RAILROADS BIG MORTGAGE PLANS UP TO STOCKHOLDERS

Pennsylvania Railroad Meeting Today Is of Special Importance

Philadelphia, March 10. -- Probable action in providing cash for extensive improvements throughout the entire Pennsylvania Railroad system, made to-day's annual meeting of the stockholders of the company of great importance. The big question that will be laid before the stockholders for their approval will be the authorization of a blanket mortgage, covering all the company's property, and intended to provide a basis for all new financing and refunding operations indefinitely in the future. The only limit to the amount of bonds that may be issued under the proposed mortgage is that they must not exceed the amount of the capital stock. A good deal of interest centers in the choice of a chairman for the meeting. The late General Louis Wagner performed this duty for a number of years. It is customary to propose a stockholder not identified with the management. The stockholders will be asked to ratify an agreement for the acquisition of the property and franchises of the Hollidaysburg, Bedford and Cumberland Railroad Company. Another Penny Report. -- The annual report of the Philadelphia, Baltimore and Washington Railroad, one of the chief subsidiaries of the Pennsylvania system, issued to-day, shows in marked degree the effect of the adverse influences operating on railroad earnings in 1913. The gross receipts were \$21,164,446, an increase of \$884,248, or over 4 per cent, but the abnormal growth of \$1,225,924 in operating expenses more than canceled all the gains. Idle Cars Decrease. -- A very heavy decrease in the number of idle freight cars in the United States and Canada is shown in the fortnightly report of the American Railways Association, issued yesterday. On March 1, the date

covered by the report, the total net number of idle cars was 153,907, a decrease of 43,181 from the number shown on February 14.

To Attend Convention. -- The annual meeting of general secretaries of the Pennsylvania Railroad Young Men's Christian Association located west of Pittsburgh and Erie will be held at the Terminal station, Washington, D. C., on Thursday, March 1. P. H. Gregory, secretary of the local association, will attend.

Many at Lecture. -- One hundred and ninety-four boys attended the illustrated lecture "Japan," last evening held in the main auditorium of the Pennsylvania Railroad Young Men's Christian Association. Lantern slides showing the various industries of Japan were shown. The lecture was delivered by Ira P. Dean.

Investigation Started at Laredo by Colquitt

Austin, Texas, March 10.--No further information on the identity of the party of Texas who recovered the body of Vergara's body from the Mexican grave was expected to-day pending conclusion of the official investigations now in progress by both Federal and State authorities. Governor O. B. Colquitt is out of the city on a two-day trip to Fort Worth. Henry Hutchings, State Adjutant General, has begun at Laredo an investigation ordered by Governor Colquitt, who did not make public what specific instructions, if any, he gave Hutchings. It is known that the stories of torture attendant on the charred condition of one of Vergara's hands will receive close attention in this investigation. There still was no intimation so far as known here from Captain J. J. Sanders, of the Texas Rangers, as to the identity of the person or persons who he has claimed informed him he would find the body on the American shore of the Rio Grande river at 3.30 o'clock Sunday. Sanders' official reports are also blank as to the identity of those who made the night trip into Mexico.

ASTOR TO WED IN APRIL

New York, March 10.--It is expected that a date will be set for the wedding of Vincent Astor and Miss Helen Dinsmore Huntington soon after the arrival of Mrs. John Astor from London early next week. The wedding, it was said to-day, probably will be solemnized early in April at Rhinebeck.

Have You Had the Grip?

There are certain disorders, such as the grip, that especially debilitate and make the body an easy prey for more dangerous diseases. Ask those who have had the grip regarding the present condition of their health and most of them will answer: "Since I had the grip I have never been well." They still have profuse perspiration, the persistent weakness of the limbs, the disordered digestion, the shortness of breath and palpitation of the heart caused by the thin-blooded condition in which the grip almost always leaves its victim after the fever and influenza have subsided. They are further preyed upon by the mercy of relapses and of complications, often very serious. In an attack of the grip there is a rapid thinning of the blood and not until the blood is built up again is complete health restored. Dr. Williams' Pink Pills quickly make the blood rich and red, drive out the lingering germs from the system and transform despondent grip victims into cheerful, healthy men and women. Try the pills for any form of debility caused by thin blood. All druggists sell Dr. Williams' Pink Pills. Get a box to-day and begin to obey to regain your health. Write for free booklet, "Building Up the Blood," to the Dr. Williams Medicine Co., Schenectady, N. Y.--Advertisement.

CIGARMAKERS TO STOP "LICKING"

Commissioner Jackson Issues Notice That Practice Shall Be Discontinued

Notice was given to-day by Commissioner John H. Police Jackson of the State Department of Labor and Industry, that people in charge of cigar manufacturing must immediately stop the practice of placing tips of cigars in their mouths during manufacture. This order is the result of inspections recently made by the division of hygiene of the department, who found that operatives were wetting the tips of cigars with their lips. Of thirty-eight factories inspected in the western end of the State it was found that in eight the cigarmakers were putting the end of the cigars into their mouths. "Inasmuch as the practice of licking or wetting the end of the cigar seems to be a more or less prevalent practice and one which is not only unsafe to the operative but certainly undesirable for the smoker, the commissioner gives notice that this practice must be absolutely done away with," said Dean Jackson to-day.

MISS ZACKS TO WED MISSISSIPPI MAN

Whose Engagement to Charles D. Fried, of Vicksburg, is Announced

MISS HELEN ZACKS TO MARRY SOUTHERNER

Engagement Announced; Wedding to Be Event of the Early Fall

Announcement of the engagement of Miss Helen Zacks, a member of Steelton's younger social set, to Charles H. Fried, of Vicksburg, Miss., was made Sunday evening at a party given by her parents, Mr. and Mrs. Joseph Zacks, at their home, 25 South Front street.

The rooms were decorated in a color scheme of pink and white. On the table was a great bank of pink and white carnations and sweet peas. A snow-white dove was poised above the table. From the ceiling were suspended little white satin ribbons reaching to the plate of each guest. In the midst of little bunches of rosebuds in front of each guest's plate were hid the cards announcing the engagement, which came as a surprise to the thirty guests present.

Miss Zacks is the daughter of Mr. and Mrs. Joseph Zacks. She is a graduate of the Steelton high school and the Baltimore Women's College and is popular among a large circle of friends in Harrisburg and Steelton. Mr. Fried is a member of a prominent southern family. The wedding will be an event of the early fall.

Advertisement for Cough Syrup: 'How to Make Better Cough Syrup than You Can Buy. A Family Supply, Saving 90 and Fully Guaranteed.'

A full pint of cough syrup--as much as you could buy for \$2.50--can easily be made at home. You will find nothing that takes hold of the ordinary cough more quickly, usually conquering it inside of 24 hours. Excellent, too, for spasmodic croup, whooping cough, bronchial asthma and bronchitis. Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents worth) in a pint bottle, then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours. This is just laxative enough to help relieve the cough. Also stimulates the appetite, which is usually upset by a cough. The taste is pleasant. The effect of pine and sugar syrup on the inflamed membranes is well known. Pinex is a most valuable concentrated compound of Norway white pine extract, rich in germicidal and other natural healing pine elements. Other preparations will not work in this combination. This Pinex and Sugar Syrup remedy has often been imitated, but the old successful mixture has never been equaled. It is now used in more homes than any other cough remedy. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

investigated. The suggestion of Councilman Sellers that the standard system of street lights be adopted was favorably received. On the motion of Councilman Zimmerman, the Pennsylvania Railroad Company will be ordered to place asphalt tracks at the Frankfort street crossing over its tracks. A list of all the property owners in the borough will be furnished to the police department by the borough secretary on motion of Councilman Nelly. On motion of Councilman Shelley the borough ordinances will be revised by the borough solicitor with a view of printing a new ordinance book.

CONTRACT FOR NEW BUILDING Perry, Goodwin & Co., of Philadelphia, was awarded the contract for the new Hygienic building, Adams and Bailey streets, by the school board last evening at their bid of \$20,748. Stork and Cupid Cunning Plotters

Many a New Home will Have a Little Sunbeam to Brighten it. There is usually a certain degree of dread in every woman's mind as to the probable cause of the ailments of children. But, thanks to a most remarkable remedy known as Mother's Friend, all fear is banished and the period is one of unbounded, joyful anticipation. Mother's Friend is used externally. It is a most penetrating application, makes the muscles of the stomach and abdomen pliable, so they contract easily and naturally without pain, without distress and with one of that peculiar nausea, nervousness and other symptoms that tend to weaken the prospective mother. Thus Cupid and Stork are held up to scorn. Mothers are rated as cunning plotters to herald the coming of a little sunbeam to gladden the hearts and brighten the homes of a host of happy families. There are thousands of women who have used Mother's Friend, and thus know from experience that it is one of our greatest contributions to healthy, happy motherhood. It is sold by all druggists at \$1.00 per bottle, and is especially recommended as a preventive of caking breasts and all other such distresses. Write to Bradford Regulator Co., 181 Lamar Bldg., Atlanta, Ga., for their very valuable book to expectant mothers. Get a bottle of Mother's Friend to-day.
