

"The Globe," The Store That Values Built

Never in the History of Our Store Have We Had Such an Enormous Easter Business

Our Men's, Boys' and Children's Various Departments

Were crowded with buyers all of last week — and our great facilities for good service were taxed to the utmost capacity. Our sales forces, our tailoring departments, our delivery service, were untiring in their efforts to deliver all goods, so that our customers could wear their garments on Easter Day. Our Girls' Coats, without exception, the finest and most exclusive in the city, were strongly in evidence in Sunday's fashion promenade, for Globe coats are recognized by all.

"THE GLOBE" service is shared by all of our patrons; we've often told you that the spirit of accommodation rules here—the interests and treatment of all our customers are carefully looked after and developed to the fullest extent.

Should any errors have occurred in your Easter purchases, and such errors are possible, we will consider it a pleasure to rectify them if you will but advise us.

SATISFACTION — with the true purpose of holding the confidence of every man, woman and child who enters our store.

It's a great pleasure to us to hear the many complimentary remarks about our store and our Easter clothes, and yet we sell goods at the lowest prices.

This is in Every Sense **THE STORE OF VALUES**

BAND PLANS FOR ANNUAL CONCERT

Steelton Organization Has Added Two Crack Bulgarian Players to Its Musicians

Steelton's crack musical organization, the Steelton Band, is making arrangements to hold its first annual concert in the high school auditorium, Friday evening, April 24. Recently the band was increased to thirty-five pieces and now includes some of the best known musicians in central Pennsylvania. Two of the new members are Nicola Kristoff and Ivo Ivanoff, two Bulgarians who have been identified with the foremost musical organizations in Europe. Ivanoff is a former member of the royal orchestra at Sophia, Bulgaria, while Kristoff was a student of the Royal orchestra at Vienna. Another Bulgarian musician by the name of Christion is expected to arrive from Europe and

join the local organization within the next few weeks. These three musicians all saw service in one of the regimental bands during the recent Balkan war.

Manager Dennis Hollern of the local band intends to make this early Spring concert an annual affair. The proceeds will be used to defray the expenses of some of the complimentary concerts given by the band during the summer. Reserved seats will be placed on sale at Daron's jewelry store, April 26. The director of the band is Dionisio Zala, one of the most widely known musicians in the State. He has headed several crack musical organizations and is now leader of the Liberty band, a new organization, as well as the Steelton band.

Civic Club Demanding Shade Tree Commission

Plans for securing the appointment of a borough shade tree commission was discussed at a meeting of the executive committee of the Civic Club at the home of Mrs. J. M. Heagy, South First street, this afternoon.

The Civic Club is agitating the appointment of this commission so that the butchery of trees in the borough will be stopped. An ordinance appointing such a commission was passed several years ago but never was put into effect.

At Monday's meeting plans will also be discussed for starting the club's outdoor activities of the summer. A date for the opening of the club's garden schools and playgrounds will probably be set. Plans for a general observance of Arbor Day will be formulated.

Before starting this year's playground work the Civic Club will make an effort to get some subscriptions from the general public. Until the present time the club has conducted its playgrounds and garden schools entirely at its own expense.

STATE TO BUILD SEVEN HIGHWAYS

Bids Asked For Improvement of a Number of Sections Under State Aid Plan

The first highway construction in the State for 1914 will be started next month when bids will be opened at the State Highway Department of 26,925 feet of road to be built under the State aid plan, whereby the State pays half the cost of construction and the remainder is divided between the county and the borough and township benefited. The roads to be built are in seven sections, all but one being borough roads. The sections are: Curwensville, Galetton, Blairsville, Oakland, Turtle Creek and Clearfield. The first named is the most extensive, covering about a mile and an eighth of highway. The township road is to be built in Great Bend township, Susquehanna county, and will be a little over a mile. Practically everyone would also connect with existing improved roads.

Bids for about 30,000 additional feet of highway to be improved under the State aid plan are to be asked soon. **Out on Parole.** — Five of the twenty-two applications for pardon made to the State Board of Pardons for its April meeting are accompanied by recommendations from inspectors of penitentiaries where they are confined. This is a requirement under one of the recent acts and in every one of the cases the men for whom pardon is asked are out on parole.

The board also has under application for pardon of Theodore Eisenhower, who was sentenced to be hanged in Schuylkill for a murder committed in 1898, but who was granted commutation of his sentence to be hanged in Fayette county on April 23 are asking commutation.

Nevin Pomeroy, of the State Department of Public Printing and Binding, to-day requested the heads of all departments of the State government to file duplicate copies of all reports and State publications with him when sending matter to be printed. This is to safeguard matter in case of fire. It has been found that all of the copy for publications in the recent fire was on file in storerooms or escaped serious damage at the fire and that, except for sixty-four pages of the Legislative Journal appendix and index, all of the presswork on that publication has been finished and that the greater portion of it was only water soaked. The copy is all in hand. The State is amply protected by its insurance on the paper.

The removal of ruins of the roof of the printery began to-day and when this work is finished it will be possible to tell the extent of the damage done by the recent fire.

The Aukhinhbaugh press was to-day directed to return all copy to the Capitol and to make an inventory of work in hand and not finished.

How to Keep Well in Winter

Do not let your blood get thin this winter. For people who have a tendency toward anemia, or bloodlessness, winter is a trying season. Lack of exercise and fresh air, the more restricted diet, many things combine to lower the tone of the body and deplete the blood.

As soon as you notice the tired feeling, lack of appetite and shortness of breath that are warning symptoms of thin blood take a short treatment of Dr. Williams' Pink Pills. Do not wait until the color has entirely left your cheeks, until your lips are white, your eyes dull and your ears like mother of pearl. It is so much easier to correct thinning of the blood in the earlier stages than later.

Dr. Williams' Pink Pills build up the blood and strengthen the nerves in this way the general health is improved, the appetite increases, the digestion is strengthened and new ambition and energy developed. Work becomes easier because it does not cause exhaustion.

Keep your system at its highest efficiency with Dr. Williams' Pink Pills the great blood builder and nerve tonic. Your own druggist can supply you. A booklet "Building Up the Blood" will be mailed free on request by the Dr. Williams' Medicine Co., Schenectady, N. Y.
