## JOHNNY EVERS CASE UP TO THE LEADERS

### Deposed Players Will Be Given Hearing by the National Commission

New York, Feb. 11.—The deposal of Johnny Evers as manager of the Chicago Nationals by Charles W. Murphy, owner of the club, for the moment has sidetracked the important consideration that has brought so many baseball men to the city, the menace of the new Federal League.

The national commission members, Ban Johnson, August Herrmann and John K. Tener, were apparently so much perturbed at the news, coming as it does at a so critical a time in baseball affairs, that they met informally and discussed the matter last night. No public statement was made after the meeting, but it is known that Evers will be before the commission in the next day or two with his contracts.

Governor Tener, president of the National League, said that he would study the contracts held by Evers and that the player-manager would get justice. President Murphy, of the Chicago club, said that he had nothing to add to his statement of an exhibition game between the New York team of the National League, and the Chicago, of the American League, without first being convinced that it is not a "brutal" game.

After the points of the game were explained the authorities still insisted that a net be erected within the stadium to protect the spectators. Even when promises were given that this precaution would be taken permission was withheld until Wednesday at noon when a few innings will be played for the benefit of the authorities who desire to judge for themselves what manner of game the American pastime is.

## BASEBALL TOO BRUTAL: ROMANS HALT PROGRAM

Rome, Feb. 11.—The unfamiliarity of the Italians with baseball was demonstrated yesterday by the refusal of the authorities to permit an exhibition game between the New York team of the National League, and the Chicago, of the American League, without first being convinced that it is not a "brutal" game.

After the points of the game were explained the authorities still insisted that a net be erected within the stadium to protect the spectators. Even when promises were given that this precaution would be taken permission was withheld until Wednesday at noon when a few innings will be played for the benefit of the authorities who desire to judge for themselves what manner of game the American pastime is.

Arrangements have been made for an audience with the Pope, but on account of the action of the civic authorities, some of the players will have to forego this honor.

## Pitcher Adams Will Return; Earl Mock Agrees on Price

### Manager Cockill Has Good List of Holdovers to Start With; Former Stars May Come Back

Baseball fans who were of the opinion that Pitcher Adams should have been retained by Harrisburg last season need not worry about this promising young twirler. Adams will be back with Manager Cockill the coming season. He is practically the first player whose contract is a certainty.

Pitcher Adams was sent to Earl Mock, in the Southern League, and made good, considering the time he had to get acquainted with the players he went up against. Now Adams has been bought back by Harrisburg and will be back in the county early in April. Manager Cockill has sent contracts

to Outfielders Crist, Flanagan and Rudolph and Infielders Diets, Sundheim and Cruickshank, Catcher Therre and Pitchers Chabek and O'Connor. It is probable that several of these players will not sign up, having taken up permanent positions.

Flanagan is a patrolman at Scranton and O'Connor will not get into baseball this season unless there are better inducements than those offered last season. In the event of Bressler's not being needed by Connie Mack he will be farmed to get Outfielder Emerson and Catcher Roy Mays back into the fold. Manager Cockill will return to Harrisburg to-morrow from New York.

## Izzy Hoffman Signs to Manage Reading

Reading, Pa., Feb. 11.—Izzy Hoffman, who has held many a berth with various grades of minor league clubs, will pilot the Reading Tri-State League Club this season. President John H. Myers, announced yesterday that he had signed Hoffman to manage the team and he will have full charge of the playing end of the game.

Hoffman, who is a great friend of Connie Mack's and who has done considerable scout duty for the Athletic League, was virtually landed here through Mack's influence. He will start in at once to build up the team.

## Schedule Adopted by National League; Plums Evenly Divided

New York, Feb. 11.—In addition to ousting Johnny Evers as manager of the Chicago Cubs and signing Hank O'Day, the veteran umpire, to lead the Cubs, the only real business transacted by the National League magnates was the adoption of a schedule. The season will open April 14, and close October 7. According to a notice accompanying the schedule no changes shall be made which will conflict with the American League playing dates, and double-headers shall not be scheduled for conflicting dates except by the consent of President Johnson, of the American League. An exception to this ruling is made on the final trip of the season, to be exercised only in the case of absolute necessity. There are but four conflicting dates, however, all of which occur in Chicago, those being May 10, 31, July 5 and September 13.

In the distribution of home holiday and Saturday dates, those schedule at-plums are about evenly apportioned, although the western clubs have a slight advantage over their eastern rivals.

The Phillies have secured several plums, and with the team in the fight for the pennant the financial returns should be big. Besides opening the season at home with the Giants on April 14 the Phils have thirteen Saturdays at home and ten holidays, Boston being here on Memorial Day and Brooklyn on Labor Day.

Away from home Philadelphia has twelve Saturdays, five Sundays and one holiday, that being played in New York on July 4.

Pittsburgh draws fifteen Saturdays and three holiday dates; Chicago fourteen Saturdays, eleven Sundays and two holidays; St. Louis, fifteen Saturdays and two holidays; Cincinnati, fifteen Saturdays and two holidays; New York, fifteen Saturdays and two holidays; Brooklyn receives a similar share and Pittsburgh, ten Sundays and ten Saturdays.

## YOUNG STARS ORDERED TO REPORT IN SOUTH

Annapolis, Pa., Feb. 11.—"Eddie" Miller, of this place, playing with the Lowell baseball team of the New England League last season, has received orders to report for Spring practice at Petersburg, Florida, by the St. Louis Americans.

Paul Spraw and David Gruber, playing on last year's Annapolis baseball team, champion of Lebanon county, have received contracts from the Southern States and expect to sign up by the end of this week.

## CENTRAL TOSSEWS WON TENTH STRAIGHT VICTORY

The Hamilton grammar school five were defeated by the Central grammar school tossers of Steelton last night, score 57 to 24. The game was played in Tech gymnasium. The shooting by both teams was fine. This was the tenth straight victory for the Steelton five, the undisputed grammar school champions of Dauphin county.

## Murphy Explains the Evers Incident; Was Too Impulsive

Chicago, Ill., Feb. 11.—The discharge of Johnny Evers yesterday as manager of the Chicago National League team and the appointment of Henry O'Day to succeed him, which almost as great a surprise as the dismissal of Frank Chance in 1912, had been planned for some time. This became known to-day, when baseball writers recalled an interview with President C. W. Murphy last week in which Evers was criticized.

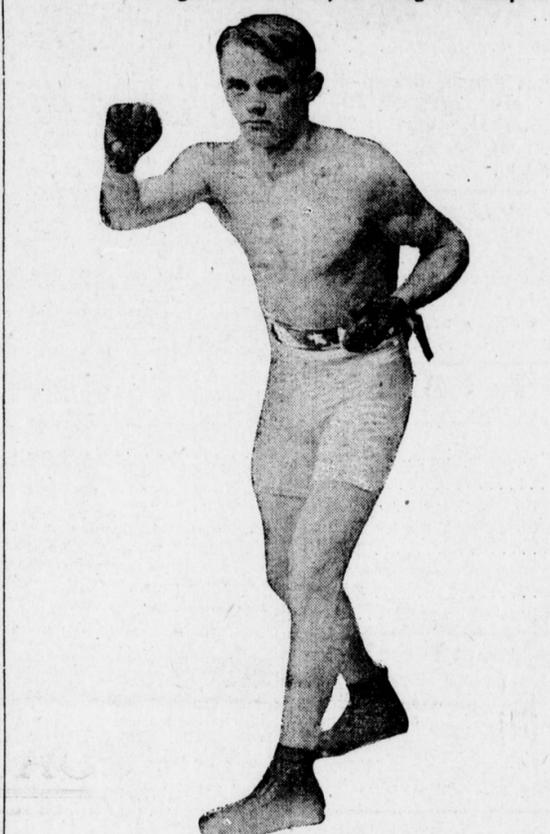

"There are three types of managers," Murphy said, "the man who manages and plays in the games, the man who manages from the coaching line and the man who manages from the bench. Chance was a great man of the first type, McGraw and Callahan are great in the second and Connie Mack and Stallings are leaders in their style. Evers is a great ball player, but too impulsive to be a manager and a player at the same time."

## AMERICAN PLAYERS RECEIVED BY THE POPE

Rome, Feb. 11.—Charles A. Comiskey, president of the Chicago club of the American Baseball League, was well enough to-day to go with the members of the American baseball teams to the Vatican where the party was received by the Pope. Dr. John Edward Jones, McGraw and Callahan at Genoa, who had attended Mr. Comiskey during his illness, accompanied the party which comprised seventy people.

The American visitors were introduced to His Holiness by Monsignor Charles A. O'Hearn, vice rector of the American College in Rome, who explained the interest taken in baseball in the United States.

## Kid Williams, Rising Bantam, Who Can't Get a Fight With Coulon, an Alleged Champion

By whipping Campi in California "Kid" Williams has come to be looked on as the best bantam in the country. He has begun another effort to get a match with Johnny Coulon, who for some years has been posing as the bantam champion of the world. Johnny's uncle is a butcher in Brooklyn, and in some way he has been able to convince a lot of sporting writers of that borough that Coulon is the champion. They have printed the statement, and it has gone out over the country till many persons believe it. Williams himself, having beaten Leureux, the French and English bantam champion, has more claim to world championship than Coulon.

It is said to be doubtful if Coulon will ever meet Williams. They went ten rounds in New York in a no-decision bout, but most of those who saw it believed that Williams had the Chicago boy beaten.

## Heckert After Stars; Loses Two Good Men

York, Pa., Feb. 11.—New faces are expected on the York team this season. Manager Heckert is in New York mingling with the big league dealers. During his absence the new president, J. J. Gerry, will keep in touch with the correspondence.

It is said that Swayne and Hooper will not be back with the team. Paul Davis and Paris Kunkle will send in their contracts soon.

Their players have been notified to report here for Spring practice on April 20. An exhibition game with the Gettysburg College team is scheduled for April 22, so that the players will have an annual two days' workout before the first actual contest. Albright College will follow, as will Lebanon Valley and other fast collegiate and professional clubs.

## MAD DOG KILLED

Waynesboro, Pa., Feb. 11.—Constable William E. Britzler shot a dog in the yard of the Leland Hotel yesterday that had the rabies. Monday the dog jumped at a colored employe at the hotel. The latter's clothes were badly torn but the colored man was able to keep the teeth of the canine from entering his flesh by jumping just far enough away and his skin was grazed.
