Pastor of Coxestown Methodist Church Resigns His Charge and Leaves

The Rev. A. I. Colлом, pastor for more than three years of the Coxestown Methodist Church, left Harrisburg yesterday for Bryn Mawr to visit for a while with his daughter, Mrs. T. Dallet Fleck, before taking another charge.

The Rev. Mr. Colлом has been in the ministry for forty years and has held some large and influential pastorates in this time. A man of fine intellect and wide experience, his sermons and his personal life together brought many into the church and won him a large circle of friends.

When his two years' pastorate at Coxestown ended he was unanimously asked to return for another year. Mrs. Colлом, an active and energetic church worker, beloved by all the congregation, died early in January and later there was some disagreement about the use of the parsonage, so the Rev. Mr. Colлом sent in his resignation.

During his stay the church has been enlarged and improved, the debt of \$2,000 incurred being raised in a day. The Sunday school has gained wonderfully and all the church activities are doubled and growing.

Mrs. George T. Smith, of Pittsburgh, who is visiting her parents, Mr. and Mrs. Elias T. Fry, at 212 Crescent street, will entertain in a delightful manner this evening in honor of her house guest, Miss Marie Crawford, of Pittsburgh. Miss Crawford is a singer of note and a leading soprano of Christ Methodist Church, Pittsburgh.

Refreshments will follow an evening of social pleasures. The table centerpiece will be a basket of red roses and there will be quaint favors for the guests.

Invited to meet Miss Crawford are Miss Lydia Major, Miss Marguerite Wildman, Miss Emma Graupner, Miss Helen Shaver, Miss Dorothy Spicer, R. E. L. Wildman, Theodore Boyd, Jerome Hamilton, Clarence Fry, Howard Fraim, Frank McCaughey, of Ohio, and Ralph Steever.

West End Band Will Play at Strawberry Festival

A special attraction of the strawberry festival held this afternoon and evening on the lawn at Third and Woodbine streets, for the benefit of the West End home, will be a concert by the West End band. The favorable weather sent a large gathering to the festival this afternoon and still more are expected this evening. Everyone is interested in this well-known and deserving charity.

UNIQUE QUESTION PUT UP TO BOARD

Pennsylvania Utilities Company Makes Application For an Order in Territory

The Pennsylvania Utilities Company asked the Public Service Commission late yesterday to issue an order restraining the Lehigh Navigation Company from entering territory in Northampton, Pike, Monroe and other counties in which the Pennsylvania Utilities Company now have their facilities in operation. They made this request on the ground that where a public service company, like an electric power company, is occupying certain territory and furnishing service in that territory, that another public service company, although incorporated and vested with its charter rights prior to the date when the Public Service Company law became effective, could not enter into competition with the existing company in the territory without the consent of the commission. In a word, the contention was that before any existing public service company can begin the exercise of any of its rights, powers, franchises or privileges it must first obtain the consent of the Commission by Certificate of Public Convenience.

The determination of the question which was raised depends on the correct construction of certain sections of Article III and of Article V of the statute and is one of far-reaching significance. In view of the great importance of the question the commission reserved its decision as to the extent of its powers and duties in the matter, and will probably reach a conclusion during the present week.

Ex-Attorney General W. U. Hensel, of Lancaster, appeared for the Lehigh Navigation Company, and Senator E. E. Beidleman and John R. Geyer, of Harrisburg, for the Pennsylvania Utilities Company.

The commission dismissed the complaint of Thomas C. Baldrige against the McKeesport and Duquesne Bridge Company, in which excessive tolls were alleged. The commission found that since the bridge was erected, 23 years ago, it earned less than 3 per cent. per annum and has never paid a dividend to its stockholders, and that the tolls charged, as to all vehicles except automobiles, are less than those permitted by statute and an order of the court of quarter sessions.
