## MUNICIPAL AID IS NEEDED TO PROVIDE MATERNITY HOSPITAL

### Hospital Managers Haven't Money to Establish Place For Mothers of Poor

### PROVISION SHOULD BE MADE

#### Superintendent Lindblad Points Out That Ward Is No Place For Cases

Financial aid from the city government or the public purse will bring a maternity hospital or provision for the care of the mothers of the poor in this city in two places.

Members of the board of managers of the Harrisburg Hospital said this morning that they can do nothing toward the establishment of a maternity ward in the institution with the present financial support. Miss Minna March, superintendent of the Maternity Hospital in Liberty street, a private institution, said they were willing to take care of needy patients if financial aid were given the hospital.

Henry B. McCormick, president of the board of managers of the Harrisburg Hospital, said:

#### Haven't Proper Resources

"It is all we can do now to do the work of the hospital with our resources. We could not take maternity cases without cutting down on our other work, and this we feel is important enough to continue. It seems to me that the physicians employed by the county Board of Poor Directors could be of great aid in giving instructions in the homes of the needy, and could relieve bad conditions where they exist. The Visiting Nurse Association is doing good work along this line, too.

"If the Harrisburg Hospital were given the funds to establish a maternity ward and maintain it, I am sure we could meet the needs of the community. It is not that we are unwilling to take maternity cases, but that we can do so only at the expense of caring for the sick. Few hospitals of our size maintain a maternity ward, and accept few maternity cases because of lack of equipment and funds."

#### What Miss March Says

Miss March said that she and her sister, who are now conducting the private hospital, would gladly take care of the needy if some provision were made for supporting the hospital. "As it is now, we can take only patients who can pay, as we have no other support."

Superintendent Lindblad, of the Harrisburg Hospital, explained why it is impossible to admit maternity cases to the Harrisburg Hospital.

"Our conditions here are so cramped that frequently medical and surgical cases must be placed in the same ward, and this would be inconvenient and dangerous for maternity cases. A city of this size should give stronger support to its hospitals, so that they could do necessary work. With a permanent endowment the work of this institution could be made more efficient than it now is, and we could do more good for the community."

### Funeral of Wm. H. Leonard at Marysville Saturday

WILLIAM H. LEONARD

Marysville, Pa., Feb. 4. — Funeral services of ex-County Commissioner William H. Leonard, who died at his home in Lincoln street, Marysville, yesterday morning from acute indigestion, will be held at his late home on Saturday afternoon. Burial will be made in the Grier's Point Cemetery.

### GAS METERS ROBBED

A further investigation into the cause of the fire at 515 Walnut street Monday night brought the discovery this morning that four of the five quarter gas meters had been robbed and between \$2 and \$5 taken. It is the opinion that the thief dropped a match into the pile of rubbish while he was trying to break open the fifth meter and, fearing he had started a big blaze, made his escape.

### THE LURE OF THE UNKNOWN

I've often wondered, for the nonce, What people do when they're alone. I've sat on sofas and on chairs, On davenport and on piazza swings, On ruffled thrones of ancient kings. But, whether upon this or that, I've simply, solely, plainly sat. And ere I'm laid upon the shelf, I'm anxious to ensconce myself. It's often done in story-books— Mostly editions de luxe. Where ladies in patrician mien, Attired in robes of silken sheen, Ensconce themselves on divans rich, Behind the arras—in a niche— (Or some such place, at any rate; I am not sure I have it straight)— And when they're ensconced, they meet Some great adventure—dire or sweet. Of course, I count such things as naught. 'Twas but a passing, idle thought. But I'd ensconce just once, to see What then would happen unto me! —Carolyn Wells, in Harper's Magazine for February.

# ROYAL

## The world-wide standard Baking Powder

Absolutely Pure

Royal Baking Powder is the embodiment of all the excellence possible to be attained in the highest class baking powder and its use is more economical than other leavening agents, because of the superlative quality and absolute wholesomeness of the food it makes.

Cheap baking powders, containing alum, are frequently distributed from door to door, or advertised as pure and wholesome. Such mixtures are not desirable for food ingredients. Most persons have learned to their sorrow that a low price does not always mean economy. This is especially so in a food article. No baking powder can properly be substituted for Royal.

Read the ingredient clause upon the label. If it does not show "Cream of Tartar," don't buy the powder.

### UNCLAIMED TEAM IS FOUND IN ELKWOOD

#### Spring Wagon Contained Twenty Stolen Chickens in Box, Owner Recovers Them

New Cumberland, Pa., Feb. 4.—Early yesterday morning when Jacob Roff, a dairyman of New Cumberland, was on his way toward Elkwood to serve his customers, he discovered a horse and spring wagon without a driver, in front of the home of Bruce Taylor, another dairyman. He notified Mr. Taylor and in the effort to identify the outfit they looked inside the wagon and found twenty live chickens tightly packed in a box. The birds were nearly smothered and they were released and taken care of by Mr. Taylor. Last evening the owner of the chickens who lives at the duck farm near White Hill came to New Cumberland and was given possession of the fowls. The team is still at Mr. Taylor's farm and it is not known whether the outfit was stolen or if the owner is afraid to come for it.

## I Will Stake This Medicine Against Your Time

A FEW DAYS WILL BE SUFFICIENT TO PROVE ITS VALUE IN YOUR DISEASE

A few minutes of your time for a few days and I will demonstrate to you, without expense to yourself, that I have a medicine that drives Uric Acid poison from the system and by so doing conquers kidney trouble, bladder trouble and rheumatism. I don't ask you to take my word for it, but simply want you to let me send you some of this medicine so that you can use it personally.

I am trying to convince sufferers from these diseases that I have something far better than the usual run of remedies, treatments and such things, and the only way I can demonstrate that fact is to go to the expense of compounding the medicine and sending it out free of charge. This I am glad to do for any sufferer who will take the time to write me. Understand, I will not send you a valueless "sample, proof or test treatment," nor will I send you a package of medicine and say that you can use some of it and pay for the rest, but I will send a supply free of charge and you will not be asked to pay for this gift nor will you be under any obligations.

All I want to know is that you have a disease for which my medicine is intended, as it is not a "cure-all," and I give herewith some of the leading symptoms of kidney, bladder and rheumatic troubles. If you notice one or more of these symptoms you need this medicine, and I will be glad to send you some of it if you will write me the numbers of the symptoms you have, give your age, and your name and address. My address is Dr. T. Frank Lynott, 5149 Deagan Building, Chicago, Ill. You promise me nothing; you pay me nothing for it. All I ask, so there shall be no mistake, is that you send me the numbers of your symptoms or a description in your own words, and that you take the medicine according to the directions I send you. It is my way of getting publicity for my medicine so that it will become widely known.

You will agree when you have used it is involved, and I willingly give you it that it dissolves and drives out uric acid poison. It tones the kidneys so that they work in harmony with the bladder. It strengthens the bladder so that frequent desire to urinate and other urinary disorders are banished. It stops rheumatic aches and pains. It dissolves uric acid crystals so that back and muscles no longer ache, and crooked joints yield to its healing action. It reconstructs the blood and nerves so that you soon feel healthier and stronger, sleep better and eat better and have energy throughout the day. It does all this, and yet contains nothing injurious and is absolutely vouchered for according to law. Sufferers from these dreadful and dangerous diseases can surely afford to spend a few minutes a day for a few days to demonstrate to their own satisfaction if they are curable, especially when you consider no expense

DR. T. FRANK LYNOTT

who will send medicine free of charge to all those who need it.

know is if a certain thing will relieve HIM or HER, and here is an opportunity to find out without cost obligation or important loss of time. THESE FEW DAYS may be the turning point in your life.

It is the largest book of the kind ever written for free distribution, and a new edition is just being printed. I will also write you a letter of instructions and help to you; but in order to do this I must know that you need my medicine. Write me the numbers of the symptoms that trouble you and your age, and I will promptly carry out my promises. Show an inclination to get well and write me, and I will gladly send you a supply free.
