Boys' Knee Pants Special values in Cheviot Mixtures, 50c

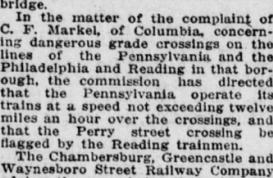

Special Boys' Rain Coats \$5.00 Quoties at \$3.95

BRIDGE ORDERED BY THE COMMISSION

Schuylkill Railways Company Must Replace Structure at Shenandoah at Once

DEARDORF CASE IS HELD UP

Lancaster, Franklin and Adams County Cases Are Decided by State Board

The Public Service Commission today notified the Schuylkill Railways Company that the bridge over the Shenandoah creek between Shenandoah and Girardville, on the line of the Schuylkill Railways, must be placed in safe condition without any more delay. The complaint against the condition of this structure was brought by the borough of Shenandoah and several months ago the investigator of accidents for the commission practically condemned it as being unsafe for the operation of trolley cars. Unless something satisfactory is done before April 1 the commission will issue an order directing the cessation of travel over the bridge.

In the matter of the complaint of C. F. Markel, of Columbia, concerning dangerous grade crossings on the lines of the Pennsylvania and the Philadelphia and Reading in that borough, the commission has directed that the Pennsylvania operate its trains at a speed not exceeding twelve miles an hour over the crossings, and that the Perry street crossing be closed by the retaining wallmen.

The Chambersburg, Greencastle and Waynesboro Street Railway Company advises the commission that when the necessity demands it, an extra car will be placed to serve to meet the complaint filed by Edwin D. Stouffer, of Greencastle; and in the matter of the complaint of T. J. Hickey, of Littlestown, the commission does not feel that it is necessary to order the Pennsylvania Street Railway Company to discontinue carrying freight on its cars.

Spoke at Doylestown.—Director A. L. Martin, of the division of institutes, spoke yesterday at Doylestown, where the Bucks county farmers' institute opened. He discussed extension of educational work with many farmers.

Governor Due to-night.—Governor Tener, who spoke at Franklin last night, is expected to return to the Panama Exposition committee executive committee will meet in his office to-morrow.

Luzerne Meeting.—The supervisors of Luzerne county are holding their first meeting for organization under the township road act today. It is expected that plans for State aid in planning some road improvements will be made.

Report on Farms.—The bureau of statistics of the Department of Agriculture has received a couple of preliminary reports in answer to its request for information as to abandoned farms. It appears that farms instead of being abandoned are allowed to run down or are neglected and consequently deteriorate as producers.

Lebanon Armory.—Efforts will be made at next meeting of the State Armory Board to have a site for the Lebanon armory approved. If possible, the board will build out of this year.

In Brick Company.—Senator Enos M. Jones, of Altoona, was one of the incorporators of the Altoona Brick Company, just granted a State charter.

Case Put Off.—The hearing of the quo warranto proceedings brought by the State against Miss Neva Deardorf, acting as registrar by the city of Philadelphia, by whom she is acting as State registrar of births and deaths, was postponed in the Dauphin County Court to date until March 27. The State is represented by Deputy Attorney General E. E. Cunningham and State Commissioner of Health Samuel G. Dixon, was prepared to proceed, but word was received from Philadelphia that the city authorities desired a continuance.

STEELTON MIDDLETOWN CHESHIRE ROYALTON OBERLIN ENHAUT

TORIGIDLY ENFORCE VIOLATING PICTURE LAW

State Inspectors Visit Borough; Report Flagrant Violations

Rigid enforcement of the laws governing the operation of moving picture theaters and other places of amusement is planned in Steelton as a result of a visit here last evening by Inspectors Hite and McCormick, of the State Department of Commerce and Labor.

These men, in company with Chief of Police H. P. Longmaker, visited all the places in the borough. At many places flagrant violations of the laws were noticed. At one of the theaters there were only two exits, one in front and one in the rear. This rear exit was placed high above the floor so that it was necessary to climb a steep flight of steps to escape from the building.

In the same building, the aisles were crowded with people and many more were standing in the open space in the rear of the theater. Chief of Police Longmaker ordered the aisles cleared and the theater closed.

As a result of last evening's inspection Chief Longmaker has issued a warning to all "movie" owners in the borough. He calls attention to the regulations set out by Commissioner John Price Jackson, and threatens to close the theaters unless these regulations are obeyed.

Attention is called to the rule that there must be at least two exits in both the front and back of the theater; aisles must be at least four feet wide and there must be a center and two side aisles. The exits in the open space in the rear. The booths for the machine and operator must be of steel and lined with sheet asbestos and equipped with drop slides over the openings.

STEELTON SNAP SHOTS

Stands Placed.—A committee from the Steelton Athletic Club went over the Cottage Hill athletic field last evening and decided where to have the stands erected. It was decided to build two stands with a seating capacity of 400, one along the third and the other along the first base line. The present set of bleachers along the right base line will be placed in the left field.

Pass Resolutions.—The Central Democratic Club, in a special meeting, passed resolutions of regret upon the death of ex-Postmaster Ellsworth M. Daron. M. B. Caton, C. Hess and Theodore M. Jumper framed the resolutions.

Alkins Here.—The Rev. T. D. Attkins, formerly pastor of Mount Zion Baptist Church, now located in Philadelphia, will be in town to-morrow evening. He will officiate at the wedding of Harry May and Mrs. Millie Jefferson.

The Rev. Mr. Schools Leaves.—Members of the Central Baptist Church, Main and Trewick streets, were surprised this morning at the announcement of the Rev. George T. Schools that he had accepted a charge at Turbotville, Northumberland county. The Rev. Mr. Schools will spend a short vacation at his home in the South and will assume his new charge after April 1.

Machinist Hurt.—Caught between two heavy bars of steel, Joseph Shott, of 728 Mohr street, a machinist's helper at the steel works, was badly squeaked.

Will Hold Ball.—The East End Band is arranging to celebrate its second anniversary with a dance and entertainment in Croation Hall the evening of March 25.

Hold Benefit Show.—Under the auspices of St. Peter's Catholic Church Decker's moving pictures will be shown in St. Aloysius' Hall, South Second street, the evenings of March 27 and 28.

Will Observe Arbor Day.—Plans are on foot to have a big celebration on Arbor Day. The Municipal League recently appointed a committee to arrange for the celebration. A tree was planted in the Luther R. Kelker parkway on this day. The Civic Club will also join in the celebration.

BUILDING BOOM IS STARTED AT STEELTON

Five Permits Issued This Morning; Grace U. E. Church to Build Addition

Rumors of a big building boom for Steelton during the spring and summer were confirmed in part this morning when Borough Secretary Charles P. Feldt issued five building permits. One of these was for the erection of nine three-story frame houses in Harrisburg street.

The razing of some fifty-odd property in the lower West Side to make room for the building in Harrisburg and Pennsylvania Steel Company has created a big demand for houses. In fact, there was a strong demand for about 200 houses by the steel company because of its improvements, as is evident from the efforts of the Municipal League to interest outside capital in Steelton building operations.

The permits this morning were issued to C. F. Messinger for the erection of nine three-story frame dwellings in Harrisburg street between Walnut and Pine streets; to Cornelius Beden, for a stable in the rear of 529 Ridge street; to the Grace United Evangelical Church for a large addition to its building in Lincoln street; to C. H. Alden, garage, Harrisburg and Pine; M. Gittlin, stable, 502-504 South Third street.

REDEEM BOND.—From the office of its treasurer in Philadelphia the Pennsylvania Steel Company has called in 43 bonds, amounting to \$14,000 of the issue of October 1, 1902, mortgage on the Cornwall ore banks. These bonds will be redeemed by the Girard Trust Company in Philadelphia, at 105 per cent, and accrued interest until April 1, 1914.

BABY GIRL DIES.—A five-month-old daughter of Mr. and Mrs. Charles Miller of Bressler died yesterday. Funeral services will be held to-morrow. The Rev. A. K. Wier, pastor of the Centenary United Brethren Church, will officiate and burial will be made in the Oberlin Cemetery.

RESOLUTION OPPOSES REPEAL OF TOLLS

Senator Chamberlain, of Oregon, Introduces Measure Paving Way to Action on Old Act

Washington, March 24.—Basis for an important phase of the argument against the administration proposal for repeal of the tolls exemption provision of the Panama Canal Act was placed before the Senate to-day, when Senator Chamberlain, of Oregon, introduced a resolution which would pave the way toward repeal of a section of the rivers and harbors act of July 5, 1884, providing that no tolls or operating charges be charged on any vessels "through any canal or other work for the improvement of navigation belonging to the United States."

Policy Reversed.—After setting forth in detail the purpose sought by the government in the act of 1884, the Chamberlain resolution states that "if the free tolls clause of the Panama Canal Act is to be repealed and tolls are levied upon vessels engaged in the coastwise trade of the United States the policy of the government is to be completely reversed and the act of July 5, 1884, ought to be repealed and tolls charged upon all the improved waterways and canals of the country so that there might be uniform system for the use of these utilities." The resolution further states that "in anticipation of a possible repeal of the free tolls clause of the Panama Canal act and of a reversal of the time-honored policy of the United States with reference to river and harbor improvements and canal construction and operation of these government utilities free of charge to all commerce and in order to ascertain the facts in reference to these improvements, the secretary of war be requested to furnish the Senate information regarding the expenditures the national and State governments have made in the construction or improvement and maintenance of canals, rivers and harbors; tolls collected; and also information regarding treaties in force with foreign governments regarding tolls."

Costs Four Hundred Millions.—Senator Chamberlain's resolution asserts in its preamble that "the Panama canal has cost the United States more than four hundred million dollars and is built upon soil which to all intents and purposes belongs to the United States and forms a part of the United States coast line." The resolution was referred to the Committee on Inter-oceanic Canals.

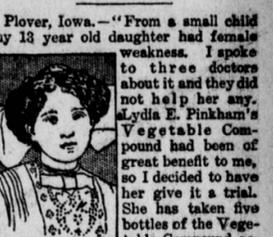

READY MONEY

\$5 \$50

There are a great many people who either are not familiar with our methods of loaning or have the wrong impression of borrowing money. Borrowing cash nowadays is simply a matter of business. Every man, from the wealthiest down to the wage-earner, some time or other needs ready funds when he does not have it, consequently he is compelled to borrow. If you need money for an investment or for meeting back bills, etc., don't ask your friends; be independent—investigate our method of doing business. NO SECURITY ASKED. EVERY TRANSACTION CONFIDENTIAL LICENSED BONDED EMPLOYEES' DISCOUNT CO. Security Trust Building 36 NORTH THIRD STREET

MOTHER OF SCHOOL GIRL

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Daughter's Health.

Plover, Iowa.—"From a small child my 13 year old daughter had female weakness. I spoke to three doctors about it and they did not help her any. Lydia E. Pinkham's Vegetable Compound had been of great benefit to me, so I decided to have her give it a trial. She has taken five bottles of the Vegetable Compound according to directions on the bottle and she is cured of this trouble. She was all run down when she started taking the Compound and her periods did not come right. She was so poorly and weak that I often had to help her dress herself, but now she is regular and is growing strong and healthy."—Mrs. MARTIN HELVIG, Plover, Iowa.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you are ill do not drag along and continue to suffer day in and day out but at once take Lydia E. Pinkham's Vegetable Compound, a woman's remedy for woman's ills.

Item Welcomed By Many Men

This recipe can be filled at home so that no one need know of another's troubles, as the ingredients can be obtained separately in any drug store. They are in regular use and many different prescriptions are constantly being filled with them.

This will prove a welcome bit of relief for all those who are overworked, gloomy, despondent, nervous and have trembling hands, aching joints, dizziness, cold extremities, insomnia, fear without cause, timidity in youth and general inability to act naturally and rationally as others do, because the treatment can be prepared secretly at home and taken without any one's knowledge. Overworked men and the many victims of society's late hours and dissipation will, it is said, find the restorative they are in need of.

If the reader decides to try it, get three ounces of ordinary syrup, three ounces of cod liver oil, one ounce compound fluid balsam; mix and let stand two days. Then add one ounce compound essence cod liver and one ounce tincture cod liver and one ounce (not cod liver) mix all together, shake well and take a teaspoonful after each meal and one after each other work.

A certain well-known medical expert asserts that thousands of men and women may know what sufferers all because of dormant circulation of the blood, and a consequent impairment of the nervous force which begets the most dreadful symptoms and untold misery.

One of the many reasons why Lung Trouble is so difficult to fight is because the disease is often of a very flustering nature. The patient may look well, but it really is fast losing strength by continued night sweats, fever and cough. These symptoms should be checked as quickly as possible. Eckman's Alternative is beneficial in checking fever and night sweats and it has brought about many complete recoveries. Read this case: 305 W. 36th St., New York.

"Gentlemen:—I am writing you this testimonial that others may know what your Alternative has done for me. Since I was a very young woman I was a sufferer from Bronchitis. I tried doctor after doctor, getting little or no benefit. Finally I had night sweats, weak spells and lost rapidly in weight and my doctor told me if they were not checked I would have Lung Trouble. Miss Mary Korham, who is a friend of mine, recovered after taking your Alternative and insisted that I try it. I am now after two years perfectly well, strong and healthy." (Affidavit) MRS. ROSA VOELPEL. Above abbreviated; more on request.

Eckman's Alternative has been proven by many years' use to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds, and in up-building the system. Contains no narcotics, poisons or habit-forming drugs, sold by leading druggists. Write the Eckman Laboratory, Philadelphia, Pa., for booklet, telling of recoveries and additional evidence.

Don't Neglect Catarrh

or resort to snuff and vapors—they only irritate the delicate membranes. Modern science proves catarrh a symptom of poor health. Treat the cause with SCOTT'S EMULSION which contains pure cod liver oil to enrich the blood and energize the system, hypophosphites to nourish and up-build the nerves, and glycerine to soothe and heal. Thousands testify that Scott's Emulsion overcame catarrh in a permanent, natural way and it will surely help you. Avoid the alcoholic substitutes.

MILITIA CALLED OUT TO QUELL DISORDER

[Continued from First Page.]

military protection. A detail from the Seventy-fourth Regiment guarded the transit road crossing, the scene of yesterday's rioting in which one man was killed and several injured. There was no sign of trouble there to-day.

Crowd Is Dispersed.—Groups of the strikers and their sympathizers gathered near the main entrance of the State Armory when the train arrived. The crowd dispersed when ordered to leave by the officers in charge but quickly reassembled at another entrance. There Company D, under Lieutenant Berfield had to use their bayonets freely before the mob would scatter. One man was wounded. He was taken away by his companions.

The departure of the First Battalion of the Seventy-fourth Regiment from Buffalo was delayed half an hour because of the refusal of the motormen, acting under orders from their union officials, to move the street cars after the soldiers went on board. The cars were arranged to carry the guardsmen from the armory to the Lackawanna station on the street cars and thence by special train to Depew. The motormen brought the cars to the switch in front of the armory, but when the first soldier stepped on board all left their posts.

One Employee Attacked.—Major Kemp ordered the motormen to leave their controllers on the controller boxes and a' but one of them did so. When he refused to give it up he was promptly knocked down with the butt end of a rifle. The cars were then manned by supervisors of the International Street Railway Company and one or two soldier electricians.

The street car men who deserted their posts later demanded their reinstatement to-day and rumors of a threatened street railway strike were current.

The First and Third Battalions of the Seventy-fourth Regiment are guarding the coupler plant, while the Second Battalion is held in reserve at the Buffalo armory. The Sixty-fifth Regiment has also been ordered to assemble but will not be brought to Depew unless the situation grows more serious.

ENGINEERS SOCIETY TO CELEBRATE ANNIVERSARY

The tenth anniversary of the organization will be celebrated by the Engineers' Society of Pennsylvania, Tuesday night, March 31, at the club house, 31 South Front street. Short speeches by past and present officers, music and luncheon will occupy the evening.

ELLSWORTH DARON BURIED

The funeral of Ellsworth M. Daron, ex-postmaster of Steelton, who died Friday, was held from the Dr. M. P. E. Church, 522 North Second street, yesterday afternoon. The Rev. Dr. R. P. Hoeker, pastor of St. John's Lutheran Church, officiated and burial was made in the Baldwin cemetery. The pallbearers were R. M. Frey, David Diegel, Albert Metzger, John Baughman, Levi Roth and John J. Newbaker.

MIDDLETOWN

COLORED VOTERS ORGANIZE.—The Independent Political Club, composed of a number of colored voters of the town, was organized at a meeting in the restaurant of E. H. Wilson, Market street, last evening. Thirty-six voters signed the charter.

WATER MAIN BREAKS

A break in a water main left a large section of Union street, Middletown's principal business section, without water for several hours yesterday. The break was repaired without damage.

MISS McDONALD ENTERTAINS

Miss Catherine McDonald entertained a number of friends at an auction party in honor of Mrs. Thomas McDonald, of Carlisle. Refreshments were served to about fifteen guests.

MIDDLETOWN PERSONALS

Herman Myers was the guest of friends in Hershey Sunday. Edward Stewart has returned to his home in Kleinfeltersville after a visit with his son, John Stewart, Spring street. Mr. and Mrs. Samuel McCurry, of Philadelphia, were recent guests of friends here. The Rev. I. H. Albright was in May town yesterday. Mrs. Joseph Lewis has returned from a visit to relatives in Lock Haven. Harvey Brant was in York Sunday.

WHY COUGH?

Most coughs are useless. Then why cough? Better go to your doctor. Ask him to prescribe. If he orders Ayer's Cherry Pectoral, take it. If something else, take that. Let him decide. J. C. Ayer & Co., Lowell, Mass.
