

"The Globe" Wants a Word With Men and Young Men About Correct Easter Clothes

An army of Good Dressers will buy their Easter Suits this week. The great majority of them will turn to "The Globe" for the correct styles and superior tailoring; the young men and men of Harrisburg and vicinity, know that "Globe Clothes" are, are not only the best looking, but can be bought for less money than the same qualities can be had at any other store.

"The Globe" wants to be known as "The Store That Values Built" and we'll always live up to that reputation, by giving greater values than ever.

Our \$15 Suits---Known Everywhere as "Globe Fifteens"

have carried the banner of popularity for years, for we're constantly planning and working to give to the people still greater values than before. Our \$15 Easter Suits are models of perfection, and bear the strict Globe Guarantee.

Our \$20.00 Suits---Nothing Like Them at the Price

are equal in every way to the \$25 Suits that many stores show; the fabrics, the colorings, the models, every feature will appeal to a careful dresser, and prove the well established fact that there are no clothes like "Globe-Clothes."

Fashion Clothes

"Globe-Balmacaans"—the English models made with Scotch Cheviots. Our price is \$15—the full sweep, kimono sleeve effect, that look so stunning on young fellows. Our Balmacaans are Priestley cravenetted cloths, so you get a combination Overcoat and Raincoat.

NEW COMPENSATION BILL READ TO READ

Commission Announces That Its First Meeting Will Be Held on Thursday

Announcement was made last night by the Industrial Accidents Commission for the State of Pennsylvania that it has prepared for distribution a bulletin containing the text of bills recommended by it for introduction in the next Legislature.

Included among the measures is an employer's liability act, similar in most respects to the one originally passed by the State House of Representatives during the last session of the Legislature, but which was amended by the Senate and finally refused by the House. The bill eventually died in committee.

For a free discussion of this last bill drafted by the commission there will be a conference of delegates to the Central Labor Union and all officers of trade unions throughout the State at Philadelphia on Thursday. James H. Maurel, president of the Pennsylvania State Federation of Laborers, is expected to address the conference.

John Price Jackson, State Commissioner of the Department of Labor and Industry is also expected to be present. Asks Hearing.—The Pennsylvania Railroad Company has petitioned the Public Service Commission for a hearing in the matter of the enforcement of the order providing drinking water and sanitary cups in the passenger cars and agency stations of the railroad companies operated in this State.

It is claimed that the order of the Commission is unreasonably severe and not necessary for the proper accommodation of the traveling public. S. Howard Smale, of Reading, the handling freight agent at the depot in North Eighth street, between Helm and Buttonwood streets, in the city of Reading on the line of the Philadelphia & Reading, C. A. Jayne and other residents of Skaneateles, Wyoming county, complain of the station facilities on the Lehigh Valley at that point.

State Charters.—State charters were issued to-day to the following: Merchants Realty Company, Philadelphia, capital \$10,000; Bluebird Amusement Company, Philadelphia, capital \$5,000; Chester Dairy Supply Company, Chester, capital \$50,000; College Drug Company, State College, capital \$10,000; Eastern News Syndicate, Philadelphia, capital \$5,000; P. Erwin Swartz, Inc., real estate, Philadelphia, capital \$50,000; Jeffrey Sales Company, automobiles, Philadelphia, capital \$25,000; Star and Sentinel Publishing Company, Gettysburg, capital \$15,000; Lincoln Stone Co., Scranton, capital \$50,000; Collins System of Physical Culture, Philadelphia, capital \$10,000; William G. Ardy, real estate, Philadelphia, capital \$5,000; Crystal Ice Company, Wilkes-Barre, capital \$25,000; Bloom and Vashburn, Inc., stone, etc., DuBois, capital \$10,000; Fairview Motor Company, Reading, capital \$10,000; Kretzner Bros., Inc., building, Honesdale, capital \$20,000.

Mellott to Run Again.—William E. Tobias, Ferguson township, Clearfield county, to-day filed a petition to be a candidate for the Democratic nomination for Congress in the Twenty-first district. Five petitions for nominations to the House of Representatives are as follows: George B. Mellott, Clearfield, Fulton; Charles J. Drardorf, Cash-ton, Republican; Adams, C. F. Mill, Park, Democrat; DeWitt C. Smith, Westboro, Washington; Toga; James H. Henderson, Glenside, Washington, First Montgomery.

Up to Directors.—The Attorney General's Department has given an opinion to Secretary Bromley Wharton, of the State Board of Public Charities, to the effect that he should address to the Board of Public Directors of York county recommendations for the erection of a new almshouse in that county. The question arose as to whether the poor directors or county commissioners of York were responsible owing to several acts of the care of poor.

Eight Vacancies.—Eight vacancies, the largest number in a long while, exist in the State police force to-day and an examination of recruits will be held Wednesday. The vacancies are due to expirations of enlistments and there is a lack of applicants with regular army and marine corps experience as well as service in the National Guard.

Hunt Smallpox.—State medical inspectors started to-day to look up suspected smallpox cases in Lancaster and Chester counties. Smallpox now exists in four or five counties. Mothers' Pensions.—Fifty-seven applications for aid under the mothers' pension act were approved to-day by the Auditor General's Department to-day and probably as many more remain to be disposed of. The forty-nine applicants which were returned to Philadelphia for correction are expected within a few days and they were five from Beaver county found defective.

Work Goes On.—The rainy weather is not interfering with the demonstration of orchard methods according to reports received by State Zoologist H. A. Surface. The second week began to-day and there will be demonstrations in twenty counties.

NEW WAY TO DROP JUDGES

Washington, March 29.—Representative Hull, of Tennessee, plans to-day to vigorously press his proposed amendment to the constitution providing for a more simple and expeditious method of removing judges of the inferior courts found to be unfit for office. The amendment, which is now before the House Judiciary Committee, would, according to Mr. Hull, do away with the present cumbersome impeachment procedure.

THIRTY-FIVE THOUSAND MEN IN ENGLAND OUT ON STRIKE

Leeds, England, March 30.—Thirty-five thousand coal miners in the Yorkshire pits laid down their tools today, demanding an increase in a minimum rate of wages. Notices have been handed in by a further 35,000 men who will quit work on Thursday. The miners' federation of Great Britain has given its support to the strike and a long struggle is expected.

STEELTON TO STOP BUTCHERY OF TREES

Civic Club Will Ask Council to Appoint Shade Tree Commission

Senseless butchery of shade trees will be stopped in Steelton if plans of the Steelton Civic Club materialize. During the past month or so beautiful shade trees along many of the borough's principal streets have been hacked and maimed by workmen who were stringing wires for various purposes along the streets. Many of the trees have been cut and trimmed so badly that they have been made utterly useless for decorative purposes, say members of the Civic Club.

Mrs. L. E. Johnson, chairman of the Civic Club, asserted this morning that an effort would be made at the next meeting of Council to have a shade tree commission appointed to supervise the planting and trimming of trees in the borough. Several years ago this subject was brought before Council by the borough secretary and an ordinance creating a shade tree commission was passed. For some reason or other not generally understood no commission was ever appointed.

Bring Gifts to Aged Man on His Birthday

Comfortably seated in a big arm chair at his home, 38 South Second street, Mr. Robert Miller, one of the borough's older residents, picked up his paper, glanced at the date line and turning to his wife who sat knitting beside him, remarked that it was his birthday. A few minutes later however, a party of women members of St. John's Lutheran Church trooped into the house to congratulate the aged man. With them they brought many flowers, groceries, socks of flour and a purse well filled. While the women were still present a wagon drove up and deposited a load of coal in the cellar.

The joy of Mr. and Mrs. Miller was great. "Why I can't say how to thank these people," the venerable old man said with a smile. "Just please thank them through the paper for me, will you."

Tobacco Workers Learn Health Orders in Slavish

"Kikarapni a szivarnik a fejét a Bajszre Kopni Vagyszavart a szajvalmeg Vizeitseni TILOS." The above notice printed in bold face on white posters greeted the hundred of girls employed in Steelton's two cigar factories this morning.

As the girls wended their ways between the machines and around packing boxes there was a buzz of curiosity. Sally asked Mary if she knew. Mary didn't so she asked Jane. Neither did Jane so they all called to the forelady, who happened to be Slavish. She consented to act as interpreter.

In English the posters said: "Spitting on binders and wrappers or biting out the heads of cigars is strictly forbidden." The notice has been posted in all local cigar factories for the benefit of foreign employees and is the result of an order from the State Department of Health.

FIVE-FOOT DIKE FOILS THE RIVER

Score of Men Throw Up Embankment and Keep Water Out of Steelton

Although the Susquehanna river at Steelton was nearly two feet above the danger mark, the town suffered very little damage. This was due to a large dike hastily thrown up by workmen employed by the Steelton and Harrisburg Brick Company.

Last night a force of twenty men and a number of plows and teams worked throwing up a five-foot wall of earth behind the lowland near the old canal lock at Cameron street, Harrisburg. This bank of earth prevented the waters flooding the company's plant here and inundating a large part of the West Side which usually suffers most. At Middletown a large portion of the lower end of the town is under water. The cellar of the Wood street schoolhouse and many cellars along Pennsylvania street are full of water. Outside of the flooded cellars, however, little damage is reported.

The lowlands around Highspire are flooded and several clay banks of the Steelton and Harrisburg Brick Company are under water. This may cause that company's plant at Steelton to suspend operations for a few days until the waters subside.

Queueless Chinese Escape From Officer

San Francisco, Cal., March 30.—Single-handed, Patrolman Michael Miller raided a gamblinghouse in Chinatown last night and arrested thirty Chinese, but when he reached the police station he had only five in his party.

"You should know better, Miller," admonished the desk sergeant, "than to try to arrest so many all by yourself. How did you expect to bring them all in?"

"You see, sergeant," said Miller, "I haven't been on the Chinatown beat since the Chinese turned republicans and started to patronize the barber-shops. In the old days an officer with a wooden leg could have brought in thirty of them with out a bit of trouble, but last night when I made the raid and reached for their scalps, I found that every blessed one of them had got a haircut which prevented tying their queues together. It was the custom to tie them in squads of about a dozen and in this manner take them to the station."

REUNION IS PLANNED

Lincoln, Neb., March 30.—Seeking for a reunion of the conservative and progressive wings of the Republican party in Nebraska, representatives of the two factions met to-day in separate sessions and in each took up a discussion of proposals to reunite for the campaign next Fall.

"There are real guarantees, also talk imitations"

There are a lot of guarantees offered on roofings. Most of them are by irresponsible people or merely conversational guarantees. It's a very important thing in a guarantee that there should be responsibility, and that it should be in writing.

Certain-teed

Quality Certified Roofing Durability Guaranteed

Since we have been giving a regular written guarantee on Certain-teed Roofing, one class of competitors has been saying that their roofing "will generally last twenty years, or longer." They don't guarantee it, however, at all. It's very easy to talk, talk, talk and say any number of years in such talk, but responsible concerns must know all about their roofing if they do any more than talk—they must know their roofings really do last when they sign a printed guarantee of plain requirements that the roofing shall make good. Of course, the irresponsible type—those who are likely to go out of business soon—can sign anything. It's very important that the buyer should not be caught in such a trifling manner.

Another very important thing is, these talk guarantees are offered on the cheapest goods the manufacturers make; not being real guarantees, there is no risk. They say nothing about their highest priced brands and qualities—just offer the cheapest thing they have—offer a talk guarantee on cheap goods equal to the real guarantee given on Certain-teed Roofing. It's funny how many people they catch on such things!

When you buy a piece of roofing you should know—and know in writing—that it is the best quality—best brand goods made by that manufacturer. Remember—make him put this in writing, that it is his bet in every way, and that he have the guarantee in writing and properly signed, too.

It pays to be careful in buying goods where the quality could not be judged by the sample—where everything must depend upon the standing and ability of the manufacturer to make good over a long period of years in the future. Certain-teed Roofing is sold at a reasonable price everywhere by dealers who believe in giving unsurpassed quality at a fair price. The amount of Certain-teed Roofing required for an average roof, say ten squares, will cost less than \$5 over the cheap mail order grade. This small initial cost is saved many times in the fifteen years' wear which is covered by the manufacturer's guarantee.
