LARGE EXPENDITURES FOR IMPROVEMENTS

Work at Hagerstown Starts With Granting of Increased Freight Rates

Special to The Telegraph
Hagerstown, Md., June 12. — The expenditure of \$2,000,000 in railroad improvements in Hagerstown by the Cumberland Valley Railroad and the Norfolk and Western road is dependent, it is reported here, upon the decision of the Interstate Commerce Commission in the matter of the 5 per cent. increase in freight rates. If the increase is forthcoming on June 20, each company will spend \$1,000,000 in track and equipment improvements. Chief interest is manifested in the

plans of the Norfolk and Western, which has traffic relations with the Cumberland Valley road here. Over a year ago the Norfolk and Western purchased a large area of land in the southern suburbs of Hagerstown for development, it being frequently stated that it was the purpose of the company to establish large shops on the site and make this city the northern terminal. A corps of surveyors located here a week ago and it is understood that work will start first on a new roundhouse to be used jointly by the two railroads. The construction of a high line through the city to do away with street grade crossings is also contemplated by the Cumberland Valley. Hagerstown, it is understood, will naturally be benefited by the increased railroad facilities and may become the central point of traffic from the South. Sermon to Engineers.—Members of the Brotherhood of Locomotive Engineers will attend services at the E. F. Stevens Memorial Methodist Episcopal Church Sunday evening. In addition to special singing by the choir and male chorus, the pastor, the Rev. Clayton Albert Smucker, will preach a special sermon. Half of the church will be reserved for the en-

gineers. Trainers Will Hold Picnic.—Good music, a baseball game and other interesting features will make up a big program to be observed at Hoffman's Woods Saturday, July 4. The first annual picnic of the Brotherhood of Railroad Trainers' band will be held in the old picnic woods in the afternoon. The band will give a concert. There will be other sports besides baseball. Harrisburg Trainers will play a team from Marysville. No admission will be charged. Refreshments will be sold.

P. & S. store in North Fourth street, a few doors from Fourth and Market streets, is the Busy Bee Restaurant, near the busiest shopping center and within two squares of the Pennsy depot, where you can find a quick lunch or a full meal at any hour of the day or night.

YOUR NEW HOME

Young folks who start housekeeping in June should be sure to start right by eliminating all unnecessary drudgery. The modern method of "doing" the family wash is the Troy laundry way. The young wife does not get exhausted and nervous and set the house topsy-turvy. Begin right by sending for the Troy laundry wagon. Either Sunday or Monday. H. A. RIDDLE, J. H. TONGE, G. F. A.

STEELTON'S QUOTE SANITARY

Wigfield's Campaign Has Good Results; Foreign Quarter Cleaned Up

Greatly improved sanitary conditions in the foreign colony at the lower end of Steelton have resulted from the recent campaign of education carried on by Burgess Fred Wigfield. According to health authorities, the amount of sickness has been greatly reduced and, while the death rate has not yet been computed, reliable authorities say that it will be much lower this year than formerly. This also is attributed to the improved sanitary conditions. Recently Burgess Wigfield issued a circular setting forth many of the details that should be observed in a well-ordered community and had a large number circulated throughout the foreign district. To be told how they might live better and have a chance to most of the foreigners, who were accustomed to being told merely what they must do. Some of the things that the circular explained that were done were: To keep all chickens in the back yards, not the house; to throw wash water into sewers instead of the street; to keep near the house all receptacles and to keep all garbage in covered receptacles. The foreigners were able to understand the suggestions, as they were printed in three different languages. A general clean-up followed. A prominent resident of the district said this morning that the place was never as well kept and sanitary as it is now, but that there still was a chance for improvement. He suggested that the burgess order the police to make weekly inspections of every yard and conditions are not as they should be to arrest two or three offenders.

Farewell Reception For Rotarians on Way to Texas Convention

Mr. and Mrs. John S. Musser, of Wrighton Heights, Mr. and Mrs. Howard C. Fry, of Paxing, and Mr. and Mrs. Harry Bruaw, of Harrisburg, left this afternoon for Houston, Texas, where they will attend the international convention of Rotary clubs, the men representing the Harrisburg Rotary Club. Mr. Musser is the retiring president of the local organization and Mr. Fry has been re-elected secretary. They go to New York and will be back to New Orleans. They will return about July 4, by rail. The Rotarians were met at the Pennsylvania depot by a large delegation of Rotarians who gave them a very hot concert and bade them farewell and goodspeed. A number of other Rotary club members will attend the convention, going by rail at a later date.

WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

Richmond, Pa. — "When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache. "After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound." — Mrs. FRANK CLARK, 3146 N. Tulip St., Richmond, Pa.

Water Supply's Big Work

The State Water Supply Commission yesterday acted on applications for construction of bridges and dams, twenty-nine of the applications being approved. Mercer county got fifteen applications approved. The list were two for Lancaster county. The cities of Reading and Altoona received permission to construct water supply railroads to build a bridge near Newville. The commission will be asked by the Central Iron and Steel Company to approve plans for a fill along the river near its works in South Harrisburg and the Spring Springs asked approval for a bridge in that borough.
