### Motorcycle Notes

One of the features of Motorcycle Day at Sacramento, Cal., will be a motorcycle polo game. The Quiney (Ill.) Motorcycle club has affiliated with the Federation of American Motorcyclists. The club now has 40 members. According to the report of the State treasurer, there are 14,910 motorcycles registered in California.

### Very Strong Fight Against License in Snyder County

Selinsgrove, Pa., April 23.—Snyder County's saloon League goes to war at license court next Monday with a double barreled weapon, loaded with the most formidable munitions ever gathered by them. Individual remonstrances have been filed against the five holders of liquor licenses in Selinsgrove and against all the twenty-three stands in Snyder county. They will be heard when license court opens before Judge Johnson and Associates Ketter and Hendricks.

The fight is one of the bitterest that has ever been waged in Snyder county by the wet and dry elements. The liquor men have been over-confident and have neglected several features in the legal steps necessary to secure licenses that may react against them. The first was the failure to have the applications published in three papers, as required by law at least fifteen days before the court session. An effort was made to right this by having the weekly papers print special editions.

In securing signers for their applications, the liquor men had a hard task, as men who had supported the saloons for many years were told by the preachers and church people that they would be expelled from the churches if they would sign the papers this year.

### Beck's Minstrels to Give Show for the Firemen

**HARRY O. BECK**  
Director of the Big Minstrel Show Scheduled For Friday Night

Beck's minstrels will be the attraction at the Majestic Theater Friday night. This aggregation of local entertainers will appear for the benefit of the Firemen's Union. The seat sale starts to-morrow.

Harry O. Beck, the well-known property man at the Orpheum, will be in charge.

Among those who will participate in the big show will be Benjamin F. Glass, who for many years past has been identified with local minstrels. He has always been well received and his work to-morrow will assist greatly in the big first part. Mr. Glass has been base soloist with the Paxtons and Wormleysburg minstrels for the past four years.

### Many Women Now Own Pennsylvania Railroad Stock

Complications just completed show that the Pennsylvania Railroad Company had on April 1 exactly 89,602 shareholders who held an average of 111.44 shares. This is the largest number of shareholders the Pennsylvania has ever had, and an increase of 12,756 as compared with April 1, 1913, while the average holdings have decreased 6.69 shares compared with last year.

The number of women shareholders is 42,138—more than 48 per cent. of the total—and an increase of 6,017 over the number of women shareholders on April 1, 1913. The average holdings are three shares less than in 1913. Women shareholders own \$138,596,158 of stock at par value.

### York County Cigar Trade Dullest For Many Years

Special to The Telegraph  
Dallastown, Pa., April 22.—There has been a general slump in the cigar manufacturing business here for the past month and the factory proprietors are worried. They claim that not in many years has the trade been so poor and that they see nothing bright ahead. While the most of them are running, it is only to keep up appearances, as there is plenty of goods on hand to supply a demand for weeks to come. The J. W. Minnich factory, one of the largest, shut down to-day until at least the first of May.

### Body of Drowned Girl Identified by Her Father

Special to The Telegraph  
Atlantic City, N. J., April 22.—Frank F. Kegerreis, a merchant of Hershey, Pa., has identified the body of a young woman washed upon the Chelsea beach Tuesday afternoon, as that of his daughter, Sadez Kegerreis, 24 years old, a school teacher. Miss Kegerreis last Thursday wrote her father that she would end her life here in such a manner that identification would be impossible. She had been in ill health for a long time and was suffering from melancholia when she came to Atlantic City.

### How American Women May Keep Faces Young

"The American smart woman ages early, far earlier than the English woman," says Christian Miller, F. C. I., the famous English health expert. She adds that our climate "so exhilarates that you over-exert yourself and grow old before you know it. That same exhilarating air dries the skin. The skin that lacks moisture grows pale and withered looking and soon forms wrinkles."

"The American complexion" is best treated by applying pure mercerized wax which causes the faded, lifeless cuticle to flake off in minute particles, a little each day, until the fresh, young skin beneath is wholly in evidence. Every druggist has this wax; one ounce is sufficient. Spread on at night like cold cream, washing it off next morning.

For wrinkles, dissolve an ounce of powdered saxolite in a half pint witch hazel; bathe the face in this. Immediately every wrinkle is affected, even the deeper lines. Both treatments are remarkable facial rejuvenators.

### Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene E. Pullen, Carpenter, 363 Marcellus Avenue, Manassas, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation. —Advertisement.
