Whether the firecrackers sold by two dealers arrested yesterday and held for court by Alderman Murray contain the explosive picric acid or picrates will be determined by a jury as neither prosecutor nor defendant could decide this point. Both of the dealers, Ralph Crimmer, State and Linn street, and John Kichman, Walnut street, near Nineteenth, gave bail.

In order to protect the city from the possibility of purchases of firecrackers being made, the shops of the two dealers outside the city limits, Chief of Police Joseph B. Hutchison appeared in the case merely in the capacity of a private citizen. The dealers were held under act of assembly of 1911 which prohibits the sale of firecrackers and fireworks containing the explosives mentioned above.

## FACE UNSIGHTLY WITH SKIN TROUBLE

### Terrible Itching and Burning. Disfigurement Spread to Arms and Shoulders. Could Not Rest Or Sleep Night or Day. Cuticura Soap and Ointment Healed.

1031 Penn St., Reading, Pa.—"My trouble began with a red and swollen appearance of the face and neck accompanied with a terrible itching and burning which was especially distressing during the night. Upon the skin being rubbed or scratched blisters filled with pus appeared. The disfigurement spread to my arms and shoulders. The pain caused by contact of my clothing was intense especially on my arms. My face became so unsightly that I was compelled to remain indoors all the time. I could not rest in the day time nor sleep at night."

"After four months' unsuccessful treatment with remedies, I read of a similar case being healed by Cuticura Soap and Ointment and I secured a sample at once and experienced the first relief since I had been affected. In six months I was entirely healed by six cakes of Cuticura Soap and three boxes of Cuticura Ointment." (Signed) Miss Nellie Martin, May 7, 1914.

### Some Time Will Elapse Before Rebel Leader Can Obtain Vote Mediators' Plan

Washington, July 3.—The American delegates to the Niagara mediation conference—Justice Lamar and Frederick W. Lehman, visited the capital to-day and conferred with President Wilson and Secretary Bryan. While the Niagara conference is in recess awaiting Carranza's canvass of his generals under the plan of Gaudalupe, as to sending delegates to treat with Huerta's emissaries, the American delegates will remain in Washington and also return here shortly and keep in touch with the situation awaiting the next move.

Some time would elapse, representatives of Carranza said, before the revolutionary leader would be able to obtain a vote of his military chiefs on the proposed conference.

With next moves in mediation depending on that decision, administration officials continued exerting their influence to bring about a meeting between envoys of the fighting factions. Frimed with instructions on the American government's attitude toward all phases of the problem, John R. Silliman planned to leave here to-day for Carranza's provisional capital. He was to be settling the breach between Villa and Carranza.

## Attempt to Wreck Home of Westinghouse Head Fails; One Man Is Shot

By Associated Press

Pittsburgh, July 3.—Westinghouse strikers to-day were voting on whether they would accept the proposition of the companies and return to work. Balloting began at Turtle Creek at 7 o'clock and continued almost without interruption, each striker being provided with a printed ballot.

Details of what is believed to have been an attempt to destroy the residence of E. M. Herr, president of the Westinghouse Electric and Manufacturing Company, were made public to-day when it became known that Robert Miller, a steam heating contractor, was in a Wilkes-Barre hospital, with a bullet hole in his hand. According to the story Miller saw a man creeping along the hedge at the Herr residence in Edgewood Tuesday night, and started to investigate. He fired three shots were fired at him. One bullet going through his hand. Four pounds of dynamite with a twenty-foot fuse attached were found on the property. Two cops of the State Constabulary, county detectives and the police were to-day hunting for the man who shot Miller.

## Jersey Is Returning to Republican Ranks

Special to The Telegraph

Trenton, N. J., July 3.—New Jersey, like practically every other Eastern State, is swinging back to its old berth in the Republican party. Every political straw since the 1912 election indicates the trend of political feeling in favor of the Republicans, and the farther that 1912 election recedes in the distance the more pronounced are the indications of a Republican revival.

The new movement is simplicity itself. The so-called Progressives are returning to their old love, the Republican party.

New Jersey Republicans were pronouncedly for Roosevelt in 1912 at the Republican primaries. Every delegate to the national convention at Chicago was elected for Roosevelt. In the election that followed the vote for Roosevelt was about 145,000, as against about 85,000 for Taft. This was the high water mark of the Progressive vote.

Indeed, in that same year, the vote for the Republican Assembly candidates exceeded the votes for the Progressive Assembly candidates by about 40,000, showing that the votes cast for Roosevelt were personal in character, and indicated no intention on the part of the voters to leave the Republican party.

Last year Stokes, the Republican candidate for governor, received about 144,000 votes, as against about 40,000 votes for Colby, the Progressive candidate.

## Paxtang Will Become Borough Independence Day

### Paxtang, Dauphin county's baby borough will celebrate a double event to-morrow.

To-morrow, it, along with some millions of real Americans over the land, will observe the birth of a new day in the hundred and thirty-ninth year of the nation's birth. This, however, isn't of such vast importance as the other celebration. Paxtang citizens for years have been celebrating the nation's birthday. But to-morrow—

To-morrow will be the first day of Paxtang's existence as a borough!

That was made possible to-day by Additional Judge S. J. McCarroll's decree of incorporation of Paxtang as a borough. The papers were presented by Attorney Frank Snodgrass and signed for the first time in years Judge McCarroll signed his name "Samuel J. W."

## DIVORCED PAIR WED

## It is Just Natural To Admire Babies

### Our altruistic nature impels love for the cooling infant. And at the same time the subject of motherhood is ever before us. To know what to do that will add to the physical comfort of expectant motherhood is a subject that has interested most women of all times. One of the real helpful things is an external medicinal application sold in most drug stores under the name of "Mother's Friend." We have known so many grandmothers, who in their younger days relied upon this remedy, and who recommended it to their own daughters that it certainly must be what its name indicates. They have used it for its direct influence upon the muscles, cords, ligaments and tendons as it aims to afford relief from the strain and pain so often unnecessarily severe during the period of expectancy.

### Every woman should mention "Mother's Friend" when the stork is the subject of conversation. An interesting little book is mailed free upon application to Bradford Regulator Co., 405 Lamar Bldg., Atlanta, Ga. It refers to many things that women like to read about.

### Get or recommend a bottle of "Mother's Friend" to-day and write for the book.
