PARIS MINISTER DIES

Montreux, Switzerland, June 24.—The Rev. Henry Meany, of the American Trinity Church of Paris, died here yesterday.

OLD AT TWENTY

Return of Youth With Proper Food

Many persons who eat plenty never seem to be properly nourished. That's because the food is not digested and absorbed. Much that is eaten is never taken up by the system as real food, and so the tissues simply starve and the individual may, as in a recent case, look and feel old in what should be the bloom of life, youth.

"At twenty I was prematurely old. The health and vigor and brightness of youth had been, as it seemed, stolen from me. I went to work in the morning with slow steps and a dull head. My work through the day was unsatisfactory for my breakfast lay in my stomach like a hard lump. I was peevish and the gas in my stomach was very annoying. After supper I usually went to bed to toss half the night from sheer nervousness.

"This was all from indigestion—caused by wrong eating.

"Finally I tried Grape-Nuts and I cannot describe the full benefits received from the food. It gave me back my health. It has completely restored good digestion and my ailments have disappeared. I steadily improved and am now strong and in perfect health."

ARGUMENT IN CAMP HILL WATER CASE

Judge Seibert, in Special Sitting at Carlisle, Hears Both Sides of Controversy

Special to The Telegraph
Carlisle, Pa., June 24.—Yesterday Judge W. N. Seibert, of the Perry county courts, in special sitting here, heard arguments of counsel in the case of George C. Gochmaner and other citizens of Camp Hill against the River-ton Consolidated Water Company. This case involved the enforcement of a contract between the borough of Camp Hill and the water company made when its system was installed in 1897. An ordinance passed by the borough provided that the rates for water should not exceed those of the city of Harrisburg. This contract, it is claimed, was observed by the company until July 1, 1913, when new rates, largely increasing the old ones, were put into effect.

The water company claimed that it was required by the State Health Department to furnish a new supply of water at a very large expense and that it would be inequitable to require them to furnish water at the old rate. The legal points raised by the consumers in the argument were that the contract between the parties was an executed one and that the company, being bound to furnish water, it did not matter to what expense it was put. The water company contended that the contract was not enforceable in equity on the ground of its indefiniteness of the time limit, there being no fixed time when the contract should expire.

Counsel for the plaintiff contended that these cases are in violation of the Constitution of the United States because the Legislature of the State is prohibited by the Constitution of the United States from passing legislation which would impair the contract.

HEADACHE AND DIZZINESS

Headache is never a disease. It is always a symptom. Applications, powders and tablets that drug the headache into quietude are treating the symptoms, not the disease, always a useless proceeding and often harmful.

When headache is associated with some dizziness it is usually the result of nervous exhaustion and will continue as long as the person who is overworked allows the debility to continue. It rapidly disappears when rest and the proper tonic is taken.

Nervous exhaustion, the cause of such headaches and dizziness, results from a strain on the nerves with which the rebuilding work of the blood is unable to keep pace. The best tonic for such a condition is Dr. Williams' Pink Pills. These pills build up the blood and strengthen the nerves. With this treatment, unless the overwork, worry, or whatever has caused the nervous breakdown, is persisted in, the headaches, dizziness, nervousness and irritability that characterize neurasthenia rapidly disappear.

The Dr. Williams Medicine Company, Schenectady, N. Y., will send free on request a helpful little book on the home treatment of nervous disorders. Dr. Williams' Pink Pills are obtainable at any drug store.—Advertisement.

ITCHING BURNING IRRITATING ECZEMA

On Body, Then Face and Head. Clothing Irritated Eruption. Thought Child Would Be Bald. Cuticura Soap and Ointment Cured.

129 Chester St., Brooklyn, N. Y.—"My child was troubled with eczema. It began on his body, covering it with red spots and later went on his face and also on his head. The spots were red and in the center of each spot it was rough. The itching and burning were so bad that he scratched and irritated the eruption and also his clothing irritated it. When he would get up in the morning his body would be a mass of blood. They called it weeping eczema. On the top and half way down the back of his head there was not a hair to be seen. I thought he would be bald for the rest of his life.

"I obtained several remedies prescribed but without success. Having lasted for about two months I was about to give up hope for his recovery when I sent for a sample of Cuticura Soap and Ointment. Applying the same I saw a great relief. I purchased one cake of Cuticura Soap and one box of Cuticura Ointment and continued using them for three weeks and the child was entirely cured." (Signed) Mrs. M. Singer, Oct. 8, 1913.

Cuticura Soap (25c.) and Cuticura Ointment (50c.) are sold by druggists and dealers everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address postcard "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.
