Schools of Merit in Hershey

Next in importance to the living conditions a town affords are the merits of its schools and the provisions made for the younger generation. Hershey has provided for the young members of the family in a remarkably efficient manner. The town has grown rapidly in favor with those who prefer suburban life. The schools have kept pace with the growth of the town, and to-day offer educational facilities of city excellence. Hershey holds more for the young people than other suburban towns. May we not have the privilege of explaining? Lots in Hershey sell for \$600.00 and upward for 40 feet frontage. Reasonable building restrictions protect your home. Representatives always on the ground. Phone or write.

Hershey Improvement Co. HERSHEY, PA.
