COLUMBIA FIREMEN FIGHT ELECTRIC CO.

Protest Against Transfer of Rights and Privileges to New Corporation

Columbia, Pa., March 11.—At a regular meeting of the Columbia Firemen's Relief Association the directors of that body went on record as opposing the transferring of the rights and privileges of the now defunct Columbia Electric Light, Heat and Power Company to their successors, the Edison Electric Company, and the association will ask each of the five fire companies of Columbia to take similar action.

When the Columbia Electric Light, Heat and Power Company began business in Columbia over a quarter of a century ago, they placed an electric light over the entrance of each fire house and made no charge for the same. These lights were allowed to burn all night and were a great aid to the firemen when called into service at night. When the Public Utilities Commission of Pennsylvania sprang into existence they ruled that corporations could not furnish anything for nothing. The Edison Company forthwith cut off the free service at the fire houses.

FRAIL, WEAKLY CHILD

Made Strong by Vinol

So many cases like this are coming to your attention for the benefit of fathers and mothers of weak, sickly, ailing children in this vicinity we publish the following letter:

Mrs. J. P. Weatherford, Litchfield, Ill., says: "We have had an invalid child for the past nine years and until we began using Vinol, we sometimes thought there was little hope for him. He would have terrible coughing spells at night, and they would leave him so exhausted. We tried everything, but to no avail. At last some one suggested that we try Vinol and we noticed a change in him from the very first. The coughing spells ceased and he gained strength right along. We would not be without it and would advise parents who have frail and weakly children to try Vinol.

This is because the child needed the strengthening cod liver elements and the tonic iron that Vinol contains. No oil, delicious taste. Children love it. We give your money if Vinol does not benefit. Geo. A. Gorgas, Drugist, Harrisburg, Vinol is sold in Steelton, Pa., by T. Prowell, P. S.—For rough, scaly skin, try our Saxo Salve. We guarantee it.—Advertisement.

Purified Blood—SOLVES Most of Sickness Problems

People who have been poulticing and anointing for years and years marvel at the way S. S. S. does the work.

When you come to realize that the skin and flesh beneath are composed of a network of tiny blood vessels you solve the mystery.

There are wonderful medicinal properties in S. S. S. that follow the course of the blood stream just as naturally as the most nourishing food elements.

Thousands know it to be really a remarkable remedy. It contains one ingredient, the active purpose of which is to stimulate the tissues to healthy selection of its own essential nutriment. And the "medicinal elements of this matchless blood purifier are just as essential to well-balanced health as the nutritious elements of the meats, grains, fats and sugars of our daily food," said a well-known physician.

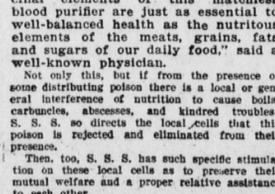

Not only this, but if from the presence of some debilitating poison there is a local or general interference of nutrition to cause boils, carbuncles, abscesses, and kindred troubles, S. S. S. so directs the local cells that this poison is rejected and eliminated from their presence.

Then, too, S. S. S. has such specific stimulation on these local cells as to preserve their mutual welfare and a proper relative assistance to each other.

Not one drop of minerals or drugs is used in its preparation. Ask for S. S. S. and just insist upon having it. And you desire faithful advice and counsel upon any matter concerning the blood and skin, write to the medical department, The Swift Scrub Co., 312 West Blvd., Atlanta, Ga.

Do not allow some zealous clerk to larnp the atmosphere in eloquence over something "just as good" as S. S. S. Beware of all substitutes.

RAISE \$6,000 AT MINGES' RECEPTION

Fourth Street Church of God Has Rapid Growth During Rev. Stinson's Pastorate

Prior to leaving for their next campaign at Wellsville, the members of the Minges Evangelistic Company were given a rousing reception at the Fourth Street Church of Christ last night. At the request of the pastor, the Rev. F. J. Stinson, Mr. Minges took a few minutes to make an appeal for money to meet indebtedness against the church property and soon had nearly \$6,000 raised in pledges payable monthly.

When the Rev. F. J. Stinson took charge of this congregation two years ago there were less than fifty in the Bible school, a handful of unenrolled and unrecorded attendants, a huge debt and the memories of a violent quarrel. The Bible school now has an enrollment of 246, an Endeavor Society of seventy-five, a membership of over 300, fully organized and enrolled. When the Rev. Mr. Stinson came the Home Mission Society guaranteed his salary and has paid over half of the same all the time. Now the church is self-supporting, all debts provided for and a splendid bunch of people enthusiastically engaged in Christian work.
