### GREEKS AND ROMANS DEBATE AT ACADEMY

#### Decide That the Benefits of Trade Unions Exceed the Evils

Many of the friends and patrons of the Harrisburg Academy heard an interesting debate last night between teams representing the Romans and Greeks into which the students are divided for athletic purposes. The question debated was: "Resolved, that the benefits of trade unions exceed the evils," the affirmative being taken by Albert H. Stackpole, Andrew E. Buchanan, Jr., William A. Smiley, alternate, J. Willard Oenslager, while the negative was upheld by James H. Stewart, Robert W. Seltz, John C. Kunkel, Jr., alternate, James H. Wickersham.

For several days the champions of trade unions had been carefully coached by Brenton Wallace and the team in opposition was under the direction of Joseph Beach another member of the faculty.

There was much applause as the discussion proceeded and great interest among the student body and all present as the judges retired for their decision. They agreed unanimously that the honors should go to the Romans, who maintained the affirmative of the proposition, and that Albert H. Stackpole should have the special medal designed for the best debater.

Benjamin M. Nead, John P. Melick and W. Harry Musser were the judges of the annual event and Mr. Nead after awarding the Academy's silver loving cup to the winning side and the gold medal to the captain of the team, made an address. It was a well-chosen talk on the value of self-restraint and the importance of realizing the opportunities which come to the youth of the present day.

During the evening the school orchestra played, and a quartet comprising Philip N. Price, W. Burgess Broadhurst, Charles K. Saltzman, Charles H. McLaughlin sang several selections.

Headmaster Brown presided during the evening and was gratified at the success of the debate.

### HYOMEL RELIEVES Catarrh, Head Colds, Snuffles Almost Instantly—You Breathe It.

Why delay and continue to needlessly suffer the ravages of catarrh? It is not only unnecessary, but dangerous. Try now—to-day—the Hyomel treatment for any catarrh, head colds, hoarseness or bronchitis.

The Hyomel process of banishing catarrh, relieving head colds and healing the raw and inflamed mucous membrane is not only most effective, but is quick, entirely harmless and pleasant to use—its nature's way—you breathe it—no bad tasting drugs to upset the stomach.

You cannot successfully reach the organs where the catarrh germs thrive except with antiseptic and germicidal air. The commonsense method is to breathe a few times daily health-restoring Hyomel. Being medicated air, it goes right to the spot and immediately reaches all the diseased tissues. Its antiseptic healing begins at once.

### PASTOR REFUSES SALARY INCREASE

Former Harrisburg Clergyman Scores Great Success at Altoona Charge

His former congregation, the Bethlehem Lutheran and a host of friends here will be pleased to learn of the success of the Rev. Dr. M. J. Kilne, now pastor of the First Lutheran Church at Altoona. The Times of that city says:

"Through generous gifts made to the funds of the First Lutheran Church by C. W. Albright, of the firm of Albright Bros., and Mrs. J. P. Levan, the church debt was wiped out this week and a fund started which will be used to build a large addition to the church, probably next year.

"For the first time in many years the congregation is absolutely free of debt, and this event will be fittingly celebrated at the church next month.

"While the congregation is in excellent financial condition, the pastor at the service Sunday morning announced that at this time he would not accept the increase in salary of \$300 a year, which was voted him recently by the church council. Dr. Kilne announced that he wished to bear the burdens as well as the joys of the congregation and that owing to the depression in business and the needs of the church at this time he would not accept the increase."

### Easy & Practical Home Dress Making Lessons

Prepared Especially For This Newspaper by Pictorial Review

FOR A LITTLE LADY.

A one-piece dress in plain linen trimmed with draped material for a little girl. The sleeves may be long or short, and the closing is effected at the center-front under a pleat.

ent day fashions lose none of their chic by their simplicity. Neat and becoming is this little frock. In plain linen, trimmed with a front panel of stripes, and a broad box-pleat at the back. It is inexpensive to make up, only 3 yards of 34-inch or 3 1/2 yards of 44-inch material being required for a girl of average size. Tots under 4 require about half this amount of goods.

The pieces of the pattern can only be placed on a lengthwise fold of the material where it is 44 inches wide or over. If the linen is single width, then arrange the pattern on a lengthwise thread. If a short sleeve is preferred, cut off the lower part on double small "oo" perforations. The neck can be finished in round effect instead of with a standing collar, if desired.

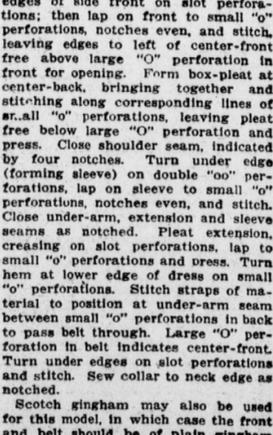

For the making, first turn under the edges of side front on slot perforations; then lap on front to small "oo" perforations, notches even, and stitch, leaving edges to left of center-front free above large "oo" perforation in front for opening. Form box-pleat at center-back, bringing together and stitching along corresponding lines of small "oo" perforations, leaving pleat free below large "oo" perforation and press. Close shoulder seam, indicated by four notches. Turn under edge (forming sleeve) on double "oo" perforations, lap on sleeve to small "oo" perforations, notches even, and stitch. Close under-arm, extension and sleeve seams as notched. Pleat extension, creasing on slot perforations, lap to small "oo" perforations and press. Turn hem at lower edge of dress on small "oo" perforations. Stitch straps of material to position at under-arm seam between small "oo" perforations in back to pass belt through. Large "oo" perforation in belt indicates center-front. Turn under edges on slot perforations and stitch. Sew collar to neck edge as notched.

Scotch gingham may also be used for this model, in which case the front and belt should be of plain gingham or linen.

This is an afternoon dress by Lager of moire taffeta in mother of pearl color. The general color tone is beige with reflections of blue and purple. The motif markings are in Chinese landscape design. The design of frock is most simple: pleated skirt with blouse in effect of a bolero coat, the back in a basque, belted with Nattie blue satin ribbon; sash front, cut steel buttons, cream net vest.

While the over-dressed child of years ago is never seen nowadays, the average child is very smart looking. Present.

No. 5517. Sizes 2, 4, 6, 8 and 10 years. Price of pattern, 10 cents.

### Miss Anna M. Hatman a Bride This Morning

The marriage of Miss Anna Martha Hatman, daughter of Mr. and Mrs. George A. Hatman, of 1702 North Third street, to Gilbert McCauley Oves, of Washington street, was a pretty event of this morning, solemnized at the bride's home by the Rev. Harry Nelson Bassler, pastor of the Second Reformed Church.

Only the immediate families were present and a wedding breakfast was served after the service. The table centerpiece was of daffodils and sweet peas. The bride, who was given in marriage by her father, wore a stylish going away gown of blue cloth, with corsage bouquet of pansies and lilies of the valley. There were no attendants.

Both the bride and bridegroom are graduates of the Central High School, Mr. Oves later graduating from Princeton. He is at present connected with the State Highway Department. After a wedding journey to Bermuda, Mr. and Mrs. Oves will go to housekeeping at 214 North Second street, where they will be "at home."

### HEARINGS OPENED ON TOLLS REPEAL

Member of Pennsylvania Public Service Commission Will Be Heard

Washington, D. C., April 9.—Public hearings were begun to-day before the Senate Canal committee on the repeal of the Panama tolls exemption. Senators who have introduced bills and resolutions on the subject were first heard.

Senator Norris, Republican, spoke on his amendment to reaffirm the right of the United States to discriminate in favor of its own ships if it chooses to do so, and to direct the President to submit the controversy to arbitration. He opposed the exemption as a subsidy and said he did not want Congress to contrive the treaty and to close the right of the United States to control the canal.

Senator Thomas, Democrat, made a statement supporting his proposal to make the canal free to all ships of all nations.

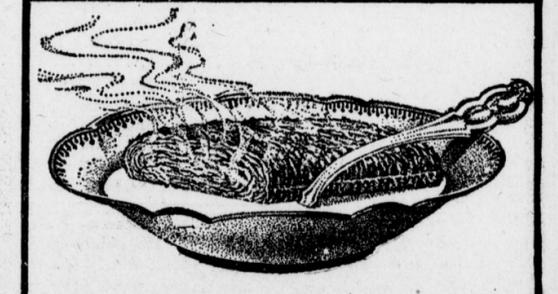

Commissioner Chamberlain, of the Navigation Bureau; Professor S. S. Huebner and Dr. Emory Johnson, of the Pennsylvania Public Service Commission, who investigated the tolls

### Believes Parcel Post Laws Are Violated

Washington, D. C., April 9.—Representative Barnhart, Democrat, of Indiana, author of the newspaper publicity section of the Post Office law, told Postmaster General Burleson to-day that he believed certain newspapers were violating its provisions by not marking as advertising certain matter attacking the repeal of the Panama tolls exemption, which, Mr. Barnhart alleges, has reason to believe is being furnished by a shipping trust. Mr. Burleson told Mr. Barnhart he was ready to receive any evidence of violation of the law.
