Stetler, of this city, has reduced his weight fifty-seven pounds in an incredibly short time by wearing a certain invisible device, weighing less than an ounce. Burns, of No. 17 West Thirty-eighth street, New York, is sending these outfits on free trial to all who write him.—Advertisement.

SAVE YOUR HAIR! IF FALLING OUT OR DANDRUFF—25 CENT DANDERINE

Ladies! Men! Here's the quickest, surest dandruff cure known Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine to-night—now—anytime—will surely save your hair. Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and sheen, but what will please you most will be after just a few weeks' use when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.—Advertisement.
