving no evidence of the treatment. The rougher, healthier under-skin forming the new complexion is one of captivating loveliness. One ounce of captivating loveliness to be had at any drugstore, is enough to remove any coarse, chapped, pimply, freckled, faded or sallow skin. Apply before retiring, washing it off mornings. Many skins wrinkle easily with every wind that blows, with heat, worry, etc. An excellent wrinkle-remover, because it tightens the skin and strengthens relaxed muscles, is a wash lotion made as follows: Powdered saxolite, 1 oz. dissolved in vitamin hazel, one-half pint. This gives immediate results.

Two Coal Yards An Advantage

You are able to get your coal delivered much quicker from us because of our two large coal yards.

The one yard is located at Forster and Cowden streets and the second one (just built) at 15th and Chestnut streets.

A yard on the hill and one in town makes shorter hauls, which means prompt service.

We have plenty of yard room to load our wagons carefully without the rush and confusion which only one yard occasions.

Our drivers have time to prepare the coal properly.

How to Keep Well in Winter

Do not let your blood get thin this winter. For people who have a tendency toward anemia, or bloodlessness, winter is a trying season. Lack of exercise and fresh air, the more restricted diet, many things combine to lower the tone of the body and deplete the blood.

As soon as you notice the tired feeling, lack of appetite and shortness of breath that are warning symptoms of thin blood take a short treatment of Dr. Williams' Pink Pills. Do not wait until the color has entirely left your cheeks, until your lips are white, your eyes dull and your ears like mother of pearl. It is so much easier to correct thinning of the blood in the earlier stages than later.

Dr. Williams' Pink Pills build up the blood and strengthen the nerves. In this way the general health is improved, the appetite increases, the digestion is strengthened and new ambition and energy developed. Work becomes easier because it does not cause exhaustion.
