"Hospital on Wheels" Goes to Accident Victims at Enola Car in Railroad Yards is Equipped to Care For Men Injured While at Their Work

Taking a victim of an accident to a hospital is not strange, but taking a hospital to the victim is a novelty. Yet this latter is done almost every time a man is injured or becomes seriously ill suddenly in the Pennsylvania yards at Enola.

In the majority of cases, when a man is injured one of the shifting engines is coupled to the hospital car and the latter is taken to the victim. The injured man is placed on a cot and the "hospital-on-wheels" takes him to the Harrisburg hospital.

Discolored, Wrinkled Skin Easily Removed

(From the Woman Beautiful) Since brown or yellow, over-red or blotchy complexions are decidedly not the fashion, I cannot understand why so many continue to wear them. Surely every woman has heard of mercolized wax. This I know—from my own and others' experiences—will positively banish every unsightly tint. The wax really takes off a bad complexion. It gradually, harmlessly, absorbs the thin layer of surface skin with all its defects, as chaps, liver spots, pimples, freckles, blackheads. Just as gradually the discarded skin is replaced by the clear, white, soft skin underneath. Mercolized wax, procurable at any drugstore, is applied nightly like cold cream and erases wrinkles with warm water. One ounce will produce the loveliest girlish complexion in less than a fortnight.

To Grow Hair on A Bald Head BY A SPECIALIST

Thousands of people suffer from baldness and falling hair, who have tried nearly every advertised hair-tonic and hair-grower without results, have resigned themselves to baldness and its attendant discomfort. Yet their case is not hopeless; the following simple home prescription has made hair grow after years of baldness, and is also unequalled for restoring gray hair to its original color, stopping hair from falling out, and destroying the dandruff germ. It will not make the hair greasy, and can be put up by any druggist; Bay Rum, 6 ounces; Lavona de Compose, 2 ounces; Menthol Crystals, one-half drachm. If you wish it perfumed, add 1 drachm of your favorite perfume. This preparation is highly recommended by physicians and specialists, and is absolutely harmless, as it contains none of the poisonous hair alcohol so frequently found in hair tonics.—Advertisement.
