## HUERTA PLANNING TO LEAVE CAPITAL

### [Continued From First Page]

Torreon, June 30.—Railroad men brought the information to-day that General Medina Barron, commander of the federal garrison, defeated last Tuesday at Zacatecas, had reached Aguascalientes with only fourteen men. General Barron is wounded in the thigh, they said.

The body of General Olea, another federal commander, has been found along the Zacatecas battlefield, according to reports to General Villa. A son of General Barron, a major, also was killed and his body found and identified.

The only group of federals which left Zacatecas in any order was one of about 200 men, it has been learned.

Mexico City, June 30.—News reached Mexico City to-day that Emiliano Zapata, the southern revolutionary leader, had published a decree rejecting any allegiance to Venustiano Carranza and saying that the constitutionalist chief had refused to accept the "plan of Ayala," the original agrarian proclamation of the southern leader.

Zapata is said to have declared that he intends to extend his operations along the western coast of Mexico as far as Sonora and that he will fight Carranza "forever."

The information was brought to Mexico City by persons who arrived from towns under the control of the followers of Zapata in the State of Morelos.

Mexico City, June 30.—There was notable activity in all government circles yesterday. President Huerta held a long conference at the foreign office with the Minister of the Interior, the Minister of Finance and the Acting Foreign Minister, Roberto Esteve Ruiz. Several of the foreign ministers called yesterday afternoon on General Blanquet, the War Minister. It is understood the question of protection for foreign residents was discussed.

## IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

### Use it like a cold cream and dry right up.

The moment you apply bold-sulphur to an itching or broken-out skin, the itching stops and healing begins, says a renowned dermatologist. This remarkable sulphur made into a thick cream effects such prompt relief, even in aggravated Eczema, that it is a never-ending source of amazement to physicians.

For many years bold-sulphur has occupied a secure position in the treatment of cutaneous eruptions by reason of its cooling, parasite-destroying properties, and nothing has ever been found to take its place in relieving irritable and inflammatory affections of the skin. While not always establishing a permanent cure, yet, in every instance, it immediately subdues the itching irritation and heals the Eczema right up and it is often years later before another eruption again manifests itself.

Any good pharmacist will supply an ounce of bold-sulphur cream, which should be applied to the affected parts like the ordinary cold cream. It isn't unpleasant and the prompt relief afforded is very welcome, particularly when the Eczema is accompanied with torturous itching. This is published for Walter Luther Dodge Co., Cincinnati, Ohio.

## Women Attack High Cost of Living With Picks

*By Associated Press*  
Madrid, June 30.—A mob composed for the most part of working women, exasperated by the announcement of an increase of 20 per cent. in the price of bread, sacked 400 bakeries and set fire to one yesterday. The women broke in the doors and windows of the bakeries with picks and twenty of them were cut by broken glass.

## AUTHORITIES AT WORK TO CHECK BUBONIC PLAGUE

*By Associated Press*  
New Orleans, La., June 30.—State and city health authorities were astir here to-day preparatory to the inauguration of the first wholesale campaign in the history of the South for the extermination of rats in order to prevent the spread of bubonic plague. Two cases of the disease recently have been discovered in the industrial home of the Volunteers of America in New Orleans. One man died, another is ill and twenty-eight inmates of the place have been isolated.

## SOME KNOWN FACTS ABOUT RHEUMATISM

There are many things that are still unknown about rheumatism. The treatment of it is still far from satisfactory. Doctors realize this, but nobody is more fully aware of it than the sufferers themselves.

A tendency to rheumatism once established, the pain often returns with every change of weather, showing that the poison is still in the blood awaiting favorable conditions to become active and cause trouble.

One fact is known and acknowledged by all medical writers and that is the rapid thinning of the blood when the rheumatic poison invades it. Building up the blood is the best remedy for rheumatism, as the enriched blood is able to overcome or throw off the poisons of the disease. For this reason rheumatic sufferers should be interested in the success which Dr. Williams' Pink Pills have had in the treatment of this painful disease.

A book, "Building Up the Blood," will be sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y. It contains directions regarding diet, baths and hygiene for rheumatic patients.

Dr. Williams' Pink Pills are sold by all druggists everywhere.—Advertisement.

## A SIMPLE WAY TO REMOVE UNSIGHTLY HAIR

Growths Instantly Vanish, If El Rado Is Used—Absolutely Harmless.

It is no longer necessary for women afflicted with unsightly hair growths to everlastingly suffer humiliation. These growths can be removed instantly, positively without the slightest harm, and, without effort, ever after, the unsightly hair can be kept from being noticeable.

While medical science knows of no chemical agent which will permanently remove hair without serious injury, it is an established scientific fact that El Rado will remove hair for a very long time, and in an absolutely harmless, simple, thorough manner. When the hair finally reappears it is finer in texture, and can be instantly removed again for a still longer period than at first.

In this city El Rado is sold and recommended by: Golden Seal Drug Store, E. Z. Gross, Kennedy's Drug Store, Keller's Drug Store, George A. Gorgas.
