LIVERPOOL HIGH SCHOOL GRADUATING CLASS OF 1914

Liverpool, Pa., May 13.—This has been a gala week for Liverpool for the largest class in the history of the town graduated from the high school. On Sunday morning the Rev. T. H. MacLeod preached the baccalaureate sermon before a large and appreciative audience and on Monday night the graduating class observed class day. This was a new ceremony to the people of Liverpool, they having had no similar exercise in past years. Henry Houck, Secretary of Internal Affairs, delivered the commencement address on Tuesday evening. Mr. Houck is the grandfather of the present principal, Prof. Fred V. Rokey. The above is a photo of the class of 1914. Left to right—upper row: Eldon Snyder, Park Zellers, Hulda Stalley, Caroline Mitchell, Mildred Erlenneyer, Carrie Brown, Jay Trimmer and Harry Morris. Lower row: Ruby MacLeod, Ruth Menzle, Virginia Deihl and Pearl MacLeod.

Uneeda Biscuit. A crisp, clean, nutritious food. For everybody—everywhere. Fresh in the moisture-proof package, 5 cents.

Zu Zu. The funny little name of the famous little ginger snap that puts fresh "snap" and "ginger" into jaded appetites. 5 cents.

Graham Crackers. The natural sweetness and nutriment of the wheat are retained, giving them a delightful flavor. 10 cents.

NATIONAL BISCUIT COMPANY. Always look for that name.

FRENCH BEAUTIES ALL SLENDER. In Paris (the city of the world's most beautiful women) the first thing the tourist notes when studying the beautiful native women, is the absence of plumpness or flesh. They are always slender and graceful and so active and attractive. Their nervous, emotional temperament of course affects somewhat their physique, but most of them keep up a continual fight against increase of weight. One of the many good fat preventives and cures is easily made at home by mixing 4 ounces parnotis (all good druggists carry this with 1 1/2 pints hot water. When cool strain and take 1 tablespoonful before meals until weight is just where you want it. This is a safe, harmless method of fat-reduction and does not depend on dieting or unusual exercising. The parnotis treatment is gentle in action and restores the symmetrical lines to the figure.—Advertisement.

A Tonic For the Nerves

Nervous people who have not yet developed a disease that can be recognized and treated by the medical profession have the greatest trouble in finding relief. Irritation, headache, sleeplessness, nervous dyspepsia, all these discomforts make life miserable but are endured rather than run a doctor's bill without definite hope of recovery. Every such sufferer should know the danger of such a condition of the nervous system. Nervous debility and even paralysis may easily result if the tone of the nerves is not restored. The one big fact that brings hope and relief is that the nerves can be restored by building up the blood. It cannot be too often repeated that only through the blood can nourishment and medicine reach the nerves. Dr. Williams' Pink Pills make the blood rich and red and quickly restore vitality and energy to a weak nervous system. A nervous person who gives these pills a trial is almost certain to see good results and, what is more, the benefit will be lasting because the trouble is attacked at its root. Thin blood makes weak nerves. Building up the blood restores the nerve force. Get a box of Dr. Williams' Pink Pills to-day and write the Dr. Williams' Medicine Co., Schenectady, N. Y., for a free copy of "Diseases of the Nervous System."—Advertisement.

PRISONER'S NARROW ESCAPE FROM DEATH

Robert Henson Tears Steam Radiator From Wall in Cumberland County Jail

Carlisle, Pa., May 13.—Robert Henson, colored, narrowly escaped a horrible death when, in a fit of insane fury, he wrenched a radiator from its base in his cell in the Cumberland county jail and allowed the steam to escape. He was taken from the place in a semi-conscious condition and it is the verdict of the physicians who were called in that five minutes more in the cell would have caused his death. The man became unruly yesterday morning and a "blind door" was put on his cell to subdue him and also keep him from annoying the other prisoners. Both the sheriff and his deputy were away and the cries passed unnoticed as he had been unruly and vicious for many days. It was shortly before five o'clock, last evening, when the cell was finally opened and he was found lying on the floor with the room filled with scalding hot steam.
