

Facts in Nature

FOR centuries it has been known that Nature's most valuable health giving agents for the cure of disease are found in our American forests. Over forty years ago Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute at Buffalo, N. Y., used the powdered extracts as well as the liquid extracts of native medicinal plants, such as Bloodroot and Queen's root, Golden Seal and Stone root, Cherry bark and Mandrake, for the cure of blood diseases. This prescription as put up in liquid form was called

DR. PIERCE'S Golden Medical Discovery

and has enjoyed a large sale for all these years in every drug store in the land. You can now obtain the powdered extract in sugar-coated tablet form of your medicine dealer, or send 50c in one-cent postage stamps for trial box to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and tablets will be mailed, postage prepaid.

The "Golden Medical Discovery" makes rich, red blood, invigorates the stomach, liver and bowels and through them the whole system. Skin affections, blotches, boils, pimples and eruptions—result of bad blood—are eradicated by this alternative extract—as thousands have testified.

Send 31 one-cent stamps to pay cost of mailing only on a free copy of Dr. Pierce's Common Sense Medical Adviser, 1000 pages, clothbound.

Got Valuable Tips on Municipal Repair Plant For Harrisburg

Some tips on the construction, maintenance and operation of a municipal asphalt repair plant which will likely be considered when Harrisburg's proposed plant is established, were obtained in Camden Saturday by City Commissioner W. H. Lynch, and City Engineer M. B. Cowden, department of streets and public improvements.

The city officials visited Camden's plant before returning home from the snow shovelers conference in Philadelphia. The Camden plant cost \$18,000 and the municipality does all its repairing, paving, etc., with this equipment. Mr. Lynch said he thought Harrisburg will be fully able to provide a splendid plant for \$25,000, the amount provided, unless the price of ground should be too excessive.

DANGER IN DELAY

Kidney Diseases Are Too Dangerous For Harrisburg People to Neglect

The great danger of kidney troubles is that they so often get a firm hold before the sufferer recognizes them. Health will be gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, gravel and Bright's disease may follow as the kidneys get worse. Don't neglect your kidneys. Help the kidneys with Doan's Kidney Pills, which are so strongly recommended right here in Harrisburg.

Mrs. G. A. Weber, 313 Hummel street, Harrisburg, Pa., says: "One of the family suffered from kidney trouble and his back ached constantly. He felt tired and didn't rest well. Reading about Doan's Kidney Pills, I got a supply and they made an improvement in every way. I can't speak too highly of this remedy."

MUSICAL CLUBS FRANKLIN AND MARSHALL COLLEGE

Closing one of the most successful trips in their history, the Franklin and Marshall College musical clubs will play a return engagement in Harrisburg to-morrow night. The concert will take place in Fahnstoch Hall, and the list of patronesses announced in the Harrisburg Telegraph Saturday night indicates an audience largely increased over that which greeted these artists on their first visit to Harrisburg some weeks ago. On the roster of these musical clubs are several Harrisburgers, including George, Mintzer and Daniel Kunkel, sons of President Judge George Kunkel, and Clarence A. Zorger. These clubs have a number of masterpieces in their repertoire and a rare musical treat is promised.

To Keep the Face Fresh, Clear, Youthful

More important than the cosmetic care of the complexion is its physical care. To keep the face clean, fresh, youthful, there's nothing better than common mercurized wax. It absorbs the soiled or faded worn-out skin particles. Cosmetics simply add unwholesomeness to the complexion. That's the difference. By all means, acquire the mercurized wax habit. It's so easy to get an ounce of the wax at the drug store, apply at night like cold cream and wash it off next morning. There's no detention indoors, the old skin coming off so gradually no one suspects you're using anything. When in a week or two the alluring youthful, roselike, under-skin is fully in view—well, you won't want, or need, a make-up complexion after that. It must be apparent that this process means complete riddance of all cutaneous blemishes, like freckles, pimples, blotches and blackheads.

For obstinate wrinkles, a face bath made by dissolving an ounce of saxeolite in a half pint witch hazel, stimulates massage cream and everything else for results.

City Filter Patent Infringement Case Before U. S. Court

Argument on the city's appeal from the recent decision of the Middle District Federal court on the filtration infringement case is being heard today in Philadelphia by the United States Circuit Court of Appeals. This is the intermediate step between the middle district tribunal and the court of final appeal—the Supreme Court of the United States. City Solicitor D. S. Seitz and W. M. Jacobs will appear for the city.

The question at issue is whether or not Harrisburg and half a dozen other cities of the country infringed upon the patent of the New York Consolidated Jewell Filtration Company in installing and operating the same system now in use in the island filter plant. The middle district court decided that the patent had been infringed upon. If the verdict holds the city will have to settle with the complaining company for a lump sum in damages or a yearly royalty.

FARM HOUSE DESTROYED

Special to The Telegraph
Dillsburg, Pa., April 21.—On Sunday evening the dwelling house on the farm of George W. Detter, in Washington township, was burned to the ground. With the exception of a little furniture on the first floor everything in the house was burned. Mr. Detter's loss will be about \$2,000 partially covered by insurance.

FRIENDLESS! ALONE!! ALMOST DEAD!

Cast by an all powerful ocean upon the shores of a savage Island, a veritable plaything of fate

"LUCILLE LOVE, the Girl of Mystery"

Slowly comes to consciousness and wonders what the future has in store for her on that luxurious but inhospitable shore.

Amazing and thrilling as were the events which resulted in the casting of Lucille upon the Savage Island, in mid-ocean, still more marvelous and astounding were the things that happened to her, when the black-hued natives discovered this fair-skinned intruder on their island.

TO FIND OUT ALL THAT BEFEL HER, READ THE NEXT INSTALLMENT OF THIS GREAT STORY, now running in these columns, at your leisure, and then watch the announcement for the moving picture dramatization by the UNIVERSAL FILM MANUFACTURING COMPANY, which will be shown at all the local moving picture houses supplied by them.

IT HOLDS YOU ENTHRALLED BY ITS HUMAN INTEREST, FROM START TO FINISH OF EVERY CHAPTER, AND MAKES YOU IMPATIENTLY LONG FOR THE NEXT.
