The Spring Diet. Calls for a change from the requirements of colder weather. The system is apt to be more or less clogged as a result of hearty eating for resisting cold. And so Nature has provided in the field grains wholesome nourishment to meet changing weather conditions, and rebuild played-out nerves. GRAPE-NUTS FOOD—made of wheat and barley—serves a double purpose—It not only furnishes true nourishment for body building, including the mineral phosphates especially required by nerves and brain, but, being partially predigested, it relieves the digestive organs that are overworked and clogged by a heavy diet. Every Spring new thousands take on Grape-Nuts as a part of their regular breakfast. "There's a Reason" —sold by Grocers everywhere.
