HOW YOU MAY THROW AWAY YOUR GLASSES

The statement is made that thousands wear eyeglasses who do not really need them. If you are one of these unfortunates, then these glasses may be ruining your eyes instead of helping them. Thousands who wear these "windows" may prove for themselves that they can dispense with glasses if they will get the following prescription filled a once: Go to any active drug store and get a bottle of Optona; fill a two-ounce bottle with warm water and drop in one Optona tablet. With this harmless liquid solution bathe the eyes two to four times daily, and you are likely to be astonished at the results right from the start. Many who have been told that they have astigmatism, eye-strain, cataract, sore eyelids, weak eyes, conjunctivitis and other eye disorders, report wonderful benefits from the use of this prescription. Get this prescription filled and use it; you may so strengthen your eyes that glasses will not be necessary. Thousands who are blind, or nearly so, or who wear glasses would never have required them if they had cared for their eyes in time. Save your eyes before it is too late! Do not become one of these victims of neglect. Eyeglasses are only like crutches and every few years they must be changed to fit the ever-increasing weakened condition, so better see if you can, like many others, get clear, healthy, strong magnetic eyes through the prescription here given.—Advertisement.

Five hundred, bridge, hearts and many other card games will be provided for those not participating in the dancing.

Just Apply This Paste And the Hairs Vanish

(Beauty Notes) It is not longer necessary for a woman to go through life with a face disfigured by a fuzzy growth, for if she will apply a plain delatone paste to the objectionable hairs for 2 minutes, then rub it off, every trace of hair will vanish. To make the paste, mix some water with powdered delatone. After the paste is removed, the skin should be washed to free it from the remaining delatone. Better results are obtained if the delatone is purchased in an original package.—Advertisement.
