"I am an old man—and many of my troubles never happened."—ELBERT HUBBARD

THE white hair and wrinkled faces of our busy men and women tell of doubt, fear and anxiety—more than disease or age. Worry plays havoc with the nervous system—so that digestion is ruined and sleep banished. What oil is to the friction of the delicate parts of an engine—

DR. PIERCE'S Golden Medical Discovery

is to the delicate organs of the body. It's a tonic and body builder—because it stimulates the liver to vigorous action, assists the stomach to assimilate food—thus enriching the blood, and the nerves and heart in turn are fed on pure rich blood. Neurialgia "is the cry of starved nerves for food." For forty years "Golden Medical Discovery" in liquid form has given great satisfaction as a tonic and blood maker.

Now it can be obtained in tablet form—from dealers in medicine or send 50 one-cent stamps for trial box. Write R. V. Pierce, Buffalo.

DR. PIERCE'S PLEASANT PELLETS Relieve constipation, regulate the liver, and bowels. Easy to take as candy.

She had been actively interested in the work of the Ridge Avenue Methodist Church of this city, of which she is a member, and for twenty years has been connected with the Senesman dry goods store.

After a wedding journey Mr. and Mrs. Kreider will reside in their newly furnished house on Altoona avenue, Enola, where they will be "at Home" to their friends after August 1. Mr. Kreider is connected with the Pennsylvania Railroad company at Enola.

What Thin Folks Should Do to Gain Weight

Physician's Advice For Thin, Underdeveloped Men and Women

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs, who have tried advertised flesh-makers, food-fads, physical culture stunts and rub-on creams, and still are unable to gain weight. Thinness and think nothing will make them fat. Yet their case is not hopeless. A recently discovered regenerative force makes fat grow after years of thinness, and is also unequalled for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable discovery is called Sargol. Six strength-giving, dry producing elements of acknowledged merit have been combined in this peerless preparation, which is endorsed by eminent physicians and used by prominent people everywhere. It is absolute in its results. It is a tonic and a stimulant. A month's systematic use of Sargol should produce flesh and strength by correcting faults of digestion and by supplying highly concentrated fats to the blood. Increased nourishment is obtained from food eaten and the additional fats that thin people need are provided. George A. Gorgas and Sons, 15 East Swan Street, Buffalo, N. Y.
