

IN SUCH PAIN WOMAN CRIED

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So. Dakota. "I used to be very sick every month with bearing down pains and backache, and had headache a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times."

man advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound."

Why will you continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when you can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Breaks the Fetters That Bind Men

Hundreds Here Know It.

"Break away from that ailment or complaint that unites you for business or pleasure. You cannot expect the fullest enjoyment or pleasure in life fettered to a 'drag,'" says an eminent physician, writing to a man who has been a sufferer in this city. "Break the fetters that bind you. Throw them off. Begin new life to-day. Regulate the hours of sleep. Choose carefully your food. Read cheerful inspiring papers or books. Let the following prescription be used regularly for several weeks or months, and all such symptoms as these will vanish: Dull, sunken eyes; cold extremities, backache, headache, sleeplessness, thinness (or over fat), weakness in the spine, twitching, spots before the eyes, pains in back of head, trembling, fatigue, despondency, impaired memory, loss of appetite, flabby muscles, shrinking skin, constipation, kidney disorders and a general restlessness and inability to do important duties when they should be done."

For Sore Throat and Chest Colds

BEGY'S MUSTARINE banishes chest colds, sore throat, tonsillitis, pleurisy, deep seated coughs overnight, and a great big box costs but 25 cents at your druggist's. Quinsy and croup go at once, and colic or stomach cramps are easily conquered. It's so easy, too; just rub it on, that's all; it's deeply penetrating and will not blister. Use it freely.

BEGY'S MUSTARINE is the original; it draws out all pain and agony wherever located. For Rheumatic Pains and Swellings, Sprains, Bruises, Stiff Neck and Cramps in Leg it is most wonderful. It's far better than hot water bottles, liniments, plasters or poultices, and a box is equal to 10 old-fashioned mustard plasters. Mail orders filled, charges prepaid by Begy Medicine Co., Rochester, N. Y.—Advertisement.

RETURNS OF PARTY ENROLLMENTS TODAY

County Commissioners Sit in Special Session to Pay Assessors

Dauphin county's Board of County Commissioners met in special session today to receive the returns of the party enrollment assessors throughout the county and to O. K. the warrants for their pay. The enrolling officers sat in every precinct of the county outside the city during the last two days and the books were presented to the commissioners' office to-day. By noon sixty had reported and the others drifted in during the afternoon. A few late ones may not get in before morning.

The appropriation to cover the expenses is \$2,500. Each assessor is allowed \$2 per day and mileage for the purpose and each one presented a bill for three days, an extra day being allowed for making the returns.

Arbitrators in Council Chamber.—The board of arbitration which is trying to settle the dispute between the city and the W. H. Opperman Company over some "extra" items of material for the river wall, met yesterday in the council chamber because No. 2 was occupied with criminal court trials.

Building Permits Issued To-day.—Dr. E. H. James to-day got a permit to remodel 608 North Third street, for the purpose of converting the residence into two apartments. The improvement will cost \$2,000. Charlie D. Stucker got a permit to build a brick garage in the rear of 206 Rely street at a cost \$200.

To Sell Stock.—Two certificates for 125 shares of United Water and Guarantee Company stock each, will go under the hammer at public sale in front of the courthouse at 10 o'clock Saturday morning, April 4. The stock had been given as collateral security for notes which have been unpaid and are overdue. Edwin W. Gerhart will sell the stock.

No Change in Jail Windows Before Spring.—Until the weather becomes milder it is doubtful if any of the proposed changes of windows in the lower floors of the county jail will be attempted by the county commissioners. Alms-house Inmate Attacks Director.—Poor Director Charles L. Boyer was attacked and struck over the head by an inmate in the county alms-house yesterday. The imbecile aimed a couple of whacks at Mr. Boyer's head, but the latter's agility and soft hat saved him from harm.

Because there will be no need of a new jury wheel before December, it is doubtful if the recommendation of the jury commissioners for a new wheel will be considered by the county commissioners before Fall. The present jury wheel cannot be refilled any more this year, but in December the names for the year of 1915 will have to be empaneled. The county expects to furnish a new wheel by that time.

Helping Hand Holds Birthday Anniversary

BREEDING HENS SHOULD BE IN MOST SPLENDID HEALTH The fundamental requirements for the production of strong healthy chicks is healthy breeding stock. It cannot be expected that fowls will produce eggs with strong embryos unless they are full of health and vigor. Unless a hen is in splendid health, she cannot devote her best energies to the production of vigorous chicks. Breeding stock lacking strong vitality and vigor produce eggs with weak embryos, which in turn produce poor hatches of weak, puny chicks. Constitutionally vigorous breeding stock is bound to lay eggs with strong germs, and such eggs cannot help, if given half a chance, hatching robust healthy chicks. Healthy chicks are easy to rear with ordinarily good care, because their very vigor and health act as a buffer against disease and dietary troubles.
