## WAGE CONTROVERSY UP TO ARBITRATORS

Local Brotherhood Men Interested in Hearings Which Start at Chicago Today

Railroaders in Harrisburg are manifesting unusual interest in the wage controversy at Chicago, which will be taken up by Inter-State Arbitrators today at Chicago.

Unable to reach an agreement with the officials of all railroads west of Chicago, heads of the transportation brotherhoods agreed to accept commissions from the Inter-State Arbitrators.

The arbitrators are William L. Chambers, chairman; Federal Judge Martin A. Knapp and G. W. W. Haney. They were in Harrisburg on Saturday morning to Chicago, where the hearings start to-day.

In this controversy ninety-eight railroads are interested.

The mediators are able to bring about an agreement to arbitrate. I think we can speedily adjust our differences," asserted A. W. Trenholm, chairman of the committee of general managers of the roads. He will represent the railroads in conference with the mediators and the men will have Warren S. Stone, head of the Brotherhood of Railroad Engineers, and W. S. Carter, president of the Brotherhood of Railway Firemen and Engineers.

Acceptance of the assistance of the federal board by the employees was done to show their willingness to prevent a strike, according to their leaders. They asserted they had no intention to bind themselves in an agreement which would affect future efforts to obtain increased wages. One of their officials asserted that action would be taken on the strike vote, unless some development favorable to the employees occurred this week.

### Pretty Girls, Gowns and Fast Tennis Feature Preliminaries in City Championships

Before a big colorful "terrace" gallery that suggested the attendance at the finals rather than the opening matches, some thirty-four fast sets in the preliminaries of the annual city championship tennis tournament were played off Saturday on the Reservoir courts. Pretty gowns and hats and chignons gave the color to the scene.

During the afternoon a subscription list was started among the players with a view to raising a fund to purchase cups and other trophies for the champions and runners-up and it is understood that a fund close to \$50 has already been provided.

## As to Relations

An opinion was given to-day by Dr. Nathan C. Schaff, Superintendent of Public Instruction, to-day that some very interesting solutions to the problem of the school department is advised that the provision of the school code requiring a vote of three-fourths of a school board as a teacher's referees will be a director does not apply to a teacher who is a first cousin or niece of a school director's wife. This is the first time that such a question has been chosen and numerous questions under this clause have arisen. The act specifically enumerates those who must have the three-fourths vote and does not include the referee's relationship by ties of consanguinity only, except in the cases of affinity mentioned.
