RYAN GOES AFTER SINGLE TAX PRIZER

Candidate For Democratic Congressional Nomination Gets a Rap From Candidate

Michael J. Ryan, city solicitor of Philadelphia, last night took a fall out of Charles S. Prizer, the Middle-town single taxer, who is one of the candidates for the Democratic nomination for Congress in this district. In his speech at Hazleton last night, it was Mr. Ryan's first visit to Luzerne county and he received an ovation. This county is admitted even by reorganizers to be sure for Ryan and Fritz Kikken, the revenue collector, is simply working to hold down the size of the majority and not having a good time with it, either.

The Philadelphia Ledger says that Mr. Ryan was in the House of his friends yesterday, and that he received a wonderful greeting. In the course of his speech Mr. Ryan, who had propounded four questions as yet unanswered by James C. McCormick, had the following to say about another Dauphin countian: Prizer Gets Hit

"In the columns of the Harrisburg Patriot, the newspaper which in violation of postal regulations, is being circulated through the State of Pennsylvania, there appears an editorial statement based upon a speech of A. Mitchell Palmer and a declaration of Mr. Prizer that some of my office have said that I could not be elected if nominated and that I so declared to Mr. Palmer.

"So far as I have been able to ascertain there are but two employees of my office who know Mr. Prizer and they are Paul Demoll and Haines D. Albright. Both of these men deny that they ever made any such statement to Mr. Prizer and both of them have heard Mr. Prizer declare that I was the only man who could be elected. As to the statement attributed to Mr. Palmer, I doubt whether he really could have made any such, but if he did I declare it to be absolutely untrue. I never made such a declaration to any one, at any time or in any place.

"Mr. Palmer, however, has made such a declaration and he has assigned a cause, which is the fact that I am a Democrat and will not be supported by the voters of Pennsylvania."

Ryan Waxes Hot

In a meeting largely attended by miners at Hazleton a resolution was made by Ryan in which he threatened to further expose the labor record of McCormick.

Speaking of the published statement of Secretary of Labor Wilson relative to the support McCormick would get from organized labor, Mr. Ryan said that it "indicated the desperate straits to which the reorganizers had been driven when they were obliged to have Secretary Wilson give McCormick a certificate of character in this respect.

"At best," he said, "it is but Secretary Wilson's opinion of the matter. Mr. McCormick made this record and I will to one who would not alter the situation. After all, it will be made clear in the next two weeks that the taking of the union label off McCormick's paper, the Harrisburg Patriot, and the fact that the workingmen's wage increase ordinance are only a small part of the offenses committed by McCormick against organized labor in Pennsylvania."

The Ryan campaigning party obtained an acquisition of the list of speakers in the person of John T. Dempsey, president of District No. 1, United Mine Workers of America, who is the official head of an organization embracing 60,000 members.

Dempsey is a candidate for State senator on the Ryan ticket. The miners cheered him. He asked them to give Ryan their whole-hearted support. Many of the speakers who they would support Dempsey said he could not support McCormick because of his labor record.

"Such a man," said he, "is not entitled to the support of the hard coal field miner vote and he won't get it, and I don't think he will get the support of union men anywhere in the State because of his labor record. I have estimated that the hard coal counties will give Ryan a majority of 25,000."

How Thin People Can Put on Flesh

A New Discovery

Thin men and women—that's big, hearty, filling dinner you ate last night. What became of all the fat-producing nourishment contained in that dinner? It passed from your body like unburned coal through your pores. The material was there, but your food doesn't work and stick, and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of thin folks the world over. Your digestive organs, your functions of assimilation, are sadly out of gear and need reconstruction. Cut out the foolish foods and funny sawdust diets. Omit the flesh cream rub-ons. Cut out everything but the meals you are eating now and add every one of those single Sargol tablets. In two weeks note the difference. Healthy, "stay there," fat should be the net result. Sargol charges your weak, stagnant blood with the power of fresh new red blood corpuscles—gives the blood the carrying power to deliver every bit of the food you eat to every part of your body. Sargol, too mixes with your food and prepares it for the body as easily assimilated form. Thin people gain all the way from 10 to 25 pounds a month while taking Sargol, and the new flesh stays put. Sargol tablets are a scientific combination of six of the best flesh-producing elements known to chemistry. They come in tablets to a package, are pleasant, harmless and inexpensive, and George A. Gorgas and his associates in Philadelphia vicinity sell them subject to an absolute guarantee of weight increase or money back.—Advertisement.
