UNFRIENDLY LAWS ALARM BIG BUSINESS

Convention Called to Meet in Washington to Point Out Evils of Anti-Trade Legislation

Philadelphia, May 7.—Prominent men representing large investments in banking, railroads, shipping, manufacturing and other nation-wide enterprises have arranged for a convention

to be held in Washington to impress upon the national administration the great harm that they predict will come to business should the extension of federal interference, contemplated in proposed anti-trade legislation, be enacted. The convention plan as the best means to show the government the great alarm with which business views anti-trade legislation is the result of wide correspondence between the controlling elements of the large and powerful export trade bodies of the country.

It also was announced yesterday that conferences have been held between representatives of these trade bodies and chairmen of committees of Congress, including the Senate committee on interstate commerce, which prepared the bill providing for the Interstate Trade Commission, incident to the completion of the convention plans.

It generally is considered the boldest step ever conceived by business to halt the enactment of legislation that it feared would destroy it. The final act in this campaign against federal intrusion on business was the selection of men of world-wide weight in financial and business progress to compose a committee to carry out the plan.

Members of the Committee announced yesterday are: Lloyd C. Griscom, chairman, New York, former ambassador to Brazil and Italy.

Alba B. Johnson, Philadelphia, president Baldwin Locomotive Works and vice-president American Manufacturers' Export Association.

James A. Farrell, New York, president United States Steel Corporation.

Charles M. Muehnic, New York, American Locomotive Company.

Willard Dickerman Straight, New York, of J. P. Morgan & Co., and former consul general at Mukden.

Eugene B. Thomas, New York, manufacturing interests.

Frederick Brown, New York, secretary Pan-American Society.

Henry White, Washington, delegate in 1910 to Pan-American Congress in Buenos Ayres, ambassador to France, Chili and Italy.

Charles E. Jennings, Connecticut, manufacturing interests.

John Ford, New York, secretary American Asiatic Association.

Ellison H. Smythe, New York, manufacturing interests.

Charles A. Schieren, New York, head of extensive tannery and belting manufacturing bearing his name in Brooklyn, vice-president German Savings Bank, Brooklyn, and formerly of that city.

Edward V. Douglass, New York, secretary American Manufacturers' Export Association.

The convention will meet in Washington on the 27th and 28th of this month. It will convene in the Hotel Raleigh.

ADDITION TO SILK MILL

Special to The Telegraph

Selinsgrove, Pa., May 7.—Another positive indication of Selinsgrove's industrial growth is shown by the breaking of ground for an addition to the William F. Gross silk mill. The new structure will be 127 feet long and 40 feet wide, and when it is completed the silk mill will occupy a building 227 feet deep. Fifty-five hands are employed at this time, and the number will be rapidly increased as soon as the additional machinery can be installed.

BUSINESS LOCAL

ALWAYS INVITING

That Noon-hour Luncheon that is specially prepared for the busy men of Harrisburg at the Columbus Cafe is surely a delicious luncheon for 40 cents. The food is nicely cooked and faultlessly served. Try one of these luncheons to-morrow noon. Hotel Columbus, Third and Walnut streets.

Sore Bunions, Quick Cure

Also All Kinds Sore Feet

"Dissolve two tablepoonsful of Calocide compound in a basin of warm water; soak the feet in this for full fifteen minutes, gently rubbing the sore parts." All pain and inflammation is drawn out instantly and the bunion soon is reduced to normal size. Corns and callouses can be peeled right off and will stay off. Sore, tender feet and smelly, sweaty feet need but a few treatments. A twenty-five cent package of Calocide is usually sufficient to put the worst feet in fine condition. Calocide is no longer confined only to doctor's use. Any druggist has it in stock or will quickly get it from his wholesale house. This will prove a welcome item to persons who have been vainly trying to cure their foot troubles with ineffectual tablets and foot powders. Calocide prepared only by Medical Formula Co., Dayton, Ohio.

RUN INTO EACH OTHER

When reading at night by artificial light do the different letters ever run into each other and confuse you? If so it is the proper time to give us a call and try the most modern method known to our profession to locate the trouble and by proper fitting glasses we make reading at all times a comfort and pleasure. Ralph D. Pratt, Eye Specialist, 807 North Third street.

YOU'LL BE SURPRISED

To see the wonderful display we carry in automobile supplies. There is nothing of any particular importance you will not find here, and we want you to know our prices are right down where you like to see them. We have only the best and, we believe, we can fill your wants satisfactorily. E. Mather & Con, 204 Walnut street.

A GOLD PIANO

Have you seen the people stop and look in John Brothers' window at 8 North Market Square? If not, take a look and you will see a piano finished in 22-karat gold. It is a beautiful instrument made to order for \$1,200. No matter whether you wish the most elaborate piano and player, or the most modest-priced one in plain finish, John Brothers can meet your requirements.
