## RESISTANCE TO DISEASE

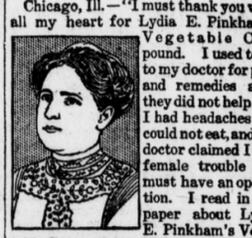

Why is it that one person can work all day standing in cold water, slush and snow with no harmful effect, while another with less exposure contracts colds, pneumonia, rheumatism, sciatica or something equally distressing and dangerous?  
Because in the first case the body was in such perfect balance that there was "resistance" to disease. In the second there was lack of tone that invited ill health.  
Keep your system toned up with Dr. Williams' Pink Pills and foods that once distressed you will be harmless, exposure will bring on fears of rheumatism and neuralgia and even germ diseases need hardly be dreaded. Dr. Williams' Pink Pills assist digestion, correct the lassitude, the palpitation of the heart, shaky nerves and the pallor of face and lips that are the results of thin, impure blood.  
Try Dr. Williams' Pink Pills for anaemia, rheumatism, neuralgia, nervousness. Take them as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. Get a box from the nearest drug store and begin this treatment now.  
Send to the Dr. Williams' Medicine Co., Schenectady, N. Y., for a free booklet, "Building Up the Blood."—Advertisement.
