The next meeting of the Presbyterian Association of Harrisburg and vicinity will be held in West Minister Presbyterian Church, Thursday, March 19, at 5 o'clock. Supper will be served at 6.15.

It is intended to transact regular business and have a discussion on several topics before supper. This will leave the evening clear for those who have other engagements.

The first discussion will be "Should we change the week of prayer from the first week in January to the week preceding Easter Sunday?" The sessions of Market Square and Pine street churches have asked that this subject be considered.

The Rev. George Fulton, of Mechanicsburg, and Elder E. Z. Gross will give us their impressions of "Billy Sunday" and his meetings. An opportunity will be offered to others to express their sentiments on this subject.

The day will be celebrated in a fitting manner. In the evening, Mr. Hart will preach on "One of the Nobodies."

At all the services the Williams' Jubilee singers that gives the concert in Technical High school, this evening will sing. Additional seating capacity has been provided for the thousands who will want to hear these singers.

SUITS AND COUNTER SUITS THREATENED

[Continued from First Page] placed in jail early yesterday afternoon and released two hours later by Judge Sadler. It is said that the commitment was not made out in proper form and could be construed to mean, if enforced, that the men had been sent to jail for life.

The hearing in the habeas corpus proceedings was held at 4.30 o'clock and councilmen, the chief of police and other officials say they were not notified in time to be present. A. M. Bowman, borough solicitor, was the only Camp Hill man in attendance.

To-day, it is understood, officials of the water company and Superintendent of Police Charles E. Fox and Highway Commissioner Isaac Wolfe will be named in the suit, which alleges false arrest.

To Seek Injunction While the water company is having papers prepared in Camp Hill one of the citizens here is having papers for injunction proceedings arranged in Harrisburg for presentation to the Cumberland County Court early next week. The temporary injunction, if granted, will restrain the company from turning off water in Camp Hill until the present litigation is settled.

The Ordinance Copies of the ordinance which gave the company the right to enter the borough and the ordinance fixing the rates will be offered to the court. Important sections of the former, adopted by Camp Hill council October 22, 1897, follow:

"Section 1. The rates for water charged to the citizens of Camp Hill shall at no time exceed the charges in the city of Harrisburg at a corresponding period and at no time shall the rates be in excess of those in Harrisburg at the present time.

"Section 2. A bond of \$1,000, with such sureties as are acceptable to the said council, shall accompany this ordinance, and in the event of failure to carry out any or all of the provisions of the ordinance the amount of said bond shall be forfeited to the said council and all rights of said Riverton Water Company under this ordinance shall cease."

Ordinance No. 59, approved May 7, 1906, says: "Section 1. That the meter charges for pure mountain water shall at no time exceed the sum of 20 cents for 100 cubic feet; and all other charges for pure mountain water shall be the same amounts as fixed by the ordinance No. 33, approved the 22d day of October, 1897."

"Section 2. At the end of five years from the adoption of this ordinance the meter charges for pure mountain water shall be such less sum than 20 cents for 100 cubic feet as shall be agreed upon by the council and the Riverton Water Company or its successors."

It is said pure mountain water is not being furnished in Camp Hill at the present time. At a conference of Councilmen Naylor, Stroud, Orr, Myers and Fry last evening it was decided that they ask the borough solicitor to notify the attorney for the citizens' committee to have him instruct citizens of the borough to pay the increased rate asked by the company until the present fight is finally disposed of and that the company be asked to furnish a bond in the sum of \$5,000 to insure a refund of money to the consumers should the old rate be sustained by the court.

COUNTY AND CITY CONTROLLER OFFICE [Continued from First Page] of many officials. That Mr. Gough could serve as city controller until his term expires next year is generally conceded, and the same salary as provided for his term could be drawn. This is \$2,000.

The general impression in municipal circles here is that Mr. Gough has been holding off the election of a city controller until after the question is settled as to whether Mr. Gough's present office of county controller is supported by a constitutional act. The problem of constitutionality has been pending in the Blair county courts for several months. Should the courts hold that the act is unconstitutional, and that therefore Mr. Gough cannot continue to hold his present office, then, it is pointed out, he could readily fall back on the city controllership.

The Change of Office The inauguration of the Clark commission form of government for Harrisburg made it incumbent upon the superintendent of finance and accounts to take over practically all the work handled heretofore by the city controller. Superintendent W. K. Gorgas accordingly has been filling this job since taking his oath. He has been assisted by auditor Verbeke, former clerk of Mr. Gough and now holding a similar position with Mr. Gorgas.

That the office of controller has been infinitely less arduous in view of the abolition of the "blanket" generally conceded; the duties, in fact, as has frequently been pointed out by those in position to know, may not require more than a couple of months' work a year in the future. It will be more or less a matter of auditing.

Council thus far has made no provision in the 1914 budget for any extra salary for the city controller or auditor. JAGGED; NEARLY JAGGED William Stroesser, a cripple, who resides near Hummelstown, the police say, was jagged last night. He was found asleep in Walnut street near Fourth, with a gold watch and \$74 in his pocket. Stroesser put up a fight, after he had sobered up, and returned to-day for a reprimand from the Mayor, and received his valuables.

STOUGH REVIVALS STIR THOUSANDS [Continued from First Page] declared that a very marked degree of efficiency, resulting in increased output, was observable in the car construction departments.

Nearby Towns Represented Ashland, Shamokin, Gordon and other mountain towns are contributing to the crowds in attendance upon the meetings now in progress here, while last night 1,800 converts and church workers came up from Sunbury, twenty-six miles away, in two special trains of twenty-five coaches. Nearly 6,000 persons crowded into the tabernacle and fully 1,000 were turned away at this service, which was swept with a marvelous display of enthusiasm and religious fervor.

Each night the thousands in the tabernacle listen to stirring appeals themselves but they are not gaining the Bull Moosers. Tuesday and Wednesday of next week are the days on which assessors will sit at the polls in boroughs and townships to receive enrollments and they are the days on which people who have not enrolled must put down their names in order to participate in the party primaries. Enrollment is governed by the majority of candidates marked by voters last fall.

WATCH FOR IT

BRUMBAUGH'S STAND The Philadelphia Ledger said to-day: "Doctor Brumbaugh yesterday was asked to say whether or not he would declare against Senator Penrose, and he had been asked to comment on the editorial in yesterday's Public Ledger, which said that the school superintendent should state his attitude toward the Penrose domination of the Republican organization."

Deals in Fundamentals There is no half-splitting theology in Dr. Stough's sermons. He preaches what he shouts in clarion tones is the only universal religion. He exalts Jesus of Nazareth, makes much of His deity and proclaims Him as the Son of God and the Saviour of the world. He lays stress upon the love of God, but in the same sentence makes sinners gasp by his description of hell, the existence of which he asserts, is proved by the fact that there was a Calvary.

Dr. Stough draws many of his illustrations from the Bible and has a power of graphic description which makes the narrative of Scripture very real. He is intense from the start, has a gesture for every sentence, while his face pictures the passion of his message.

What is the secret of this man's power over his auditors? Only one answer seems to have been reached. It lies in the plain Gospel truths he presents, his evident belief in the Bible and his exaltation of Jesus of Nazareth as the friend of sinners. He accepts the whole canon of Scripture and makes telling use of its passages and the stories of Holy Writ.

"Hitting the sawdust trail," as the phrase goes in the Rev. Billy Sunday's meetings, is a vastly different process in the tabernacle of Dr. Stough. A few front benches remain empty during the first part of the service. Then men and women are urged to "Get right with God" and to indicate their desire to lead a new life by occupying the empty benches directly in front of the speaker's platform.

Enrollment Shows Return to Party ty the assessors have been busy enrolling men who want to get on the Republican list and in the Juniata valley counties there is a very significant movement back to the Republican party. This is especially strong in Huntingdon and Mifflin counties. The Democrats by dint of great endeavor on the part of factionists are increasing their enrollment among

RETAILERS FORM CHAMBER DIVISION Merchants Organize For Purpose of Co-operation, Protection and Sociability

Retail merchants who are members of the Harrisburg Chamber of Commerce dined at the Colonial Country Club last night and formed an organization, to be known as the Retail Merchants' Division, the purpose of which is co-operation, protection and sociability.

The new division starts with a large membership and will have monthly meetings. Important work will be placed in charge of committees, including one to be on the lookout in a movement to keep the city free of tinner vendors and another to provide entertainment and speakers for the regular and special meetings. The officers named last night were: A. W. Moul, of Rother Company, chairman; J. S. Musser, of the Dauphin Electric Company, and George E. Whitney, of Jernold's, first and second vice-chairmen; Robert M. Wadsworth, secretary, and George W. Bogar, treasurer.

PLAN CONVENTION Many Harrisburgers are preparing to attend the thirty-fourth annual encampment of the Pennsylvania Division, Sons of Veterans, to be held at Sunbury June 14-21. The camp will be located near Rolling Green and will be named "Camp Colonel James Cameron." A sham battle and a monster parade to be reviewed by Governor Tener will be features.

Abatement of the smoke nuisance was demonstrated by Professor W. W. Strick, of the University of Pittsburgh, who gave a talk last night before the Engineers' Society. He spoke on "The Electrical Precipitation of Smoke and Fumes," and with a tiny smokestack and electrical apparatus showed tobacco smoke trailing through the stack disappear when electric current was turned on.
