CAMP HILL WOMEN HEAR FINE ADDRESS

Dr. Musgrave's Subject "Increased Cost of Production and Sale of Foods"

A regular monthly meeting of the Camp Hill Civic Club was held in the high school yesterday afternoon with the president, Mrs. Girton D. Smith, presiding. All the committees are busily working for the welfare of the town. At the April meeting the annual election of officers will be held.

Following a brief business session Dr. John K. Musgrave, assistant to the economic zoologist of the State Department of Agriculture, addressed the club on "The Increased Cost of Production and Sale of Foods." Dr. Musgrave said in brief:

"Undoubtedly the principal factor in the increased cost of production is the great amount of time, money and energy that must be expended in the protection of our fruits and vegetables. The increased population of this country has caused a corresponding increase in the area of land planted and with this has come a great number of plants to be attacked by insects and plant diseases. Consequently the production of first-class fruits and vegetables entails working under adverse conditions.

The increased cost of selling goods is brought about by the prevalence in many markets of offering for sale goods in fancy packages. Thus the so-called 'home hamper' idea, while a good one in many respects, is an expensive method of buying in many instances and increases rather than decreases the cost."

Dr. Breckenridge First Kentucky Woman Lawyer

The coming of Dr. Sophonisba Breckenridge to the city on the evening of March 21 is of more than passing interest. Few women have accomplished as much as she, although she is still a comparatively young woman. She was the first woman admitted to the bar in the State of Kentucky; she holds an important position in the University of Chicago; she is the author of textbooks on economics that are used the world over, and she has taken a prominent part in all the philanthropic movements of Chicago. Every one should hear her when she speaks on March 21 in Fahnstock Hall on the subject of woman suffrage. No admission will be charged. Both men and women most welcome.

COMB SAGE TEA IN HAIR TO DARKEN IT

Grandma Kept Her Locks Dark, Glossy, Thick With a Mixture of Sage Tea and Sulphur

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grand-mother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft luster and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair.—Advertisement.

Bronchitis Conquered

Royersford, Pa., Man Tells How.

At this season of year with such sudden changes it is so easy to take cold, and almost before one is aware there is inflammation in the bronchial tubes—a hard cough—and unless checked in time chronic pulmonary troubles may result.

Townsend Young, of Royersford, Pa., says: "A severe bronchial trouble contracted caused me much difficulty about breathing. My chest felt clogged up and there was considerable soreness. I tried different remedies without help; but I am glad to say that Vinol cured my bronchial trouble, which had lasted for three months. My breathing is all right and the soreness entirely gone from my chest."

Vinol contains the curative, healing principles of fresh cod's livers (without oil) and tonic iron. We guarantee it to be delicious in taste and to satisfy you with its medicinal effects. Geo. A. Gorgas, Druggist, Harrisburg, Pa. Vinol is sold in Steelton by T. Frowell.

P. S.—If you have any skin trouble, try Saxo Salve. We guarantee it.—Advertisement.

How to Keep Well in Winter

Do not let your blood get thin this winter. For people who have a tendency toward anaemia, or bloodlessness, winter is a trying season. Lack of exercise and fresh air, the more restricted diet, many things combine to lower the tone of the body and deplete the blood.

As soon as you notice the tired feeling, lack of appetite and shortness of breath that are warning symptoms of thin blood take a short treatment of Dr. Williams' Pink Pills. Do not wait until the color has entirely left your cheeks, until your lips are white, your eyes dull and your ears like mother of pearl. It is so much easier to correct thinning of the blood in the earlier stages than later.

Dr. Williams' Pink Pills build up the blood and strengthen the nerves in this way the general health is improved, the appetite increases, the digestion is strengthened and new ambition and energy developed. Work becomes easier because it does not cause exhaustion.

Keep your system at its highest efficiency with Dr. Williams' Pink Pills, the great blood builder and nerve tonic. Your own druggist can supply you. A booklet "Building Up the Blood" will be mailed free on request by the Dr. Williams' Medicine Co., Schenectady, N. Y. It is well worth studying by all who do not enjoy complete health.—Advertisement.

FRECKLES

February and March Bring Out Unpleasant Spots. How to Remove Easily

The woman with tender skin dreads February and March because they are likely to cover her face with ugly freckles. No matter how thick her veil, the sun and winds have a strong tendency to make her freckle.

Fortunately for her peace of mind the recent discovery of a new prescription, othine—double strength, makes it possible for even those most susceptible to freckles to keep their skin clear and white. No matter how stubborn a case of freckles you have, the double strength othine should remove them.

Get an ounce from your druggist and banish the freckles. Money back if it fails.—Advertisement.
