Superhuman Efforts Mark Rescue of Many Women and Children

Hugh Town, Scilly Islands, June 24.—The saving of the passengers of the wrecked Belgian steamer Gothland, was accomplished by almost superhuman efforts on the part of the steamship's crew and the life saving crews.

Members of the life saving crew from St. Mary's told to day how one of the Gothland's cabin boys, crammed with women and children, broke away from the davits and fell thirty feet into the sea. The bottom of the boat was smashed and all were thrown into the water. The women and children struggled helplessly in the waves.

Several of the life saving crew also jumped into the water and handed the children to their companions in the rescue boat until all had been saved. There was a heavy sea running and all salvage work was perilous, but eventually all were got safely ashore.

TRADERS PRESSED THEIR ADVANTAGE

Pending Freight Rate Decision Gives Rise to Fears Concerning Outcome of Question; Bonds Heavy

New York, June 24.—Trades pressed their advantage in the morning and the weakness of certain railway issues within the scope of the pending freight rate decision gave rise to fears concerning the outcome of that question. New York Central lost over two points, with declines of 1 to 1 1/2 in Baltimore and Ohio, Reading, Lehigh Valley and Chesapeake and Ohio. Western shares were not immune. Great Northern, Northern Pacific and Union Pacific also losing a point, but steel held comparatively steady. American Telephone reached two in sympathy with Western Union, and East Iron Pipe, Pfd., fell four on passing of the dividend.
