

## TAYLOR WILL HAVE 1 MALE SUPERVISOR OVER PLAYGROUNDS

Can Save Money and Increase Efficiency by Doing Away With Woman Head, He Thinks

### PLANNING MORE PLAYGROUNDS

Wants New Reservoir Pavilion, New Bridges, Parkway Well and Girls' Bathhouse

One male supervisor to have charge of all the playground work, both girls and boys. New pavilion for Reservoir Park.

Playgrounds in Thirteenth ward and McComick's Island. Rebuilding and furnishing tennis courts on the island and at Reservoir.

Three fountain "bubblers" in River Front parks. New well in Cameron parkway. New bridges in Cameron parkway and Reservoir.

Formal entrance and fountain in Twelfth street playgrounds. Girls' bathhouse.

New lighting system at Twelfth street playgrounds. Treatment of crushed stone for Reservoir Park roads.

Ample provisions for summer camp on McComick's Island and for cooking school at Reservoir.

In submitting the budget of expenses for park and playground purposes for 1914 to Council M. Harvey Taylor, commissioner of parks and public property, makes provision for the items above mentioned particularly. Another meeting of the City Commissioners on budget preparation was held this afternoon.

For several weeks J. R. Hoffert, assistant superintendent, has been investigating the needs of the department for the coming year and the commissioner and the assistant have sat through some busy hours preparing estimates of the departmental needs.

Supervision Under One Head An innovation this year will be the combining of the playground instruction work under one head. For the last couple of years a girls' and a boys' supervisor took care of the youth of the two sexes respectively. Better results, it is now believed, can be obtained by combining the supervision under a male head, although instructors of opposite sexes will be employed to teach the children of respective sexes. The male supervisor's salary last year was \$399.99 and the female \$258. These two salaries will be combined in a way to save money and at the same time to combine the work under one man.

Whether or not J. K. Staples, supervisor for several years, will return is still a question. The new pavilion asked for Reservoir Park will cost approximately \$1,000. This was asked for last year by the Park Commission, but the request was never heeded.

Want Girls' Bathhouse It is expected, will cost \$500. The girls' float will likely be moored at the end of Hargest's Island.

In the Thirteenth ward there will be

## KREIDER PRESENTS BILL FOR 3-STORY POST OFFICE HERE

Emergency Measure in Congress to Increase Rebuilding Fund by \$75,000

Washington, D. C., March 6.—Congressman Aaron S. Kreider to-day presented a bill in Congress for an emergency appropriation of \$75,000 for the rebuilding of the federal building at Harrisburg.

Mr. Kreider, in explaining the bill, said: "It is my purpose, if I can secure the passage of this bill, to have the addition built three stories instead of one as is now provided for."

After a careful examination of the Post Office at Harrisburg and the plans for the enlargement now under way, and after conferring with Postmaster Sites, I am convinced that the \$120,000 appropriated for the increase of floor space will not be sufficient to give the room made necessary for the growing postal business at Harrisburg since the addition of the parcel post.

As an emergency measure the Kreider bill will take precedence over other Post Office bills and it is believed will be acted on in a short time.

## LONE BANDIT ROBS MAIL CAR ON TRAIN AT COLUMBIA, S. C.

Clerk Is Ordered to Stand With His Face Against Wall

Columbia, S. C., March 6.—The authorities redoubled their efforts to-day to capture the bandit who last night held up and robbed the mail car of Southern Railway train No. 11, from Charleston to Columbia, just as the train reached the latter place. Aided by the local police, special officers of the railroad company were scouring the country for the robber, but so far no trace of him has been found.

The officers were hampered in their search because of the lack of an adequate description of the robber. C. E. Thomas, the mail clerk, could only describe the man as masked and about five feet, eight inches tall. Another difficulty was the fact that the bandit, after robbing the train, escaped some time before the search could be undertaken, although the robbery was reported immediately after the train arrived in Columbia.

### Flourishes Revolver

Boarding the train just as it entered the city limits, the robber flourished a revolver, ordered Thomas to stand with his face to the wall and, after quickly securing several sacks of registered mail, jumped off the train and made off some time before the train reached the station.

Until the record of the Charleston Post Office can be examined it will be impossible to ascertain the value of the package taken. This examination was begun early to-day.

It was recalled here to-day that just two years ago the same train was robbed, the place, the hour and the circumstances being identical the same as last night's holdup. The robber escaped then with only a small amount of booty.

Prominent Attorneys of State Say President Judge Is Man Best Fitted For Place

## BAR RESOLUTION FOR JUDGE KUNKEL

RESOLVED, that, recognizing from long personal association the character, learning and training, the legal ability, sterling qualities and high moral character of the Honorable George Kunkel, for many years President Judge of the various Courts of Dauphin County, to which office he has been recently and unanimously re-elected by the voters of all parties, we request him to become a candidate for the office of Justice of the Supreme Court of Pennsylvania, for which office he is by character, learning and training pre-eminently fitted, and that with his consent we use all proper methods to acquaint the Electorate of Pennsylvania with the propriety of voting for him.

President Judge George Kunkel, of the Dauphin County Courts, was formally asked this afternoon by the united bar of the county to become a candidate for Justice of the Supreme Court of Pennsylvania.

The request was embodied in a resolution adopted by the entire bar in special session, and in petition signed by every practicing lawyer.

For months the sentiment among members of the Dauphin bar has been that Judge Kunkel should become a candidate and this has been powerfully supported by lawyers from many counties of the State, who have been here on the State cases which constitute so large and important a portion of the work of the Dauphin bench.

This sentiment was expressed a week ago by James Scarlett, the famous Danville attorney, who prosecuted the Capitol cases so successfully, and in which Judge Kunkel's course was twice sustained by the Supreme Court. In speaking with a reporter of the Telegraph to-day Mr. Scarlett said:

Kunkel Is Best Man "A week ago I said that George
