JUNIOR CLASS GIRLS
TO TRY FOR PLACES
Lucky Eight to Be Selected Tonight For Prize Speaking Contest
 Twenty young girls of the Junior class at the Central High School will try for places this evening in the Junior girls' prize speaking contest. Interest is running high over who will be the lucky eight and it is evident that the judges will have no easy task to decide.
 For more than a month the contestants have been putting in many long hours of practice under Miss Annabel Swartz, director of elocution at the school, and as a result the decision of the judges this evening will call for the most careful criticism.
 The selections chosen by the young speakers are most unusual and appropriate, some being humorous and others extremely pathetic.
 Only the members of the faculty are invited to be present beside the judges who include the Rev. Thomas Reisch, Arthur Hull and Harry Boyer. The preliminary contest will open promptly at 7 o'clock in the auditorium.

Navy Blue Mad
 Funny how colors change. The season started with a craze for the most vivid shades. Then there was a whisper of the darker shades of blue. Now the demand is so great that manufacturers of materials will only take orders for six weeks' and two weeks' deliveries. One trade journal says: "Fully seventy-five per cent. of the finest garments—coats and suits—being sold in the larger cities are in navy blue." You will find tailored, semi-tailored as well as more elaborate styles in this desirable shade in our Suit Section.

"Complexion Secrets Of An Actress"
 In a recently issued volume bearing the above title, the author says: "Continuous use of grease paints, rouge and the like, had ruined my complexion. My skin was colorless, wrinkled, coarse and punctured with large pores. In England I heard of the virtues of mercolized wax; my first experience with this marvelous substance convinced me it was more valuable than all cosmetics combined. Now whenever my complexion begins to go wrong I get an ounce of mercolized wax at the nearest drug store, spread on a thin layer of it before retiring, washing it off next morning. The wax, after a few such treatments, seems literally to absorb the worn-out cuticle, when a brighter, healthier, younger-looking skin appears.
 "For the wrinkles and enlarged pores I began using a solution of salicylic acid, one ounce, dissolved in a half pint witch hazel. Bathing the face in this every day for awhile soon relieved the condition most wonderfully."

LADIES' BAZAAR
At These Prices There Is No Good Excuse For Not Having a New Spring Suit
 So drastic are the reductions that have been put into effect on our entire stock of Ladies' and Misses' suits there is no excuse for your not having a new garment for season's wear. Ordinarily these prices would not be quoted until after the season had passed, but the truth is that a backward Spring has been responsible for a larger stock of suits at this time than we care to have. The loss is all ours—the profit all yours—that is, provided you take the word which is usually sufficient to the wise.

Smooth, Hairless Skin Follows This Treatment
 (Toilet Tips)
 Among the home-beauty hints, none perhaps is more important than that which will free the skin from obnoxious hairy growths. A simple method to rid the skin of unsightly hairs is to make a paste by mixing powdered delatone with water and applying for about 2 minutes, then rubbing off. With it comes every bit of hair and when the skin is washed, it will be firm and free from blemish. Results are more satisfactory if the delatone is bought in an original package.
