## A Face Powder That Beautifies the Complexion

THERE IS A RIGHT and a wrong way to apply face powder. Some women merely "dab it on" to cover a "shiny nose," or to give a white appearance to the skin.

Others apply a face powder to actually improve the complexion. And they succeed. But these first get the right powder.

Mme. Ise'bell's Exquisite Face Powder will improve any complexion. It softens the skin while beautifying it. It is so pure and wholesome that it will not harm the tender skin of a baby.

Mme. Ise'bell's Exquisite Face Powder comes in three shades—Naturelle, Brunette and White. You can get just the shade you should have and it will blend so perfectly with the natural tone of your complexion that its use is not detected—yet it gives your face that fresh, soft and delicate loveliness that every woman desires.

Special to The Telegraph. Millersburg, Pa., July 11.—During the storm last night lightning struck the large barn on the H. G. Frederick farm tenanted by Newton Shaffer one mile northeast of Millersburg, setting it afire and burning it to the ground.

Together with the season's crop of hay and fourteen loads of wheat which had just been garnered, all of the livestock with the exception of six calves was saved.

The York Cadets, forty-four in number, were encamped on the meadow along the creek running through the Duffy farm and the water rose so rapidly and covered the entire camp ground in a short time. All of the equipment of the corps, tents, cooking utensils, arms, personal clothing and baggage was washed away and much of it lost, including eight guns, a typewriter, trunks, etc.
