NEW DAILY AVERAGE IN CAR MOVEMENT

March Brought Best Record For the Year; Another Big Month

Late figures from over the main line of the Pennsylvania Railroad show the March freight movement a record for the third month of the year. The daily average movement was 6,070 cars. The comparison of months follows: March, average daily movement, 6,070; February, 1914, 5,853; January, 1914, 5,628; March, 1913, 5,968; March, 1912, 6,578; monthly average for 1913, 5,925. With reduced working forces, and different classes of freight cut from the preference list, Marysville yards had a busy week, ending April 2. This is an indication that April may be another record month at Marysville follows: March 27, trains 104, cars 3,129; 28, trains 101, cars 1,311; 29, trains 91, cars 2,784; 30, trains 72, cars 2,168; 31, trains 103, cars 3,043; April 1, trains 85, cars 2,584; 2, trains 100, cars 3,111; total, trains 656, cars 19,950.

Rate Decision Soon; Testimony All In

Special to The Telegraph Washington, D. C., April 4.—The Interstate Commerce Commission has granted the request of the railroads to have the advance rate case expedited through a decision as soon as possible on their petition for a 5 per cent. increase and by postponing a settlement of the collateral questions until after the main issue is disposed of. Developments yesterday led the carriers to hope for a decision by May 10 or May 15 at the latest. The commission clearly reserved to itself an opportunity for suggesting other ways for the railroads to increase their revenues in the event of a decision that the present revenues are inadequate. In other words, if the commission should be unwilling to grant a horizontal increase of 5 per cent. it will be able to make such increase and recommendations for economy as it sees fit.

MILLIONS OF NEW TREES TO BE SET OUT

State Forestry Authorities Plan a Big Replanting of Seedlings This Year

Over three and a half million seedling trees will be planted on the million acres of Pennsylvania's forest reserves this year according to a statement made today by Robert S. Conklin, State Forestry Commissioner. This work was authorized by the State Forestry Commission at its meeting this week and will be started within a few days. The exact number of seedlings to be set out is 3,557,000, of which all but 510,000 were raised on the State's nurseries. These nurseries are located in Franklin, Tioga, Potter, Clearfield, Huntingdon, Clinton and Monroe counties. The trees to be set out on the public domain will include white, red and Scotch pine, European larch, Norway spruce, black walnut, black cherry, sugar maple, fir, elm, honey locust, sycamore together with basket willows which will be planted along streams.

In addition 55,000 seedlings will be set out for twenty-one individuals, this being done by the State in its forest conservation work. These trees will be planted in various counties, the applications for the trees having been approved this week. Over 100 applications for auxiliary forest reserves have been filed and will be examined as soon as the weather permits.

Caring for Pensions.—One hundred and eighteen applications for mothers' pensions have been approved by Auditor General A. W. Powell this week and the operation of the act of 1913 is now in full swing in this State. Fifty of the applications were from Philadelphia, forty-two from Luzerne, twenty from Allegheny and six from Beaver. A number of others are awaiting action, certain formalities not having been completed with.

Medical Instruction.—General orders have been issued by the Adjutant General's Department announcing that the camp of instruction for medical officers and noncommissioned officers of the militia of Pennsylvania will be held at Fort Myer, Virginia, and will cover a period of six days. It is stated that the purpose of the instruction is "to show the detail of preparing the sanitary personnel of the different units for the field, disciplining and educating of the hospital corps, the training of medical officers and the equipping with the necessary supplies and transportation." In addition the position of the personnel and divisional sanitary units on the march and on the battlefield, where officers and men can not attend camp of instruction they are to carry out the plan suggested as far as possible at the encampments.

PROTEST AGAINST BOSSISM RAMPANT

Would march forward to victory. His life is the radiant page of an open book. He has been faithful to every obligation. He has been weighed in the balance and not found wanting. As a citizen he stands among the foremost. As a Democrat he has always been zealous and faithful. As a lawyer he is able and earnest, and as a public official he has met the highest expectations of advanced citizenship. "Mr. Ryan is a Democrat without 'isms,' one who needs no qualifying adjectives. He believes in the people, and works with and for the people. If he is nominated for governor would march forward with courage and confidence to Democratic victory." One of the promoters of the League said today that the handicapped candidate for governor will have less time to devote to high school rallies over the State from now on. There'll be something doing here."

MIDDLETOWN

OLD MILLER DEAD Following a two-weeks illness from pneumonia, Solomon J. Baer, a widely-known miller, died at his home in Pine street, yesterday morning. He was 55 years old. His wife, Emma; son, Solomon; daughter, Alice, of Millburn, N. J.; and the following brothers and sisters survive him: Samuel S. Baer, Mrs. Cyrus Blough, Mrs. Samuel Mummert and Mrs. Jennie Hoffman. Mr. Baer was an active member of Middletown council, No. 156, Independent Americans. The funeral services will be held Monday afternoon at 2 o'clock from his late home. The Rev. Dr. H. F. Hoover will officiate and burial will be made in the Middletown Cemetery.

Mr. and Mrs. Thomas Donely entertained a number of friends at a progressive "500" party at their home, in North Spring street, last evening.

PLAN BIG CLEAN-UP OF THE "BEAR PIT"

Sanitary Committee With Burgess Makes Inspection of District

Measures will be taken within the next few days that will result in a general clean-up of the "Bear Pit," Steelton's tenebrous district, and some parts of the North Third street foreign section, where sanitary conditions are bad. With a view to finding out just what the sanitary conditions in these districts are, Burgess Fred Wigfield, in company with the sanitary committee of the borough council, Chief of Police Hiram P. Longaker and Eber Butler, the borough health officer, is making an inspection this afternoon. The inspection party met at Front and Trewick streets at 2 o'clock this afternoon and went through the West Side district first.

PREPARE FOR PAST GRANDS

Plans are being made for a meeting of the Past Grand's Association of Dauphin County, Independent Order of Odd Fellows, in the hall of Steelton Lodge, No. 184, the evening of April 24. A committee of the local lodge is preparing an interesting program. Many high officers will be present.
