

DISFIGURING ECZEMA ON GIRL'S FACE

Broke Out as Rash. Full of Sores. Could Not Eat Nor Sleep from Itch and Burn. Cuticura Soap and Ointment Perfectly Cured.

410 Stanton Ave., Millvale, Pa.—"I have been troubled with eczema from last December until last June. I worked in a large store and dried my face on the towels. After working a few days my face began to itch and burn. So one morning I got up and my face was full of sores. It broke out as a rash and my face began to get all red. It itched and burned so that it made more sores and it caused disfigurement. They told me I had a bad case of eczema. I could not work any more. "They tried everything but didn't succeed. It would itch and burn at times so I thought I would go crazy. I could not eat nor sleep from the itch and burn. One day a neighbor came to see me and she gave me a paper so I could send for a sample of Cuticura Soap and Ointment. After using the sample I felt a great relief so I bought a cake of Cuticura Soap and box of Ointment. Every time I would wash myself I would use Cuticura Soap, and the Cuticura Ointment I would put on in the evening. I used two cakes of Cuticura Soap and one box of Ointment and was cured." (Signed) Miss Bertha Bayer, June 9, 1913.

Cuticura Soap 25c. and Cuticura Ointment 50c. are sold every where. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

CHURCHES GET READY FOR CHILDREN'S DAY

Annual Event to Be Held by Many Sunday Schools Sunday, June 14

With children's day observances in the churches a little more than two weeks away, preparations are going forward toward the annual program in the various churches, most of which will be carried out Sunday, June 14.

Ever since the inception of children's day observances, more and more attention has been paid to this summer festival and this year will be no exception. In fact the exercises in some of the churches this year will be unusually elaborate. Sunday school instructors are already training the children in the parts that they are to carry out this day, when the churches will devote their services to this event.

Decorative effects will not be neglected in perfecting the arrangements, and with the wealth of summer bloom that will appear "knee-deep in June," the interior of the churches where the children dressed in white and all "spruced up" for the occasion will be very pretty.

Some of the programs now being prepared for these events include selections both vocal and instrumental. Then there will be dialogues and recitations all of a semi-religious character.

St. Patrick's Has Expert on Making Youngsters Happy

folks who are a little older than applies under the classification of kiddies. He can't help being good-natured, cheerful and enthusiastic; he is full of helpful, dynamic spirit which works wonders. Ask the youngsters about Father Johnson. They know. You can't fool the young animal. Boys very clearly. Also they express their opinion on an unbiased fashion. You can call this philosophy from Emerson on down to Booth Tarkington. And the boys and girl are strong for Father Tom Johnson.

Show me a man who is loved by dogs and children and I will show you a lazy, or a good man.

Maxie Maxims. We can't vouch for the dogs; we predicate the latter assertion as applying to the Rev. Thomas B. Johnson, assistant rector of St. Patrick's Cathedral. In fact, nobody would ever symbolize laziness as on of Father Johnson's virtues. Quite the contrary. Pep, vigor, enthusiasm, magnetism, personal ozone—all the nice things that you might say about a college cheer leader, in fact, apply to St. Patrick's expert on making youngsters happy.

Which is earning a place in the kingdom or we are off in theology. As director of the four young folks' organizations of St. Patrick's Cathedral, Father Johnson is distinctly on the job. More than that—for there is something better than efficiency, and that is life—he has made himself beloved by the children and the young.

SULPHUR IS THE ONLY THING FOR ITCHING ECZEMA Use like cold cream to subdue irritation and clear the skin. In the treatment of the various forms of disfiguring, itching and burning Eczema such as Acne, Ringworm, Salt Rheum, there is nothing known that can take the place of bold-sulphur cream. Its effects such prompt relief, even in the aggravated Eczema, that it is a never-ending source of amazement to physicians. For years bold-sulphur has occupied a secure position in the treatment of its cutaneous eruptions by reason of its cooling, parasite-destroying properties. Bold-sulphur is not only parasiticidal, but antipruritic and antiseptic, therefore invaluable in overcoming irritable and inflammatory affections of the skin. While not always establishing a permanent cure, yet in every instance it instantly stops the agonizing itching; subdues the irritation and heals the inflamed, raw skin right up, and it is often years later before any Eczema eruption again appears. Those troubled should obtain from any good pharmacist an ounce of bold-sulphur cream and apply it directly upon the affected area. An ordinary cold cream is not unpleasant and the prompt relief afforded is very welcome. This is published for Walter Luther Dodge Co., Cincinnati, Ohio.
