LAST SUMMER'S CLOTHES
Are doing excellent service among a great many thrifty people who sent them to us for a thorough cleaning to make them look like new.

NOTHING BETTER
Cottler quality tablets in linen finished paper is the biggest value in the city at ten cents.

WHEN GOING BY
Drop in and look over our fine line of groceries. We pay particular attention to particular brands.

COMPTON CLEANS
Clothes clean. This is not only a euphonious phrase coined for a catch phrase, but literally represents the frequent expressions from our many satisfied patrons.

LOOK FOR HERSHEY'S
The all-cream ice cream. The signs are to be seen in front of all places that insist on the best.

IT'S VERY EASY
To get table suggestions at our fruit and vegetable department, or from our large line of staple groceries and fresh meats.

STOP THE WOMEN
From washing at home and you'll find that they will be more companionable and have more time to make pleasant home surroundings.

USED PIANOS AND ORGANS
The more new pianos and player pianos we sell, the more used pianos and organs are taken in exchange.

WHERE SHALL I GO?
To the Victoria, of course! When you are strolling around aimlessly and have no particular place to go.

CHOICE OF HATS, 45c to 95c
Our entire stock of untrimmed shapes is subject to your choice at 45 cents to 95 cents each.

TINTED EYE-GLASSES
The glare of the sun in summer is injurious to eyes sensitive to strong light and prevents the enjoyment of outdoor sports.

THE MEN THINK IT
They do not say all the favorable impressions noted when a well-dressed man approaches. They may not gush over the attractive pattern or comment on the cut of the coat or the fit of the collar.

A LITTLE STREAM
May quench thirst as well as a great river. Our soda fountain is closer to the Square than any other.

HEALTH IS YOUTH
To maintain health is to preserve the vigor of manhood and the cheerfulness of life. The best method of maintaining good health is occasional baths that differ from the ordinary.

CHOICE OF THE FINEST
Furniture, like art, is an interesting study, and the finest construction combined with the beauty of finish appeals to all with artistic temperament.

REBUILT BICYCLES
Thoroughly overhauled and rebuilt bicycles will be sold at real bargain prices. The greatest values for the money in the city.

IS YOUR NAME OF VALUE?
Did you ever see the business or professional man who neglects to have his name or the nature of his business stand out prominently as a guide to those who are seeking him or his merchandise?

WOULD ABOLISH THE TAX ON MORTGAGES
Harrisburg Realty Men Watching Project Now Before Annual Convention at Pittsburgh

men are watching a project to abolish all tax on mortgages and the establishment of a universal mortgage rate at approximately 5 per cent throughout the country by securing the co-operation of the legislatures of all forty-eight States to be launched at the sessions of the seventh annual convention of the National Association of Real Estate Exchanges of America in Pittsburgh.

To effect this reform, the convention will consider plans to secure the co-operation of the Legislatures of the States, and have them act uniformly on the matter. The effect of such a change may be judged from the fact that fully 50 per cent. of all the property in the country is mortgaged.

Count Says Three Men Built Panama Canal
Paris, July 9.—Count Charles De Lesseps, the son of Ferdinand De Lesseps, who began the work of building the Panama canal in 1881, issued the following statement in a Paris morning paper: "I view the approaching inauguration of the Panama canal with a feeling of genuine sorrow, and what I say ought not to wound the Americans who have worked so hard. The French could have finished the work; there were no obstacles which they could not have overcome, and nothing to justify the catastrophe which overwhelmed us."

Count De Lesseps tells of the terrible ordeal through which he passed when he went to the prison and found his father dying, broken and distressed by the thought that the family honor had been tarnished. He was able to tell him that in spite of appearances his honor was saved, though all was lost but that.

REVENUE JOBS ARE ABANDONED
Many Will Be Provided if the Twelfth District Is Reconstituted by Congress

According to rumors which were flying around the Democratic windmill in Market Square and among henchmen of the McCormick machine to-day, the appointments of the faithful to all of the places in the Ninth Internal Revenue District now held by Republicans are being worked out soon. If it is possible to throw out any men now under civil service the State's wire pullers at Washington will do so.

Senator Palmer, the dispenser of Federal patronage in Pennsylvania, Chairman Vance C. McCormick, State Chairman Roland S. Morris and Fritz Kirkendall, skipper of the Ninth, got together yesterday and McCormick is said to have left the known that he considered the Ninth his personal appanage, inasmuch as the bosses expect the old Twelfth district to be reconstituted with Scranton as its headquarters, as it was before Taft put it out of business on the score of economy.

If the Senate agrees to the bill providing for the re-establishment of the district it will mean a new lot of appointments, and Kirkendall may be in charge and a new boss picked for the Ninth. In this event McCormick will have the naming of a number of men.

The Dauphin county appointments are due any day. Several times it has been intimated that the commission will be presented with them, but each time some one put a spoke in the wheel of the machine.

The early campaign plan of the bosses has been received with pleasure. The interlocking directors of Dauphin county, and the glad news will soon be spread over the State and the rest of the watchers who have been waiting wistfully will shortly get their orders to begin "organization" work. Her Moore and President Chairman Jones have been making up lists of good men and true to take charge of the early work.

VALLEY RAILWAYS CO. PLANS BIG CHANGES
[Continued From First Page]
delay and disarrangement of its own and the Harrisburg trolley schedules. The time is fast arriving when more cars, run at more frequent intervals, will be necessary, and it is to meet this condition that the proposed changes are designed.

The Valley company will ask permission to run a single track down Market Square from Strawberry street to Market, thence in Market street a double track to the eastern building line of Front street.

This, the officials say, would do away with the congestion of traffic now existing in Market Square and in South Second street, and would greatly improve street car facilities for 'cross river patrons.

Senator E. E. Heideman and C. H. Berger will appear before the Public Works Commission in behalf of the company, under the new law it being necessary to have the approval of the commission before amendment may be made to a traction company charter.

Property Purchases
There have been many rumors as to the purpose of the Board of Trade purchase, but it is said on reliable authority that the 'cross river trolley interests are back of it and that it will be used for waiting room and office purposes.

Same time ago the Valley company tried to get permission to run its cars out Market to Front and in Front back to Walnut, but this was denied by Councils.

While the subway work proper is being pushed as consistently as possible, the driving of the tunnel for the big concrete sewer that is being built in connection with these improvements south of Mulberry street is going steadily ahead night and day. Most of the work of the night can be heard the subdued puffing of the hoisting engine lifting the tons of dirt and rock from 'way down beneath the earth's surface.

workable" style of weather is being made much of by the contractors on the Paxton creek job and on the river dam. Just how rapidly this work is being done will be shown by the fact that the summer's first estimate, on work done thus far totals \$5,079.72. The warrant for that sum was paid to-day to Contractor Frank S. Skene.

WILSON AND CHICAGO MEETING IN CONFERENCE
President Said to Have Reached Conclusion That Business Is Part of Government

Washington, D. C., July 9.—President Wilson has come to the definite conclusion that American business men are as vital a part of the government as is the Democratic Party. The President expressed his pleasure to discuss public questions and policies with men of affairs.

In a statement following a conference with representatives of the Chicago Association of Commerce on the administration's anti-trust program, the President said: "The President's policy of business legislation was registered by the Chicago delegation. It based its argument on the report of the special law committee appointed some time ago. The finding of this committee was in favor of machinery to enforce the Sherman law and against more extensive legislation on the same subject."

Propositions Submitted
The main propositions submitted to the President by the callers were these: That an interstate trade commerce bill be passed by congress and that no other trust legislation go through at this session of congress.

That the power of the commission be limited to investigation of formal complaints and the right to indiscriminate investigation be withheld. That interlocking directorates shall not be allowed by making laws of the country act to trade combinations.

ONLY SIXTEEN, GIRL VERY SICK
Tells How She Was Made Well by Lydia E. Pinkham's Vegetable Compound.

New Orleans, La.—"I take pleasure in writing these lines to express my gratitude to you. I am only 16 years old and work in a tobacco factory. I have been a very sick girl but I have improved wonderfully since taking Lydia E. Pinkham's Vegetable Compound and am now looking fine and feeling a thousand times better."

Miss Amelia Jaquillard, 2961 Te-houptoulas St., New Orleans, La.
St. Clair, Pa.—"My mother was alarmed because I was troubled with suppression and had pains in my back and side, and severe headaches. I had pimples on my face, my complexion was sallow, my sleep was disturbed, I had nervous spells, was very tired and had no ambition. Lydia E. Pinkham's Vegetable Compound has worked like a charm in my case and has regulated me. I worked in a mill among hundreds of girls and have recommended your medicine to many of them."

Miss Estella Maguire, 110 Thwing St., St. Clair, Pa.
There is nothing that teaches more than experience. Therefore, such letters from girls who have suffered and were restored to health by Lydia E. Pinkham's Vegetable Compound should be a lesson to others. The same remedy is within reach of all.

Says T. R.'s "New" River Has Bridges and Wires
Paris, July 9.—Returning to-day from Rome, A. Henry Savage Landot again branded Colonel Roosevelt as a "faker" for his report of discovery of the "river of doubt" in unknown Brazil.

"Roosevelt's London address," he said, "does not change the situation. Members of the Geographical Society, before whom he spoke, consider him a faker. First he claimed discovery of a river—and then admitted having crossed that river on a bridge spanned by telegraph wires. Next he went on to say that whoever doubted his might go and be received by friends at the spot where he discovered the river."

PIMPLES ITCHED SO ALMOST WENT CRAZY
Suffered for Five Years. Face in Ugly Condition. Could Not Sleep Some Nights. Used Cuticura Soap and Ointment. Cured of Eczema.

84 Crawford St., Pittsburg, Pa.—"For five years I suffered from pimples and blackheads. The pimples came on my face slowly and put it in an ugly condition. Some nights I could not sleep on account of the eczema; the pimples would itch so badly that I almost went crazy. They were red and would have a white spot on top. They would burst and discharge corrupt matter. I made my face look like a red hot iron. I was so miserable because the pimples would itch so much and make me scratch."

"I began using remedies such as blood tonics and ointments but these remedies did not help me at all. A friend of mine recommended Cuticura Soap and Ointment. After a month's treatment of Cuticura Soap and Ointment the pimples began to disappear. I kept up using the Cuticura Soap and Ointment. I used three cakes of Cuticura Soap and two boxes of Cuticura Ointment, and in four months' time I was completely cured of the eczema." (Signed) Morris Singer, July 2, 1913.

APPEARANCE COUNTS
And when backed up by character it's invincible. The man who has good taste in dress is as particular about his clothes for business wear as he is about the clothes for dress occasions.

And we'll show you the Schmidt way of baking. Cleanliness is essential to good baking and in this largest and finest of bakeries cleanliness is the keynote to our success.

There is a lot of satisfaction in saying that your suit is made to order when some gentleman friend asks you where you bought the suit. It indicates that you are particular about your suit and that you are particular when them to conform to your own figure in accord with the latest approved fashions.

This is a daily question in every home, as everyone is interested in receiving a line from someone, somewhere. Business letters are received on an equal basis with the social ones, as they must be opened to determine the contents. The result is you get your story before the people in the homes. IT'S INSURANCE AUTOMOBILE
Don't be fearful, but do be wise. Daily happenings are lessons to the prudent. Now concerning automobile accidents and insurance, here is the partial record for July fifth: Somerset, Pa. shot two dead, seven hurt; Ocean City, collision, three injured; Harrisburg, car stolen, smashed, two hurt; Washington C. H., car ditched, two injured; Aurora, train struck auto, three killed, one hurt. Ask our policy holders. Aetna-Essick.

PAINS AROUND THE HEART
When the action of the stomach is weakened by debility or defective nerve force the food is retained until it ferments. Gas forms and presses on the other organs, particularly the heart, the pains in that region often causing a fear of heart trouble.

Dr. Williams' Pink Pills are a tonic that directly affects the organs of digestion. They supply to the stomach the rich, red blood without which normal digestion is impossible. They awaken into activity the gastric glands and strengthen the muscles of the stomach and give the nerve force necessary to proper digestion and assimilation. With thin blood and weak nerves it is impossible to avoid stomach trouble. Build up the blood and strengthen the nerves and note the increased appetite, the comfortable feeling after eating and the improvement in health and vigor.
