

Store News

Work is progressing rapidly on our new electric elevators. Are you sharing in the great bargains offered in the "Claf-lin" and stock clearance sale?

You must see the beautiful underwear, ribbons, laces, embroideries, dress goods, white goods, linens, domestics—every department is contributing—very best showings of the season. See them and you will agree that Bowman hits the mark for seasonable merchandise and snappy bargains.

Just received in our dress goods department this morning, a full line of Roman stripe materials in silk and wool—silk poplins and silk—most fashionable for foundation for the smart tunic skirts and stylish dresses. Do not fail to look them over.

Of course everyone will go to the "movies" at the Colonial Thursday, Friday and Saturday to see a reproduction of Bowman's Store Picnic at Good Hope Mill on Conodoguinet Creek—the playground for Bowman employees. You will see the games and contests of the day—banana and pretzel trees in bloom, and peanut stands where everybody helped themselves—the "cake brigade"—tents and tables full of "eats"—the band, dancing, aquatic sports kept the "movie man" busy. See how they do things at Bowman's.

Sleeveless Gowns Require Hairless Arms

Fashion says sleeveless, low-necked gowns for this season. This means hairless arms and neck. If you do not want to be humiliated, Kennedy's Drug Store says that the safest, best and quickest way to be absolutely free from all traces of superfluous hair is to use the famous medical prescription known as Mrs. Osgood's Wonder for Superfluous Hair.

Rupture

Free Demonstration

If you think there is no truss you can wear with comfort or hold your rupture then see a free demonstration of THE WUNDERTRUSS and have your doubts removed. No pressure in the back or on the bone in front. No leg straps, elastic bands or steel springs. Especially for ruptures, low down and hard to hold, those following operations and naval ruptures, in fleshy women. If interested call at

BRUMBAUGH WILL SWEEP THE STATE

Figures Show the Strength of the Philadelphian in the Recent Primary Fight

Dr. Martin G. Brumbaugh, though one of the four candidates for the Republican nomination for Governor, polled nearly four-fifths of the total Republican vote at the May primaries, and although his campaign was carried on by his personal friend and without an organization back of him, he had only 20,000 fewer votes than were cast for William Howard Taft for President in Pennsylvania in 1912 at a general election when the Republican organization exerted its tremendous power to the limit to get out every vote.

This fact points clearly to the return of voters to the Republican fold. While there were 273,360 votes for Taft in 1912, there were 320,097 for all the candidates for the Republican nomination for Governor last May, of which 253,788 were cast for Dr. Brumbaugh. The three opponents of Dr. Brumbaugh for the nomination received 66,309 votes.

The result of the primaries assures the election of Dr. Brumbaugh in November. He will conduct a vigorous campaign, during which he will enter and speak in every county and meet personally as many of the voters as possible.

Dr. Brumbaugh's vote on the Republican ticket in the whole State at the primary election exceeded by 4,548 the combined votes of William Draper Lewis, the Washington party nominee; Vance C. McCormick, nominated by

the Democrats; Judge Charles N. Brumm, who opposed Dr. Lewis for the Progressive nomination, and City Solicitor Michael J. Ryan, the opponent of McCormick for the Democratic nomination. The vote for the nominees of the other parties was as follows:

Dr. Martin G. Brumbaugh, Republican	253,788
William Draper Lewis, Democrat	30,293
Vance C. McCormick, Democrat	110,562
Allegany—	
Brumbaugh, Republican	47,180
McCormick, Democrat	4,785
Lewis, Washington	2,712
Cambria—	
Brumbaugh, Republican	3,369
McCormick, Democrat	952
Lewis, Washington	505
Chester—	
Brumbaugh, Republican	4,447
McCormick, Democrat	1,606
Lewis, Washington	391
Delaware—	
Brumbaugh, Republican	8,706
McCormick, Democrat	835
Lewis, Washington	400
Lackawanna—	
Brumbaugh, Republican	6,248
McCormick, Democrat	2,979
Lewis, Washington	820
Lancaster—	
Brumbaugh, Republican	6,884
McCormick, Democrat	3,010
Lewis, Washington	88
Philadelphia—	
Brumbaugh, Republican	87,075
McCormick, Democrat	7,452
Lewis, Washington	13,168

In all of these counties, which are among the largest in point of population in Pennsylvania, the vote of Dr. Brumbaugh on the Republican ticket exceeds the combined vote of McCor-

mick and Lewis, his opponents for the governorship. In fact, in the majority of these counties, the vote of McCormick and Lewis is inconsiderable as compared to the Brumbaugh total. Letters are being received daily from the Brumbaugh sentiment is spreading and, that the vote for him in November will be surprisingly heavy.

YOU WILL NEVER REALIZE

The possibilities of a player- piano until you hear the "Angelus" at the J. H. Troup Music House, 15 South Market Square.—Advertisement.

BIDS FOR HAULING RIVER FRONT FILL

[Continued From First Page]

to-day by an official of the park department that concrete steps will be provided at frequent intervals.

To-day the construction of the stringers of the steps along the river will be completed to Maclay street and before proceeding farther the contractors will close up the gaps and complete the work south of that point. To-day a large gang of men was at work on the excavation for stringers and steps in the vicinity of Walnut street. Many of the wooden forms used in work above Calder street were brought down the river and will proceed rapidly in the central part of the city.

There seems to be no doubt that the work will be completed from Iron alley to the Market street bridge this week and then will follow the restoration of the park strip in that section.

It is expected that work on the construction of the steps will begin in the vicinity of Calder street to-day or tomorrow. Meanwhile the steam shovels are at work on the fill in that section of the city.

Planning Commission Sets Precedent For Streets in Suburbs

Wider thoroughfares, no alleys except where absolutely essential, greater space between building and street lines—these are a few of the precedents set down for the development of Harrisburg's future suburban sections by the City Planning Commission in passing upon the proposed Farmlyn and Harris building plots last evening.

Harrisburg's first planning commission real man-sized work last night until a late hour considering the first two plots ever submitted to it in an official capacity.

Farmlyn, the big sixty-acre stretch east of the city beyond the Colonial Country Club and just within the 3-mile limit was one of the plans submitted. It was not approved pending reference to the developers with suggestions that the 50-foot streets be widened to sixty, that alleys be reduced from twenty to not more than ten feet—and then to be laid out only where absolutely necessary for passage of garbage wagons, etc., and that the house line be at least ten feet back from the street line. This latter recommendation it is understood was so well received that the Farmlyn owners agreed to make fifteen feet the basis. One of the largest roads through the lot will be "Prince street" and it, by the way will be an avenue eighty feet wide. It is now seventy feet on the plot.

As for the Rev. W. S. Harris section just south of the Philadelphia and Reading railroad—the planning commission rejected this with suggestions that the streets be widened to at least forty feet, and in most instances fifty

feet. In places the street widths were given at thirty-three and a half feet.

Open Bids For Tennis Clubhouse at Reservoir Within Next 10 Days

Bids for the construction of the new tennis clubhouse and the pavilion field shelter at Reservoir Park will be opened by the Park Superintendent within ten days or two weeks. The advertisement for proposals will likely be made within a day or two. The tennis clubhouse will be erected on the terrace overlooking the two upper tier courts facing Whitehall street. The pavilion intended primarily for the accommodation of picnickers, golfers and others who get caught in sudden showers on the far side of the park, will be located among the trees of Cherry Hill.

HAND CRUSHED BETWEEN CARS

Elmer Sherry, 1717 Logan street, caught his hand between two cars at the Harrisburg pipe and pipe bending works this morning shortly after 9 o'clock. Three fingers on his right hand were crushed. He was treated at the Harrisburg Hospital.

First of 7 Victims in 7 Months Dies of Poison

The first of the seven bichloride of mercury patients that were treated at the Harrisburg Hospital within the past seven months died last evening at the Harrisburg Hospital. This was Mrs. Peter Shelly, aged 24, 1197 Christian street.

On the evening of July 4 Mrs. Shelly became seriously ill with a 7-10-grain tablet. Shortly after the woman became seriously ill and a resident physician was summoned. For more than a week she was under care of a physician and later taken to the Harrisburg Hospital, where her condition gradually grew worse. She died last evening at 11:30 o'clock.

UNCONSCIOUS; CAUSE UNKNOWN

An automobilist early this morning found Arthur Lewis, 515 Dauphin street, unconscious on Third near Peffer streets, and hurried him to the Harrisburg hospital. Physicians could find no evidence of rough handling although Lewis, upon recovering his senses, declared that his watch and a \$5 bill were missing. He vaguely recalled having been stopped by a couple of men, he said, who demanded a match. That's all he said he remembered.
