HELPING POOR COST \$5,000 IN 3 MONTHS

148 Regular and 639 Temporary Relief Orders Given Out by Poor Directors

More than \$5,000 was expended by Dauphin county for relief to the poor and needy families during the quarter ending March 31, 1914, according to a statement of the last three months' activities just issued by the poor directors.

Each month 148 regular relief orders were given out, making a total expense of \$402 monthly, or \$1,206 for the quarter. The temporary relief was provided for 639 cases at a cost of \$3,812, a total outlay for the quarter of \$5,018.

The unusual amount of relief was due, so those receiving it explained, to the fact that the office of the directors of the poor, "to lack of work occasioned by the severe weather which halted excavating, cement and other forms of outdoor work."

In addition to the relief orders issued the report shows that 416 cases were investigated by the poor directors, and 223 were reported upon by the Associated Charities. The number of families which received relief which has never before applied to the Charities or the Poor Directors was 336. All told thirty-one cases were cared for because of the character of their ailments which are such as to prohibit their admission to the hospital. At the request of the Associated Charities twenty-two transients were cared for because of a lack of municipal lodging house facilities. During the quarter ending March 31 relief was given to but 159 families at a cost of \$946.

Former Probation Officer Matron

Mrs. Elizabeth Swartz, who some last fall had served Dauphin county as probation and court juvenile officer for several years, has been elected matron of the girls' section of the William L. Gilbert home at Winsted, Conn. In a letter to friends here Mrs. Swartz describes the new work and the splendid opportunities that she is gradually developing. Mrs. Swartz has a host of friends here where she served efficiently for some years.

Probated Joshua W. Jones' Will

The will of Joshua W. Jones was probated yesterday. Mr. Jones' four sons, his grandson, Kenneth Milley Jones, Miss Bella Heister, the housekeeper, and the Children's Industrial Home are the beneficiaries. The executor is the Commonwealth Trust Company. The Home will receive \$500 and a picture of Mrs. Jones. The photograph is mounted on an easel made from the wood of the old State Capitol doors. She was an organizer and enthusiastic worker for the Home. There is \$500 set aside for the upkeep of the cemetery plot; \$500 is bequeathed to Miss Heister, and \$1,000 goes to the grandson, Kenneth. John Paul Jones was given a lot of valuable household articles because of his kindness to his father.

Turns in State Taxes

State taxes collected on work that passed through the hands of Register of Wills Roy Danner were paid into the State Treasury yesterday. The sum totaled \$741.61.

How to Eradicate All Superfluous Hair

As soon as women of to-day learn the permanent removal of ugly, repulsive hair growth can only be gained by reaching the hair root and not by using common, worthless depilatories such as burning pastes, powders, evil smelling liquids, etc., the better it will be for their happiness and safety. You can get the electric needle depended upon to give absolutely perfect results without danger of horrible scars or facial paralysis. The best means I have ever found that never fails to remove all signs of disgusting growth of hair on the face, neck, arms or hands, is a simple, inexpensive preparation called Mrs. Osgood's Wonder. It is absolutely harmless, cannot injure the skin or complexion and in a surprisingly large number of cases has succeeded in killing the hair down to the very roots, source of all growth. When the roots are killed no more hair can grow. You can get Mrs. Osgood's Wonder from Kennedy's Medicine Store or any up-to-date druggist or department store, on the guarantee of your money back if it fails. Signed guarantee with every package. There is no longer need for any woman to suffer the embarrassment of this humiliating blemish. Let the caution you, however, not to apply this treatment except where total destruction of hair is desired.—Advertisement.

AFTER SICKNESS

Mrs. Gardner Tells How to Restore One's Strength

So many people are asking how to recover their strength after severe sickness that we are publishing this information for their benefit. After grippe, pluries, pneumonia or any illness what you need is new strength and better blood. The most certain way to get this is by taking Vinol, our delicious cod liver and iron preparation. Mrs. M. T. Gardner, Chicago, Ill., says: "After a very serious operation I was a total invalid for nearly a year and a convalescent for months thereafter. I gave the remedies of a number of eminent specialists a thorough trial, but without deriving the slightest benefit. Vinol was recommended. Without the least faith in the merits of the medicine, I took it faithfully, and it seemed to bring back the old color to my cheeks and the elasticity to my step which I had despaired of ever recovering. I can say, conscientiously, that for nervous, run-down people, Vinol is an excellent remedy." Try a bottle of Vinol. Your money will be returned if it does not restore your vitality and strength. George A. Gorges, Druggist, Harrisburg, Penna. Vinol is sold in Stenton by T. P. Rowell. P. S.—If you have Eczema, try our Saxe Salve. We guarantee it.—Advertisement.

PHYSICAL PROPORTIONS

What constitutes a perfect form, is largely a matter of personal opinion. Certainly, however, the old hour-glass shape is entirely out of date, and what a blessing it is. Recently the following figures were given out by a group of artists, as being those of a perfect figure: Height, 5 feet 8 inches; weight, 140 pounds; neck, 13 inches; chest, 33 inches; bust, 36 inches; waist, 26 inches; hips, 36 inches; thighs, 24 inches; calf, 15 inches; upper arm, 11 inches; forearm, 9 inches. However, as I have stated before, there are many who would not deem this their ideal in many respects. Of course, if you are shorter or taller, the proportions of your body will vary from these somewhat and your present state will reflect the habits and training of past years. The proportions should be observed, as nearly as possible, if a lady would appear up to date in the newest styles. The same hip as bust measurement, with a ten-inch decrease in the waist line, are the lines recommended by the high-grade corsetiers of today for the woman who would be strictly modish.—The Beauty Seeker, in Woman's World for March.

TELEPHONE LINES EXTENDED

Blain, Pa., April 10.—The Perry County Telephone and Telegraph Company, whose lines connected with the Bell Telephone Company's system, are making improvements in this section of Perry county. They are extending the line to the north part of town and are installing new phones in a number of residences in that section of the borough.
