## QUEEN AND MAID OF HONOR AT DAUPHIN

### Popularity Contest in Connection With Opening Baseball Game on Memorial Day

Special to The Telegraph  
Dauphin, Pa., June 2.—For the first time in its history the borough of Dauphin inaugurated the custom of a popularity contest, when, in connection with an afternoon game and an evening festival, held by the baseball team, Miss Annie Hinkle was elected queen of Memorial Day. As a close second to Miss Hinkle, Miss Maine Garmen was chosen maid of honor. The pretty queen was crowned just before the Dauphin team took the field against the Keener Athletic Club, of Harrisburg. The coronation address was delivered by the Rev. Mr. Morrow, pastor of the Dauphin Methodist Episcopal Church. Dauphin lost the game in the twelfth inning; score, 7 to 2.

Dauphin, however, did not spend the entire day in amusements and festivities. There was a serious side to Memorial Day, when the little town again did honor to the brave boys of fifty years ago who answered the call of Father Abraham. In 1861 Dauphin and Middle Paxton township sent over 100 men into the Union Army. Saturday morning sixteen gray-haired, feeble veterans gathered in the town square. These sixteen are all who are left of the gallant one hundred. Within the last year four Grand Army men of Dauphin have gone to their last long sleep.

### RED SWEATER ANGERS COW

Special to The Telegraph  
Columbia, Pa., June 2.—Miss Ruth Shreiner, of East Columbia, had a thrilling experience on Memorial Day while walking along the street with her mother with a basket of flowers intended for use in decorating graves. The young lady wore a red sweater and in passing a drove of cows one of the latter made a dash toward her, being maddened by the bright red color. Her mother ran in one direction and the girl, unable to get out of the way, climbed over a stone fence just in the nick of time to prevent the cow from horning her. The flowers were scattered in all directions.

### THIN PEOPLE CAN INCREASE WEIGHT

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay" fat should try Sargol. It is a natural food for a while and note results. Here is a good test worth trying. First weigh yourself in the morning. Then take Sargol—one tablet with every meal—for two weeks. Then weigh yourself again. If you are a question of how you look, if you are what your friends say and think. The scales and the tape measure will tell their own story and measure any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

### How to Destroy the Dandruff Germ

BY A SPECIALIST

That the dandruff germ is responsible for nearly all the diseases to which the scalp is heir, as well as for itching, burning, greasy hair, is a well-known fact, but when we realize that it is also indirectly responsible for many other diseases, we begin to appreciate the importance of any agent that will destroy its power. We are herewith presenting a simple direction, herewith the prescription which an eminent scientist states he has found after years of study. It is to destroy the dandruff germ in from one to three applications. It will also almost immediately stop the hair from falling out in numerous cases produced by the hairgrowth after years of partial baldness. This prescription can be made up at home, or any druggist will put it up for you: 6 ounces Bay Rum, 2 ounces Menthol Crystals, one-half ounce of Alcohol. Rub thoroughly, and after standing an hour it is ready for use. Apply night and morning, rubbing into the scalp with the finger-tips. If you wish it perfumed, add a drachm of your favorite perfume. This is unequalled for restoring gray hair to its original color.

### "Dyspeptics" Eat Freely Without Distress

Men and women, who after eating, suffer from sour, acid stomach, bloating, belching or pressure, should try a teaspoonful of Bisurated Magnesia in a quarter glass of water after each meal. Bisurated Magnesia is not a "cure" nor does it artificially digest food, thus weakening the natural action of the digestive organs. Instead, it promptly dissolves or neutralizes all the poisonous acids in the stomach. Food has left in the stomach and the digestive machinery, thus relieved of this hampering acid accumulation, goes naturally and normally about its own work of digestion without help of any kind. So remarkably is the action of "Bisurated Magnesia" in stopping stomach distress that as a rule the worst burning of sour stomach sensations will vanish within five minutes from the time Bisurated Magnesia enters the stomach. Any dyspeptic can enter the stomach with a single trial, and likewise with perfect safety, for "Bisurated Magnesia" is harmless. By counteracting acid formation in the stomach in this manner, so called dyspepsia and indigestion would soon be a thing of the past, and people who now believe that the "No Thank You Society" of the dinner table are obliged to refuse all the really good things, could eat what they please without the slightest fear of unpleasant after-effect. Bisurated Magnesia can be obtained at small cost from practically any drug store.

### Homely, Yet Admired and Envid; Her Secret

"The convention crowd made a path for her, cast admiring side glances, then with longing eyes followed her to the elevator. It was at the Ponchartraine in Detroit. The incident was recalled when I chanced to sit across a table from the woman. What was it about her that caused all that commotion? Her complexion. Really, I've never beheld its equal. Venturing to pick up acquaintance, I learned the secret. 'I've tried to make the most of my one charm,' she said. 'I know men above make-ups and artificiality. I bar cosmetics; there are two things I use to promote natural loveliness and youthful appearance. When my complexion begins to age, I get an ounce of mercolized wax at the drugstore, apply it at night like cold cream, wash it off in the morning. This gradually flakes off the outer skin; then I have a brand new complexion, magnetically beautiful, as you see. 'Wrinkles never bother me. At their inception I bathe my face in a solution made by dissolving an ounce of powdered saakolite in a half pint of witch hazel. It works like magic.'—Mona Morrow in Tatler.
