IN SUCH PAIN WOMAN CRIED

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So. Dakota.—"I used to be very sick every month with bearing down pains and backache, and had headache a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work as the time. BETTER AN EYE OUT

Among those things which all women should know of, and many of them is a splendid external application sold in most drug stores under the name of "Mother's Friend." It is a penetrating liquid and many a mother tells how it so wonderfully aided them through the period of expectancy. Its chief purpose is to render the tendons, ligaments and muscles so pliant that nature's ex-pansion may be accomplished without the intense strain so often characteristic of the period of expectancy. "Mother's Friend" may therefore be compared to motherhood for more than half a century it must be a remedy that women have learned the great value of. Ask at any drug store for "Mother's Friend," a penetrating, external liquid of great help and value. And write to Bradfield Regulator Co., 402 Lamar Bldg., Atlanta, Ga., for their book of useful and timely information.

CERTAINTIES

Yes, you can put \$100 in bank instead of buying automobile insurance, but then you would be your own insurance company, and if you should happen to injure someone, or your automobile should burn, you would simply have your \$100, and obliged, as many have before you, to pay damages for several thousand dollars. Better pay us a reasonable premium, and let us take care of your trouble. Actna-Essick.
