Remarkable Skin Cure in Harrisburg

Mr. R. F. McKee Tells of Complete Relief From Skin Disease by Use of D. D. D.

Harrisburg, Pa., April 18, 1914. I herewith submit a voluntary testimony to the value of the D. D. D. for skin trouble. Three years ago eczema developed on my left wrist. Finally the affected surface became entirely raw and was exceedingly painful and interfered with my work to the extent of causing me to remain away from my work, at different periods.

I tried remedies prescribed by a physician and a number of patent medicines with but little relief and no permanent benefit. Finally I told my troubles to a friend of mine, a Harrisburg druggist, and he at once recommended the D. D. D. remedy to me. I waited until I was satisfied that a cure had been effected before writing you and I do not regret that any persons suffering in the way I did that they will use the D. D. D. prescription and obtain the cure I did.

Respectfully,
R. F. MCKEE.
209 Boas Street.

So confident are we that the D. D. D. Prescription will reach your case, too, that if the very first full size bottle fails to do exactly as claimed, it will not cost you a cent. Drop in and let us tell you more about this great remedy, D. D. D.

ATTORNEY GENERAL'S LETTER TO POWELL

Cannot Consistently Detail One of His Deputies to Conduct Auditor General's Case

Attorney General John C. Bell today sent a letter to Auditor General A. W. Powell informing him that he could not consistently detail one of his deputies to conduct the auditor general in the mandamus action brought by the attorney general's department to compel the auditor general to issue from automobile license the State Highway Department for use on highway work and that neither could he grant the request of the auditor general for authority to employ counsel to defend him.

This letter was sent in reply to one from the auditor general in which Mr. Powell contended that the attorney general could not detail Deputy Attorney General Cunningham to defend him against the mandamus brought by the attorney general or give him assurance that he would pay counsel fees. The auditor general was recently made defendant in a third mandamus suit brought by the attorney general.

In his reply Mr. Bell says: "It has been my view that this third petition was presented after maturest consideration in the hope of meeting the purely technical objections raised by you to the former petitions and thus to expedite a decision by the court upon the merits of the case."

"I note your request that I detail Deputy Attorney General Cunningham to represent you and that I authorize you to employ Messrs. Watson & Freeman, Federal or give him assurance that the department should pay them out of its funds."

"I must decline these requests. It is proper that I should briefly indicate my reasons for so doing. "On January 24, 1912, I gave an opinion on Hon. A. E. Sisson, the Auditor General, to the effect that the act of April 27, 1909, appropriating the moneys derived from motor registrations and license fees for the purpose of improving the road of the Commonwealth, was a valid and constitutional act, and you have since been advised that, in my opinion, the act of July 7, 1913, is constitutional.

"Entertaining this view, and having given such an opinion, it is my endeavor to sustain the constitutionality of this act of July 7, 1913, and neither I nor any of my staff can therefore consistently represent you in any issue the contrary; nor can I be permitted to my charge to private counsel employed by you in an effort to defeat the plain meaning of the act of July 7, 1913, in the discharge of my official duty, have interpreted and construed the provisions of said act."

"Having regard to my official attitude, the present situation is not unlike that which existed between you and your predecessor, Auditor General Sisson, in which it became my official duty to present your view of the constitutional question involved, to refuse to represent the then Auditor General and to present your view of the controversy in the court below and in the Supreme Court."

TRY THIS IF YOU HAVE DANDRUFF

Or Are Bothered With Falling Hair or Itching Scalp.

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. Just add a few drops of four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better. If you want to keep your hair looking rich, do by all means get rid of dandruff, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you need. This simple remedy has never been known to fail.—Advertisement.
