RAILROAD NEWS

RAILROAD Y. M. C. A. IS DOING GOOD WORK IN THE WEST END

Under the new leader, President A. G. Murray, a campaign is already under way at the Pennsylvania Railroad Young Men's Christian Association for another record year. This association with Frank H. Gregory as general secretary has shown rapid advancement.

Within the past three years improvements have been made to the building at a total cost of \$15,000. The new additions include a swimming pool, gymnasium, bowling alleys, enlarged reading rooms and library, committee rooms and commodious quarters for the general secretary and other officials.

Through the efforts of the general secretary the association has not only been able to pay off a large part of the debt, but with the assistance of a hustling band of workers the membership has been increased to nearly 600. During the coming year efforts are to be made to have the membership reach 1,000.

Since the introduction of the up-to-date swimming pool and gymnasium there has been an average attendance of 50 each day. On April 25 the first indoor swimming tournament ever held in Harrisburg will take place at the Pennsylvania Railroad Young Men's Christian Association and will

bring star swimmers from Reading and other cities. A class for the instruction of members in various branches, including Bible studies, drawing and commercial work, was started a short time ago and is proving a big success.

THIS CLEAN-UP WEEK WILL BE A HUMMER

Spotless Town the Ideal Toward Which Burgess Is Striving

Burgess Fred Wigfield is considering plans for a clean-up week during the early part of next month.

While "clean-up week" is an annual affair here the burgess plans to have this year's cleaning done much more thoroughly and carefully than ever before. He is endeavoring to get the Municipal League, Civic Club and kindred organizations lined up in the campaign to make Steelton a spotless town.

It is probable that he will hold a conference with the leaders of these two organizations within the next few days to perfect plans for the cleaning campaign. He will then issue his proclamation setting a date for the week of cleaning.

Preliminary to clean-up week the burgess, chief of police, health officer, highway commissioner and sanitary committee of council, a few weeks ago, made an inspection of the parts of the borough that will need the greatest cleaning in order to see just what must be done. As a result of that inspection trip extra garbage wagons were placed into service and many residents received notices to clean-up the surroundings of their residences.
